CUSTOMER NOTICE

RE: SUPPLIER'S LLC CONVERSION AND ASSIGNMENT OF CONTRACT

Dear Customer:

UGI Energy Services, Inc. d/b/a UGI EnergyLink ("Supplier") is your supplier of record for your electricity and/or natural gas account. This letter is to inform you that Supplier is converting its form of organization from a Pennsylvania corporation to a Pennsylvania limited liability company ("*LLC Conversion*"). Once the *LLC Conversion* is complete, the "Inc." in Supplier's name will be replaced with "LLC." Supplier's new name will be **UGI Energy Services, LLC d/b/a UGI EnergyLink**.

As a result of the *LLC Conversion*, Supplier's licenses as a Natural Gas Supplier ("NGS") and Electric Generation Supplier (EGS) will be transferred to UGI Energy Services, LLC d/b/a UGI EnergyLink upon approval from the Pennsylvania Public Utility Commission ("PUC"). Additionally, your contract with us will be assigned to UGI Energy Services, LLC, which will remain your supplier of record for your electric and/or natural gas account. The assignment of contract will be effective upon the completion of the *LLC Conversion*.

The *LLC Conversion* will not result in any change to Supplier's contact information, operations, management, technical personnel, financial strength or terms of service, nor will the *LLC Conversion* involve a transfer of control. UGIES, LLC will maintain the same financial strength and managerial, operational and technical capability that Supplier enjoys currently.

If you have any questions, please contact your customer representative below:
