**Re: Request to modify Pennsylvania PUC License No. A-125103
Originally Issued 9/25/2002; Amended 9/8/2003 and 8/21/2008
To Add Peoples TWP, LLC to Stand Energy's Pennsylvania License
And To Authorize Stand Energy To Serve Governmental Accounts in
Peoples TWP And All Previously Authorized Territories.**

Dear Secretary Chiavetta,

In 2002 Stand Energy Corporation was issued a license to supply gas to commercial and industrial customers in the service territories of Columbia Gas of Pennsylvania and Dominion Peoples. Later amendments in 2003 and 2008 added the additional service territories of Equitable Gas Company and the National Fuel Distribution Company. Enclosed is a copy of the Proof of Publication by Stand Energy in the Pittsburgh Post-Gazette with our initial PUC license application.

Stand Energy now would like to further amend our license to add the Pennsylvania service territory of Peoples TWP, LLC and to obtain permission to serve Governmental accounts in all of the above-named Pennsylvania territories. In compliance with the Commission's requirements, we have received from Peoples TWP, LLC a letter indicating that Stand Energy is not required to provide a security or credit enhancement at this time (which was previously provided to the Commission under letter from Mark Ward dated July 18, 2013) and confirmed by an e-mail from Andrew Wachter, Peoples TWP, LLC's Manager of Rates & Regulatory Affairs. (Copy of e-mail enclosed).

It is Stand Energy's intent to serve only commercial, governmental and industrial customers and Stand Energy will not be marketing to residential customers behind Peoples TWP. Stand will be a supplier to all non-residential retail (commercial) customers, including governmental customers. Stand intends to take title to gas on the upstream pipelines serving Peoples TWP.

Please request the Pennsylvania Public Utilities Commission to make the requested amendment to our license. If further information is needed you may contact me at the above address and phone or by email to jdosker@stand-energy.com.

Yasmin,

It has come to my attention that you had some follow-up questions regarding the application of Stand Energy Corporation to serve customers on the Peoples TWP LLC system. I thought I would reach out to you in order to offer to answer any additional questions you may have and to also explain the letter that we provided Stand Energy. The purpose of our letter was to state that Peoples TWP does not require any form of security in order for Stand Energy to be licensed. We only begin the security process once Stand Energy wants to establish a pool or is close to serving a customer. In particular, this allows us a better idea of the level of security required.

Please let me know if you have any additional questions.
