Dear Mr. Rich:

On behalf of Pitt-Ohio Express, Inc., we are hereby amending the above application to exclude any transportation of property from the facilities of Bethlehem Steel Corporation located in Cambria County to the facilities of Triangle Auto Spring Company located in the city of DuBois, Clearfield County. As amended, the application will now read, in its entirety, as follows:

To transport, as a Class D carrier, property for Triangle Auto Spring Company, from its facilities located in the city of Dubois, Clearfield County, to points in Pennsylvania, and vice versa.

Subject to the following conditions:

1. That no right, power or privilege is granted to transport commodities in bulk, or household goods and office furniture, in use.
2. That no right, power or privilege is granted to transport property from the facilities of Bethlehem Steel Corporation located in Cambria County to the facilities of Triangle Auto Spring Company located in the city of DuBois, Clearfield County.

The due date for protests has expired and no protests were filed. We therefore request that the Commission assign the application to the Technical Review Section for further processing without an oral hearing.

Sincerely yours,

VUONO, LAVELLE & GRAY

Application of Pitt-Ohio Express, Inc.

Dear Mr. Lavelle:

The above referenced application has been assigned for review without an oral hearing. In order to reach a determination on the application, you are being requested to file verified statements in accordance with 52 Pa. Code §3.381(e)(1). You will be required to file:

- A. VERIFIED STATEMENT OF APPLICANT.
- B. VERIFIED STATEMENTS IN SUPPORT OF APPLICATION.

The verified statements should be in paragraph form. Each heading contained in the attached minimum outline should be a separate section or paragraph.

You are being granted an initial thirty (30) days to file verified statements. They will be due on or before June 25, 1987.

If additional time is required, it may be requested by telephone but should be followed in writing with the reasons for the extension stated.

Questions about your application should be directed to Tim Zeigler 717-783-5946.

Very truly yours,

Dear Mr. Ziegler:

Verified statements in support of the above application are now due on June 25, 1987. We have completed the applicant's verified statement. The shipper witness has just advised us that due to the press of other business, he has not yet had an opportunity to develop the information we requested in order to prepare his verified statement. That information will be forthcoming shortly, but we clearly will not be able to meet the current due date.

We therefore request that the Commission extend the due date for filing verified statements for 32 days or until Monday, July 27, 1987. We will file the verified statements in advance of that date if at all possible. Please confirm the extension of time for filing the statements. Thank you for your consideration.

Sincerely yours,

APPLICANT'S VERIFIED STATEMENTS

---

I. STATEMENT OF THE CASE

By application published in the Pennsylvania Bulletin on April 25, 1987, as amended, Pitt-Ohio Express, Inc. (Applicant or Pitt-Ohio) seeks motor common carrier authority as follows:

To transport, as a Class D carrier, property for Triangle Auto Spring Company, from its facilities located in the city of Dubois, Clearfield County, to points in Pennsylvania, and vice versa.

Subject to the following conditions:

1. That no right, power or privilege is granted to transport commodities in bulk, or household goods and office furniture, in use.
2. That no right, power or privilege is granted to transport property from the facilities of Bethlehem Steel Corporation located in Cambria County to the facilities of Triangle Auto Spring Company located in the city of DuBois, Clearfield County.

The application is unopposed. Applicant now submits its verified statements in support of the application and requests that it be granted in its entirety, as amended.

II. VERIFIED STATEMENT OF ROBERT F. HAMMEL  
ON BEHALF OF APPLICANT

1. Legal Name and Domicile of Carrier.

The applicant, Pitt-Ohio Express, Inc., is a Pennsylvania corporation. Its principal place of business is located at 26th and A.V.R.R., Pittsburgh, PA 15222.

2. Identity and Qualifications of Witness.

My name is Robert F. Hammel. I am the Secretary of Pitt-Ohio Express, Inc. My business address is the same as that of the company.

I have held this position with the Applicant since it was incorporated approximately seven years ago. I am actively involved in the day-to-day operations of the Applicant and I am completely familiar with its overall operations, facilities, equipment and authority. I have been authorized to present this statement to the Commission in support of the company's application at Docket No. A. 102471, F. 1, Am-R.

3. Authority Sought.

By this application, as initially filed, Pitt-Ohio sought common carrier authority as follows:

To transport, as a Class D carrier, property except commodities in bulk and household goods and office furniture, in use), for Triangle Auto Spring Company, from its facilities located in the City of DuBois, Clearfield County, to points in Pennsylvania, and vice versa.

The application has been restrictively amended and now reads as follows:

To transport, as a Class D carrier, property for Triangle Auto Spring Company, from its facilities located in the city of DuBois, Clearfield County, to points in Pennsylvania, and vice versa.

Subject to the following conditions:

1. That no right, power or privilege is granted to transport commodities in bulk, or household goods and office furniture, in use.
2. That no right, power or privilege is granted to transport property from the facilities of Bethlehem Steel Corporation located in Cambria County to the facilities of Triangle Auto Spring Company located in the city of DuBois, Clearfield County.

4. General Scope of Current Authorized Operations.

Pitt-Ohio is currently authorized by this Commission to conduct operations in Pennsylvania as a motor common carrier under authority at Docket No. A. 102471 and various amendments thereto. There is attached hereto as Appendix 1 a summary of the permanent operating authority presently held by the Applicant.

At Folder 1, Am-J, Pitt-Ohio was granted temporary authority to operate under the authority of Hammel's Express, Inc. at Docket No. A-88995, F. 2, Am-F pending final action by the Commission on the related transfer application.

Under that temporary authority, the Applicant is able to transport, as here pertinent, property from points in that part of Pennsylvania on and west of U.S. Highway Route 219 (except points in Allegheny County) to points in that part of Pennsylvania on and east of U.S. Highway Route 15, and vice

versa. The shipper's facilities are located approximately one-quarter mile southeast of U.S. Highway 219. Even after the transfer application is approved, Pitt-Ohio will not be able to provide service for the shipper to any point west of U.S. Highway 15, and would only be able to serve points east of U.S. Highway 15 if its authority is interpreted to permit service at all points in DuBois since that city is located on U.S. Highway 219.

In addition, Applicant is authorized by the Interstate Commerce Commission to transport general commodities (except Classes A and B explosives, household goods as defined by the Commission and commodities in bulk), between points in 18 eastern states and the District of Columbia at Docket No. MC-30136 (Sub-No. 2). The authority extends from Massachusetts in the northeast to Wisconsin and Missouri in the west, and as far south as North Carolina. Under this authority Applicant is authorized to provide service between all points in Pennsylvania on an interstate basis.

Applicant does not believe that approval of this application will result in any duplicating authority, except to the possible extent of service to and from points on and east of U.S. Highway 15. In that event, Applicant has no objection to a restriction which would prohibit the severance of any duplicating authority.

Approval of the application will not result in any dual operations since Pitt-Ohio does not hold any contract carrier authority from this Commission.

5. Pertinent Terminal Facilities and Communications Network.

Applicant's main office is located at 26th and A.V.R.R., Pittsburgh, PA. At this location it has in addition to its office a 26 door general freight terminal. There is also a large parking area for vehicles.

This terminal is used as a break-bulk facility for linehaul traffic and as the hub for pickup and delivery operations in western Pennsylvania, northern West Virginia and eastern Ohio. About 55 vehicles are presently assigned to the Pittsburgh terminal which is also the location of the company's central dispatch system.

Applicant's terminals are connected by a direct telephone line. A toll-free telephone number is provided to customers. Pitt-Ohio maintains contact with its 75 drivers by having them check in periodically each day to obtain instructions for new pickup orders, changes in itineraries, and other pertinent information. This pertains both to drivers assigned to pickup and delivery runs in a local area as well as line-haul drivers. Applicant's operations insofar as volume or truckload shipments are concerned is set up on a direct dispatch system in order to facilitate the providing of equipment and service to customers. After delivery of a large shipment drivers are instructed to call the main office for instructions concerning the pickup of other loads in the immediate vicinity if prior arrangements have not already been made.

6. Pertinent Equipment.

There is attached to my statement as Appendix 2 a current list of the equipment operated by Pitt-Ohio which it either owns or leases from Martera, Inc., an equipment leasing company which is owned by other members of my immediate family. The first five pages of Appendix 2 show the equipment owned by the company. The last five pages of Appendix 2 show the equipment which is leased from Martera.

Pitt-Ohio owns 52 tractors, 20 trailers and 44 straight trucks which are 20 feet in length. All of the trailers are closed vans. There are two 25-foot pup trailers (300 series), eight 48-foot vans (400 series), and ten 45-foot vans (600 series).

Pitt-Ohio leases from Martera 2 tractors, 90 closed van trailers all of which are either 42 or 45 feet in length, and 18 straight trucks which are either 20 or 21 feet in length.

7. Applicant's Affiliation With Other Carriers.

Certain shareholders, officers and directors of Applicant have interests in the affairs of Hammel's Express, Inc. (Hammel's).

A. Pitt-Ohio Express, Inc.

I and my two brothers, Charles L. Hammel, III and Kenneth W. Hammel, each own one-third of the stock of Pitt-Ohio. Charles L. Hammel, III is the President of the Applicant and a Director. Kenneth W. Hammel is Vice President of the Applicant and a Director. I am the Secretary-Treasurer and a Director.

No other person has any ownership interest in or is an officer or director of Pitt-Ohio.

B. Hammel's Express, Inc.

I and my two brothers each own 12% of the issued and outstanding stock of Hammel's which is a motor common carrier that holds authority from this Commission at Docket No. A. 88995. Each of us are directors of Hammel's. The remaining stock of Hammel's is owned by other family members who also serve as the officers and directors of Hammel's.

The affiliation between Applicant and Hammel's is therefore based on the fact that I and my two brothers, who are the sole shareholders, officers and directors of the Applicant, also hold minority stock interests in Hammel's and serve on its Board of Directors.

8. Safety Program.

Applicant maintains a complete safety program which is conducted in compliance with the safety regulations of the Pennsylvania Department of Transportation, the Federal Department of Transportation, the Pennsylvania Public Utility Commission and the Interstate Commerce Commission. Under this program all drivers are investigated and thoroughly examined prior to employment. Before a driver is allowed to take charge of the road equipment, he must successfully demonstrate his ability to operate safely such equipment. During the time of his employment he is periodically given safety instructions that require him to meet certain high standards of operation. The program

also includes safety meetings at which films are shown and discussions conducted concerning the safe operation of equipment. Safety awards are given for accident-free driving as an incentive to safe driving.

Pitt-Ohio has implemented a preventive maintenance program which requires the checking and servicing of equipment on a regular basis. At the end of each day each driver turns in an equipment report describing any defects which are repaired during the evening. No truck is dispatched until the defect has been fully corrected. Every outbound trailer is checked by mechanics prior to departure for tires, lights, brakes, etc.

Each vehicle is given a routine service check every 12,000 miles to insure that it is safe to operate and to avoid possible breakdowns while on the road. The company operates its own maintenance facility in Pittsburgh and employs five mechanics.

#### 9. Financial Data.

There is attached to my statement as Appendix 3 the comparative financial statements of Pitt-Ohio for the twelve months ended December 31, 1986 and December 31, 1985. The balance sheet portion of the financial statement shows that the total shareholders' equity increased during this twelve-month period by \$634,072.00. The total current assets exceed total current liabilities by almost \$330,000.00. The company is able to meet all of its obligations as they come due.

The income statement portion of the financial statement shows that the company's revenues increased by \$4,200,000.00 on a year-to-year basis. On a gross revenue of \$13,604,865, the company had a net income after provision for federal and state income taxes of \$642,750.00. It is apparent that the financial condition of the company is steadily increasing at a rapid rate and it had retained earnings at the end of 1986 in excess of \$2,070,000.00. Pitt-Ohio is financially able to provide the proposed additional service for Triangle Auto Spring Company without any difficulty.

10. Type of Service Currently Provided to the Supporting Shipper.

Pitt-Ohio is currently handling traffic for the account of Triangle Auto Spring Company from its facilities in DuBois, to points in Ohio and West Virginia under its interstate operating authority. Service is provided on a call and demand basis.

11. Type of Service to be Offered.

As a motor carrier of general property, Pitt-Ohio offers a full range of services. It handles all sizes of shipments from the smallest LTL to full truckloads although it does specialize in the transportation of less-than-truckload shipments. About 95% of the shipments handled weigh less than 10,000 pounds, and 60% weigh less than 1,000 pounds.

Service is generally available on a five day per week basis during normal business hours. However, a shipper can arrange

for service at other times such as in the evening, weekends and holidays, by contacting the company's central dispatch office in Pittsburgh or the company's local representative in the Cumberland County area.

Less-than-truckload shipments are transported in the usual fashion to the destination. Pitt-Ohio handles both truckload and less-than-truckload shipments of the supporting shipper, regardless of size. Pitt-Ohio will spot equipment at the warehouse facilities used by the shipper in Mechanicsburg and will promptly move the loaded trailers to destination. It is anticipated that shipments will be delivered on either an overnight or second day basis to any point in Pennsylvania.

O R D E R

BY THE COMMISSION:

The above application was filed November 25, 1985, Pitt-Ohio Express, Inc. seeks Commission approval for temporary authority to operate under part of the rights granted to Hammel's Express, Inc., pending disposition of an accompanying transfer application for permanently acquired said rights. The one paragraph at A-00088995, F. 2 shall be fractionalized between both transferee and transferor, and only one paragraph at F. 4 is transferred.

Pitt-Ohio Express, Inc. was granted an ETA and extension thereof to operate transferor's rights by Commission order of December 5, 1985.

The averred reason for the TA request is transferor, Hammel's Express, Inc., is experiencing financial difficulties, therefore wishes to streamline its operation, and still preserve the transportation services of the public.

We find:

1. That transferor wishes to restrict its authority to local hauling in order to streamline its operation.

2. That applicant is presently certificated with experience in the authority sought.

3. The applicant is in compliance with the Commission's insurance and tariff filing regulations.

4. The applicant appears to be financially fit to operate under the rights granted to the transferor.

5. That the application for temporary authority is warranted in order to allow a continuous service to the public; THEREFORE,

IT IS ORDERED: That the above application for temporary authority be and is hereby approved, as follows:

To transport, as a Class D carrier, property from points in that part of Pennsylvania on and west of U.S. Highway Route 219 (except points in Allegheny County) to points in that part of Pennsylvania on and east of U.S. Highway Route 15, and vice versa; with the right to interchange property with Class A, Class B and Class D carriers so authorized.

To transport, as a Class D carrier, property from points in Allegheny County to points in the counties of Lebanon, Berks and Lancaster, and vice versa; with the right to interchange property with Class A, Class B and Class D carriers so authorized.

subject to the following restrictions:

FIRST: That no right, power or privilege is granted to transport household goods and office furniture in use, property in bulk, property which because of size or weight requires the use of special equipment, or commodities in vehicles equipped with mechanical refrigeration.

SECOND: That no right, power or privilege is granted to transport (a) property to or from points in the boroughs of Exeter and West Pittston and the city of Wilkes-Barre, Luzerne County, (b) property to or from the facilities of American Home Foods Division of American Home Products Corporation located in the township of Turbot and the borough of Milton, Northumberland County, (c) such merchandise, as is dealt in by wholesale, retail and chain grocery and food business houses to or from points in York County, and (d) limestone, limestone products or fertilizer from points in York County.

To transport, as a Class D carrier, glassware, from the borough of South Connellsville, Fayette County, to points within one hundred fifty (150) miles of the limits of the said borough, with the right to return damaged, refused or rejected merchandise;

subject to the following conditions:

FIRST: That no right, power or privilege is granted to transport glassware from the borough of South Connellsville, Fayette County, to the borough of Latrobe, Westmoreland County, or to the villages of Schenley and Aladdin, Armstrong County.

SECOND: That no right, power or privilege is granted to transport glassware from the borough of South Connellsville, Fayette County, to points in Pennsylvania east of U.S. Highway Route 219, except to the city of Altoona, Blair County.

IT IS FURTHER ORDERED: That approval of the temporary authority granted herein shall have no bearing on the disposition of the accompanying application for approval of the transfer application for permanent authority.

BY THE COMMISSION,

  
Jerry Rich  
Secretary

The Board of Directors of  
Pitt-Ohio Express, Inc.

We have reviewed the accompanying comparative balance sheet of

PITT-OHIO EXPRESS, INC.

as of December 31, 1986 and 1985, and the related statements of income, retained earnings and changes in financial position for the years then ended, in accordance with standards established by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the management.

A review consists principally of inquiries of company personnel and analytical procedures applied to financial data. It is substantially less in scope than an examination in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

NOTE E - FRANCHISES

The Corporation is writing off the cost of the Interstate Commerce Commission operating rights resulting from the enactment of the Motor Carrier Act of 1980 and the deregulation of motor carriers. This was done over a sixty-month period beginning with July 1, 1980.

NOTE F - LINE OF CREDIT

The Corporation has established a line of credit with Mellon Bank, N.A. consisting of \$200,000 for working capital and a \$1,200,000 equipment line of credit for new and used equipment dated May 30, 1986. Any loans will be subject to certain terms, conditions, security and aggregate balances in accordance with the agreements. As of December 31, 1986 and 1985, \$657,125 and \$306,939 had been borrowed against the equipment line and \$146,600 and \$30,000 against the working capital loan at December 31, 1986 and 1985.

NOTE G - NOTE RECEIVABLE

In March, 1985, the Corporation loaned \$212,000 to CRK Properties to purchase a freight terminal at Oaks, Pennsylvania for \$290,000. The partnership was formed by the shareholders of Pitt-Ohio Express, Inc. The terminal will be leased on a monthly basis to the Corporation starting April 1, 1985. The repayment of the loan will amount to \$3,856.70 per month, including interest at 13% and secured by the real estate.

NOTE H - RETIREMENT PLAN

In January, 1983, the Company adopted a profit sharing plan, effective January 1, 1983, in which the Corporation has the option to contribute to a plan for eligible employees. Profit sharing benefits for the years ended December 31, 1986 and 1985 amounted to \$160,556 and \$99,719, respectively.

NOTE I - LIFE INSURANCE

The Corporation is the beneficiary on policies insuring corporate officers and shareholders amounting to \$1,500,000.

III. VERIFIED STATEMENT OF LARRY HAAG  
ON BEHALF OF TRIANGLE AUTO SPRING COMPANY

1. Legal Name and Domicile of Supporting Shipper.

Triangle Auto Spring Company is located on Maloney Road, DuBois, PA 15801. Its mailing address is P.O. Box 425, DuBois, PA 15801.

2. Identity and Qualifications of Witness.

My name is Larry Haag. I have been employed by Triangle Auto Spring Company for 14 years and have been its Traffic Manager for 10 years. In that position it is my responsibility to route all inbound and outbound shipments, control the company's private fleet, and oversee its warehouse operations. I am familiar with the company's transportation requirements and have been authorized to support the application of Pitt-Ohio Express, Inc. at Docket No. A-00102471, F.1, Am-R for operating authority to serve Triangle Auto Spring Company.

3. General Description of Supporting Shipper.

Triangle Auto Spring is a manufacturer of leaf springs and a distribution center for replacement suspension parts. It has its main office, manufacturing plant and warehouse in DuBois, Clearfield County. The facilities are located one-quarter mile southeast of U.S. Highway 219.

The company normally ships and receives freight between the hours of 7:00 a.m. and 10:30 p.m., Monday through Friday. It has five loading docks plus inside flatbed truck loading and unloading.

There is attached to my statement as Schedule A a copy of our bill of lading which identifies the specific commodities which we ship outbound from our plant and distribution center. The outbound shipments range in weight from minimum shipments to truckloads. Truckload shipments can weigh between 24,000 and 44,000 pounds, depending on the specific commodity. Within Pennsylvania, approximately 10% of the outbound shipments are less than truckload in size. Triangle Auto Spring controls the routing and pays the freight charges on about 95% of all outbound shipments which go to spring repair shops and suspension parts distributors.

The inbound commodities which we receive at DuBois include spring parts, nuts, bolts and castings. All inbound shipments are less than truckload in size, that is, they weigh less than 10,000 pounds each. We control the routing and pay the freight charges on all inbound shipments.

4. Volume and Frequency of Intended Use, and Representative Origins and Destinations.

Triangle Auto Spring receives inbound shipments every week from various suppliers in Pennsylvania. The annual number of inbound shipments is approximately 200. Our suppliers are located throughout the state at such points as Pittsburgh, Chambersburg, Erie, Lancaster, Bridgeville, Philadelphia and Emporium.

We make outbound shipments on a daily basis and the total number of shipments during the course of a year is

approximately 1,500. Those outbound shipments move to points throughout the state of Pennsylvania. There is attached to my statement as Schedule B a representative list of 57 locations of our customers. As shown, shipments are made to points throughout the state.

5. Type of Service Required.

Triangle Auto Spring is supporting Pitt-Ohio Express in order to have available a dependable, over-night, LTL and TL service. We have used the applicant to transport interstate shipments since 1985 and that service has been very good. We know that it operates flatbed, open-top and closed van trailers so that all of our service needs can be covered from an equipment standpoint. We look forward to using the applicant's service within Pennsylvania in order to overcome some of the problems we have experienced with other carriers, mainly, an excessive time in transit.

Like most companies today, Triangle Auto Spring has reduced its inventory of component parts and finished products to a minimum. As a result, inbound shipments must be delivered in a very short period of time so that our production is not interrupted. As for the finished products, we maintain a distribution center at DuBois and it is from that point that we must supply our customers on short notice. They likewise have limited inventories and order our products when their supplies have been reduced, if not totally depleted. Our ability to retain them as customers and compete effectively with other

manufacturers of similar commodities depends on keeping the customer supplied with our products. Therefore, when we ship our products we expect them to be delivered on an overnight basis.

6. Similar Applications Supported.

Triangle Auto Spring has not supported any similar type application within the last two years.

7. Other Pertinent Information.

As I indicated previously, Triangle Auto Spring has used the services of the applicant for several years. Pitt-Ohio has been a very dependable carrier for us during that time. It picks up interstate shipments at our plant on a daily basis. We have inbound LTL shipments coming from the Pittsburgh area on a regular basis and since that is the location of Pitt-Ohio's headquarters, if it were to receive this authority it could handle those shipments inbound to us overnight and coordinate the inbound deliveries with the picking up of the outbound shipments. To the extent possible, we would tender to Pitt-Ohio both interstate and Pennsylvania intrastate shipments in sequence so that deliveries could be made on a multiple stop-off basis. This would greatly facilitate our loading and unloading operations at DuBois, and should result in better service to our customers.

For the reasons set forth in my statement, Triangle Auto Spring Company requests that the Commission grant this application of Pitt-Ohio Express, Inc.
