In re: A-00102471, F. 1, Am-Y - Application of Pitt-Ohio Express, Inc.

Dear Mr. Lavelle:

The above referenced application has been assigned for review without an oral hearing. In order to reach a determination on the application, you are being requested to file verified statements in accordance with 52 Pa. Code §3.381(e)(1). You will be required to file:

- A. VERIFIED STATEMENT OF APPLICATION.
- B. VERIFIED STATEMENTS IN SUPPORT OF APPLICATION.

The verified statements should be in paragraph form. Each heading contained in the attached minimum outline should be a separate section or paragraph.

You are being granted an initial thirty (30) days to file verified statements. They will be due on or before July 1, 1988.

If additional time is required, it may be requested by telephone but should be followed in writing with the reasons for the extension stated.

Questions about your application should be directed to Tim Zeigler (717) 783-5946.

Very truly yours,

By Tim Zeigler

Dear Mr. Ziegler:

This will confirm our telephone conversation on July 1 concerning an extension of time for filing verified statements in the above proceeding from July 1, 1988 to July 29, 1988. As I explained, I have the applicant's completed verified statement and am awaiting the return of the signed statement from the supporting shipper. I expect to receive it within the next several days and will forward it to you as soon as possible.

Sincerely yours,

VUONO, LAVELLE & GRAY

In re: A-00102471, F. 1, Am-Y - Application of Pitt-Ohio Express, Inc.

Dear Mr. Lavelle:

In accordance with your request of July 1, 1988 for an extension of time to file verified statements, we are granting an additional thirty days for filing of statements.

Please be advised that verified statements are now due on August 1, 1988. If said statements are not filed with this office by that date we shall assume that you do not desire to pursue this matter and shall recommend to the Commission that the application be dismissed for lack of prosecution.

If you have any questions, please do not hesitate to contact us.

Very truly yours,

SECRETARYS OFFICE
Public Utility Commission

Dear Mr. Rich:

We enclose for filing with the Commission the signed original and two copies of the verified statements of the applicant and supporting shipper in connection with the above application. We request that the Commission accept the statement for filing even though they may be tendered after the assigned due date. The supporting shipper misplaced the original signed statement in one of its files and was unable to locate it, thinking that it had been returned to us. The statement was just returned to our office today.

Please acknowledge receipt and filing of the enclosed on the duplicate copy of this letter of transmittal and return it to the undersigned in the self-addressed, stamped envelope provided.

Sincerely yours,

VUONO, LAVELLE & GRAY

Before the
PENNSYLVANIA PUBLIC UTILITY COMMISSION

DOCKET NO. A-00102471, F. 1, Am-Y
PITT-OHIO EXPRESS, INC.

APPLICANT'S VERIFIED STATEMENTS

I. STATEMENT OF THE CASE

By application published in the Pennsylvania Bulletin on April 30, 1988, Pitt-Ohio Express, Inc. (Applicant or Pitt-Ohio) seeks motor common carrier authority as follows:

Property (except commodities in bulk and household goods and office furniture in use), for The Glidden Company, from its facilities located in the city of Reading, Berks County, to points in Pennsylvania, and vice versa.

The application is unopposed. Applicant now submits its verified statements in support of the application and requests that it be granted in its entirety.

II. VERIFIED STATEMENT OF ROBERT F. HAMMEL
ON BEHALF OF APPLICANT

1. Legal Name and Domicile of Carrier.

The applicant, Pitt-Ohio Express, Inc., is a Pennsylvania corporation. Its principal place of business is located at 26th and A.V.R.R., Pittsburgh, PA 15222.

2. Identity and Qualifications of Witness.

My name is Robert F. Hammel. I am the Secretary-Treasurer of Pitt-Ohio Express, Inc. My business address is the same as that of the company.

I have held this position with the Applicant since it was incorporated approximately eight years ago. I am actively involved in the day-to-day operations of the Applicant and I am completely familiar with its overall operations, facilities, equipment and authority. I have been authorized to present this statement to the Commission in support of the company's application at Docket No. A. 00102471, F. 1, Am-Y.

3. Authority Sought.

By this application, Pitt-Ohio seeks common carrier authority as follows:

Property (except commodities in bulk and household goods and office furniture in use), for The Glidden Company, from its facilities located in the city of Reading, Berks County, to points in Pennsylvania, and vice versa.

The application has not been amended.

4. General Scope of Current Authorized Operations.

Pitt-Ohio is currently authorized by this Commission to conduct operations in Pennsylvania as a motor common carrier under authority at Docket No. A. 00102471 and various amendments thereto. There is attached hereto as Appendix 1 a summary of the permanent operating authority presently held by the Applicant.

In addition, Applicant is authorized by the Interstate Commerce Commission to transport general commodities (except Classes A and B explosives, household goods as defined by the Commission and commodities in bulk), between points in 18 eastern states and the District of Columbia at Docket No. MC-30136 (Sub-No. 2). The authority extends from Massachusetts in the northeast to Wisconsin and Missouri in the west, and as far south as North Carolina. Under this authority Applicant is authorized to provide service between all points in Pennsylvania on an interstate basis.

Applicant now holds authority at Docket No. A-00102471, F. 1, Am-T to provide all of the requested service "for Glidden Coatings & Resins, Division of SCM Corporation". The sole purpose of this application is to correct the name of the supporting shipper to The Glidden Company. Applicant has no objection to a restriction in any grant of authority which would prohibit the severance of any duplicating authority. It requests that no reduction in the territory be made to compensate for the possible duplicating authority since it will

be more easily understood by the supporting shipper and other interested parties if the authority to serve the supporting shipper is self-contained in a single grant.

Approval of the application will not result in any dual operations since Pitt-Ohio does not hold any contract carrier authority from the Commission.

5. Pertinent Terminal Facilities and Communications Network.

Applicant's main office is located at 26th and A.V.R.R., Pittsburgh, PA. At this location it has in addition to its office a 26 door general freight terminal. There is also a large parking area for vehicles.

This terminal is used as a break-bulk facility for linehaul traffic and as the hub for pickup and delivery operations in western Pennsylvania, northern West Virginia and eastern Ohio. About 55 vehicles are presently assigned to the Pittsburgh terminal which is also the location of the company's central dispatch system.

Within Pennsylvania, Pitt-Ohio also has terminals in Harrisburg, Oaks (Philadelphia) and Allentown. The shipper's facilities in Reading would normally be served by the terminal in Harrisburg, although under certain conditions, it would be served by either the Oaks or Allentown terminals. The Harrisburg terminal is a 14-door cross-dock terminal which operates five days a week and has 14 full-time employees including eight drivers.

The Allentown terminal is a 12-door facility which has 14 employees, including nine drivers. It is open for business five

days a week. The Oaks terminal is likewise open for business five days a week and has a staff of 25 employees, including 14 drivers. It is a 24-door cross-dock operation.

Applicant's terminals are connected by a direct telephone line. A toll-free telephone number is provided to customers. Pitt-Ohio maintains contact with its drivers by having them check in periodically each day to obtain instructions for new pickup orders, changes in itineraries, and other pertinent information. This pertains both to drivers assigned to pickup and delivery runs in a local area as well as line-haul drivers. Applicant's operations insofar as volume or truckload shipments are concerned is set up on a direct dispatch system in order to facilitate the providing of equipment and service to customers. After delivery of a large shipment drivers are instructed to call the main office for instructions concerning the pickup of other loads in the immediate vicinity if prior arrangements have not already been made.

6. Pertinent Equipment.

There is attached to my statement as Appendix 2 a current list of the equipment operated by Pitt-Ohio which it leases from an affiliated company, Freight Equipment Leasing, Inc. The equipment consists of 52 tractors, 20 trailers and 44 straight trucks which are 20 feet in length. All of the trailers are closed vans. There are two 25-foot pup trailers (300 series), eight 48-foot vans (400 series), and ten 45-foot vans (600 series).

Pitt-Ohio also leases equipment from Martera, Inc., an equipment leasing company which is owned by other members of my immediate family. The equipment leased from Martera is set forth on Appendix 3 and consists of 2 tractors, 90 closed van trailers all of which are either 42 or 45 feet in length, and 18 straight trucks which are either 20 or 21 feet in length.

Applicant also leases from independent owner-operators approximately 6-8 tractors and flatbed trailers at any one time.

7. Applicant's Affiliation With Other Carriers.

The officers and directors of Applicant also have interests in the affairs of Hammel's Express, Inc. (Hammel's).

A. Pitt-Ohio Express, Inc.

I and my two brothers, Charles L. Hammel, III and Kenneth W. Hammel, each own one-third of the stock of Hammel Enterprises, Inc. Hammel Enterprises, Inc. is the sole shareholder of Pitt-Ohio Express, Inc., the Applicant. Charles L. Hammel, III is the President and a director of both Hammel Enterprises and Pitt-Ohio Express, Inc. Kenneth W. Hammel is a Vice President and director of both companies. I am a Vice President and director of Hammel Enterprises and the Secretary-Treasurer and a director of Pitt-Ohio Express. Robert E. Taylor, who is not a shareholder, is the Secretary-Treasurer and a director of Hammel Enterprises and the Assistant Secretary of Pitt-Ohio Express.

B. Hammel's Express, Inc.

I and my two brothers each own 19.3% of the issued and outstanding stock of Hammel's which is a motor common carrier

that holds authority from this Commission at Docket No. A-00088995. Each of us are directors of Hammel's. Each of us are also Vice Presidents of Hammel's and I am the Secretary. The remaining stock of Hammel's is owned by my father, who also serves as the President-Treasurer and a director of Hammel's.

The affiliation between Applicant and Hammel's is therefore based on the fact that I and my two brothers, are officers and directors of both the Applicant and Hammel's Express, Inc. In addition, we each have a direct minority ownership interest in Hammel's Express and we each have an indirect one-third ownership interest in the Applicant.

8. Safety Program.

Applicant maintains a complete safety program which is conducted in compliance with the safety regulations of the Pennsylvania Department of Transportation, the Federal Department of Transportation, the Pennsylvania Public Utility Commission and the Interstate Commerce Commission. Under this program all drivers are investigated and thoroughly examined prior to employment. Before a driver is allowed to take charge of the road equipment, he must successfully demonstrate his ability to operate safely such equipment. During the time of his employment he is periodically given safety instructions that require him to meet certain high standards of operation. The program also includes safety meetings at which films are shown and discussions conducted concerning the safe operation of equipment. Safety awards are given for accident-free driving as an incentive to safe driving.

Pitt-Ohio has implemented a preventive maintenance program which requires the checking and servicing of equipment on a regular basis. At the end of each day each driver turns in an equipment report describing any defects which are repaired during the evening. No truck is dispatched until the defect has been fully corrected. Every outbound trailer is checked by mechanics prior to departure for tires, lights, brakes, etc.

Each vehicle is given a routine service check every 12,000 miles to insure that it is safe to operate and to avoid possible breakdowns while on the road. The company operates its own maintenance facility in Pittsburgh and employs five mechanics.

9. Financial Data.

There is attached to my statement as Appendix 4 the financial statements of Pitt-Ohio for the twelve months ended December 31, 1987. The balance sheet portion of the financial statement shows that the total shareholders' equity at the end of 1987 was \$1,814,381. The total current assets exceed total current liabilities by almost \$1,342,023. The company is able to meet all of its obligations as they come due.

By comparison with 1986, the company's revenues increased by \$3,245,363.. On a gross revenue of \$16,850,228, the company had a net income after provision for federal and state income taxes of \$572,165. It is apparent that the financial condition of the company is steadily increasing at a rapid rate. Pitt-Ohio

is financially able to provide the proposed additional service for the supporting shipper without any difficulty.

10. Type of Service Currently Provided to the Supporting Shipper.

Pitt-Ohio is currently handling a substantial amount of traffic for the account of The Glidden Company from its facilities in Reading to points in Pennsylvania, and vice versa, as well as to points beyond Pennsylvania. During April and May, 1988, the Harrisburg terminal handled a total of 179 such shipments. The total weight of those shipments was 478,169 pounds and the revenue received was \$17,105.84. Of those shipments, 122 were handled to, and, or from points in Pennsylvania under the present operating authority.

In addition, the Oaks terminal, during the same period of time, transported five shipments for Glidden from its Reading facilities to points in Pennsylvania. The shipments weighed a total of 6,056 pounds and produced revenue of \$257.97.

The type of service now available and which will continue to be available in the future is described in the following section.

11. Type of Service to be Offered.

As a motor carrier of general property, Pitt-Ohio offers a full range of services. It handles all sizes of shipments from the smallest LTL to full truckloads although it does specialize in the transportation of less-than-truckload shipments. About

95% of the shipments handled weigh less than 10,000 pounds, and 40% weigh less than 1,000 pounds.

Service is generally available on a five day per week basis during normal business hours. However, a shipper can arrange for service at other times such as in the evening, weekends and holidays, by contacting the company's central dispatch office in Pittsburgh or the company's local representatives assigned to the Harrisburg, Oaks and Allentown terminals.

Less-than-truckload shipments are transported in the usual fashion to the destination. Pitt-Ohio handles both truckload and less-than-truckload shipments of the supporting shipper, regardless of size. Pitt-Ohio will spot equipment at the facilities used by the supporting shipper as well as other locations in Pennsylvania. Once the trailers have been loaded and Pitt-Ohio notified, it will immediately dispatch a road tractor to pick up the loaded trailer and move it to destination. It is anticipated that shipments will be delivered on either an overnight or second day basis to any point in Pennsylvania.

PITT-OHIO EXPRESS, INC.
OPERATING AUTHORITY
DOCKET NO. A-102471

LEAD CERTIFICATE

To transport, as a Class D carrier, such commodities as are dealt in by retail shoe stores, from the distribution facility of Kinney Service Corp., in the township of Hampden, Cumberland County, to points in the counties of Allegheny, Beaver, Butler, Lawrence, Armstrong, Westmoreland, Fayette and Washington.

FOLDER 1, AM-A

To transport, as a Class D carrier, property, from the facilities of USCO Distribution Services, Inc., located in the borough of McKees Rocks, Allegheny County, to points in Pennsylvania, and vice versa;

subject to the following conditions:

II. VERIFIED STATEMENT OF WILLIAM R. LESHER
ON BEHALF OF THE GLIDDEN COMPANY

1. Legal Name and Domicile of Supporting Shipper.

The Glidden Company is domiciled at Third and Bern Streets, Reading, Berks County, PA 19601.

2. Identity and Qualifications of Witness.

My name is William R. Lesher. I have been employed by The Glidden Company and its predecessors for approximately 28 years and I have held my present position of Transportation Manager for about six years. My business address is Third and Bern Streets, Reading, PA 19601.

I am responsible for arranging for the inbound and outbound transportation for Glidden. I am familiar with its transportation requirements and I have been authorized to support the application of Pitt-Ohio Express, Inc. at Docket No. A-00102471, F. 1, Am-Y.

3. General Description of Supporting Shipper.

The Glidden Company is a manufacturer of protective coatings. It has a production plant in Reading, Berks County, which produces paint and related types of products. The plant has nine motor carrier shipping doors and usually ships and receives freight Monday through Friday between the hours of 7:00 a.m. and 11:00 p.m.

The outbound products consist, as I indicated, of paint and related products. Approximately 40% of all outbound shipments

weigh less than 10,000 pounds. The less-than-truckload shipments range in weight from 500 pounds to 10,000 pounds. The average truckload shipment weighs about 20,000 pounds.

The inbound commodities which we receive at Reading cover a wide variety of items and include the raw materials used to produce paint and other types of protective coatings, all types of machinery and parts used in the manufacturing process, and a variety of other items that are essential to the operation of a production plant and office such as containers, office supplies, stationary, janitorial supplies, etc. About 90% of the inbound shipments weigh in excess of 20,000 pounds and can range up to 40,000 pounds. The less-than-truckload shipments would range in weight from approximately five pounds to 10,000 pounds.

Glidden controls the routing and pays the freight charges on all of the inbound traffic and on approximately 98% of the outbound traffic.

4. Volume and Frequency of Intended Use, and Representative Origins and Destinations.

Inbound shipments originate throughout the state of Pennsylvania at most of the major cities and many smaller towns. We deal with a variety of suppliers, many of which have repeat business. However, the company is always alert to the fact that a new supplier may be able to supply a better quality product or better meet our needs in some other manner and so the origin of inbound shipments can vary from time to time. There is also backhaul traffic from customers and branch locations.

Our outbound shipments are made to dealers and company branch facilities on a regular basis. I am listing below representative destination points in Pennsylvania and we ship to most of them at least once a week. This list is by no means a complete list of all Pennsylvania destinations but is merely intended to indicate to the Commission the fact that we do make shipments to points throughout the state:

Bellefonte	Bloomsburg	Brogueville
Carrolltown	Carlisle	Chambersburg
Christiana	DuBois	Ebensburg
Huntingdon	Lewistown	Lewisburg
Lock Haven	Mechanicsburg	Millersburg
Mifflin	Milton	Muncie
Meyersdale	McClure	Nanty Glo
New Bloomfield	Newport	Philipsburg
Punxsutawney	Roaring Spring	Red Lion
St. Michael	Shrewsbury	

5. Type of Service Required.

Because of the very large number of shipments being shipped in and out of the Reading plant on a daily basis, we try to coordinate our production process and shipping as much as possible. We normally want deliveries made during the morning and early afternoon hours. Outbound shipments are scheduled to be picked up between 4:00 p.m. and 7:00 p.m.

Many of our customers require next day delivery service so we expect the carrier to provide overnight service from our Reading facility to any point in Pennsylvania.

Approximately 75% of the paint shipped from Reading is a water-based material which will freeze when the temperature falls below 32°. To prevent the material from freezing, a motor

carrier must provide equipment which is well insulated if not heated between the months of November and April. Otherwise, the paint will freeze and will be unusable, resulting in numerous claims.

6. Similar Applications Supported.

During the last two years, Glidden has not supported any other application, with the exception of the application of Pitt-Ohio Express, Inc. at Docket No. A-00102471, Folder 1, Am-T, which was approved by the Commission Order adopted on October 29, 1987. At that time, the Commission authorized Pitt-Ohio Express to provide service for "Glidden Coatings & Resins, Division of SCM Corporation". There apparently was some miscommunication or confusion since the company had been sold and the correct name is The Glidden Company. We have been advised by Pitt-Ohio Express that the purpose of this application at Folder 1, Am-Y is to correct the name of our company in the operating authority. Since the authority was granted to Pitt-Ohio Express in the prior case, Glidden has used its services regularly in Pennsylvania. We understand that the witness for Pitt-Ohio has presented a statement indicating that during the months of April and May, 1988 it transported 127 shipments from our Reading facilities to points in Pennsylvania. That amounts to 762 shipments on an annual basis, which indicates the substantial use of the applicant's service and our dependence on it for our transportation in the state.

7. Other Pertinent Information.

We have used the services of the applicant for almost four years in both intrastate and interstate commerce. It has provided us with satisfactory service and the recent grant of intrastate authority has enabled us to consolidate many of our Pennsylvania shipments with Pitt-Ohio in order to reduce the number of carriers used. This has in turn reduced the congestion to a large extent at our Reading facilities which we were previously experiencing.

The Glidden Company is supporting this application of Pitt-Ohio Express to correct the description of its operating authority and we request that the Commission approve the application for this limited purpose.

In re: A-00102471, F.1, Am-Y - Application of Pitt-Ohio Express, Inc.

Dear Mr. Lavelle:

We have received the verified statements filed in the above referenced proceeding.

The record will be reviewed and will be put before the Commission for its decision. You will be notified of the Commission's action.

Very truly yours,

By Timothy Zeigler
