Dear Mr. Ziegler:

This will confirm our telephone conversation on January 19, 1990 concerning the above application. The application requests authority geographically from three facilities of the supporting shipper including the township of Upper Macungie, Lehigh County. You pointed out that the evidence submitted does not make any reference to such a facility. We checked with Mr. John Hodges who submitted the shipper's verified statement and he advised us that shortly after the application was filed the plant located in Upper Macungie Township was closed and its operations were consolidated with those of the facility located in the borough of Boyerstown, Berks County. As a result we request that the application be processed on the basis that the shipper has only two facilities, those being in the borough of Boyerstown, Berks County and the borough of Weatherly, Carbon County.

Please let me know if any additional information is required.

Sincerely yours,

VUONO, LAVELLE & GRAY
