J. Berkey

PREPARED TESTIMONY AND EXHIBITS
OF
ROBERT F. HAMMEL, SECRETARY-TREASURER,
ON BEHALF OF
PITT-OHIO EXPRESS, INC.

1. Legal Name and Domicile of Applicant.

The applicant, Pitt-Ohio Express, Inc. (Pitt-Ohio), is a Pennsylvania corporation. Its principal place of business is located at 26th and A.V.R.R., Pittsburgh, Allegheny County, PA 15222.

2. Identity and Qualifications of Witness.

My name is Robert F. Hammel. I am the Secretary-Treasurer of Pitt-Ohio Express, Inc. My business address is 26th and A.V.R.R., Pittsburgh, PA 15222.

I have held the position of Secretary-Treasurer with Pitt-Ohio for more than ten years. I am actively involved in the day-to-day operations of Pitt-Ohio. I am familiar with its operating authority issued by the Pennsylvania Public Utility Commission, the Interstate Commerce Commission and the Public Service Commission of West Virginia, its terminal facilities, its equipment and its operations.

I am the person with the company that regularly represents it in matters before the Commission. I was involved in the filing of this application with the Commission and am familiar with its scope and purpose. I am authorized to represent Pitt-Ohio Express, Inc. and to present evidence on its behalf in support of its application at Docket No. A-00102471, F. 1, Am-P.

3. General Background of Company.

Pitt-Ohio was incorporated in Pennsylvania on December 13, 1978. It has since qualified to do business in the states of New Jersey, Ohio, West Virginia and Maryland.

My brother, Charles L. Hammel, III, is the President and a director of Pitt-Ohio. Another brother, Kenneth W. Hammel, is the Vice President and a director of Pitt-Ohio. I am the Secretary-Treasurer and a director of the company. Robert E. Taylor is the Assistant Secretary of Pitt-Ohio.

All of the stock of Pitt-Ohio is owned by Hammel Enterprises, Inc. I and my two brothers each own one-third of the stock of Hammel Enterprises. We are also the officers and directors of Hammel Enterprises.

Pitt-Ohio is a motor carrier of general property in both interstate and intrastate commerce. It operates a number of break-bulk terminals in Pennsylvania and the surrounding states and operates a fleet of equipment consisting primarily of closed van type equipment. It specializes in the transportation of less-than-truckload shipments although it does not limit itself to the transportation of such shipments. Details concerning each of these aspects of the operation will be discussed in subsequent sections of this statement.

4. Affiliation With Other Carriers.

I and my two brothers each own 19.3% of the issued and outstanding stock of Hammel's Express, Inc. (Hammel's) which is a motor common carrier that holds authority from this Commission at

Docket No. A-00088995. Each of us are Vice Presidents and directors of Hammel's and I am also its Secretary. The remaining stock of Hammel's is owned by my father, who is the President, Treasurer and a director of Hammel's.

The affiliation between Pitt-Ohio and Hammel's is therefore based on the fact that I and my two brothers are officers and directors of both companies. In addition, we each have a direct minority ownership interest in Hammel's and we each have an indirect one-third ownership interest in Pitt-Ohio.

This affiliation has been fully disclosed to the Commission in numerous prior application proceedings.

5. Authority Requested.

Notice of the application was published in the Pennsylvania Bulletin on August 30, 1986. Since that time, several restrictive amendments have been made to the application. In addition, Pitt-Ohio has obtained substantial authority both by application and by acquisition. These additional grants of authority have substantially reduced the geographical scope of the new authority being requested by this application. As a result this application is now being further amended to request the authority set forth in Applicant's Exhibit No. 5.

Applicant's Exhibit No. 6 is a county map of Pennsylvania on which has been superimposed the approximate location of U.S. Highway 219 and U.S. Highway 15. When the application was originally filed, authority was requested from all points in that part of Pennsylvania on and west of U.S. Highway Route 219 to all

points in that part of Pennsylvania on and east of U.S. Highway Route 219, and vice versa. In other words, from the western one-third of Pennsylvania to the eastern two-thirds of Pennsylvania, and vice versa.

With the acquisition of the authority in the Folder 1, Am-I and Folder 1, Am-J certificates, Pitt-Ohio is able to operate from all points in that part of Pennsylvania on and west of U.S. Highway 219 to all points in that part of Pennsylvania on and east of U.S. Highway 15, and vice versa. With respect to Allegheny County, that service is possible under a combination of the Folder 1, Am-I certificate and paragraph 2 of the Folder 1, Am-J certificate. With respect to all other points in the western third of the state, that service is authorized under paragraph 1 of the Folder 1, Am-J certificate.

As a result, the new authority being requested by this application involves service from points in Allegheny County to those points in the counties of Clearfield, Cambria, Blair, Huntingdon, Somerset and Bedford which are on and east of U.S. Highway 219, and vice versa, which counties are excluded under restriction number 7 of the Folder 1, Am-I certificate; and service from points in that part of Pennsylvania on and west of U.S. Highway 219, except points in Allegheny County, to points in that part of Pennsylvania located in the area on and east of U.S. Highway 219 and west of U.S. Highway 15, and vice versa. In other words, from the western third of the state to the central third of the state, and vice versa.

The authority held by Pitt-Ohio under the Folder 1, Am-I and Folder 1, Am-J certificates authorizes service to and from points in York County. That makes the third and fourth restrictions to the amended application unnecessary although Pitt-Ohio has no objection to their inclusion by the Commission in any grant of authority issuing from this proceeding.

6. General Scope of Current Authorized Operations.

Pitt-Ohio is currently authorized by this Commission to conduct intrastate operations in Pennsylvania as a motor common carrier under authority at Docket No. A-00102471 and various amendments thereto. A summary of the 23 separate certificates is set forth in Applicant's Exhibit No. 7. With the exception of the authority in the lead certificate, paragraph number 3 of the Folder 1, Am-J certificate, the Folder 1, Am-M certificate and the Folder 1, Am-N certificate, all of the grants of authority authorize the transportation of property. There are certain restrictions attached to most of the grants prohibiting the transportation of certain types of commodities, primarily commodities in bulk, and household goods and office furniture, in use. A number of the grants are also limited to transportation performed for named shippers.

Geographically, the broadest grants of authority to transport property, other than those for named shippers, are set forth in the certificates at Folder 1, Am-B, Folder 1, Am-I and Folder 1, Am-J. Subject to the restrictions, the Folder 1, Am-B certificate authorizes the transportation of property between points

in 15 western Pennsylvania counties, all of which are located west of U.S. Highway 219.

Collectively, these three certificates, subject to certain minimal restrictions, authorize the transportation of property from points in Allegheny County to all points in Pennsylvania except Clearfield, Cambria, Blair, Huntingdon, Somerset and Bedford Counties, and vice versa, and from points in that part of Pennsylvania on and west of U.S. Highway 219 to all points in that part of Pennsylvania on and east of U.S. Highway 15, and vice versa.

Pitt-Ohio has pending before the Commission five additional applications each of which requests authority to transport property, with certain exceptions, for named shippers. A summary of the scope of those applications is set forth in Applicant's Exhibit No. 8. The first four applications are unopposed and have been assigned for handling under modified procedure. Verified statements have already been filed in connection with the application at Folder 1, Am-2. The fifth application was filed with the Commission on or about December 1, 1988 but notice has not yet been published in the Pennsylvania Bulletin.

Pitt-Ohio holds authority from the Interstate Commerce Commission at Docket No. MC-30136 (Sub-2) to transport, as a common carrier, general commodities, except Classes A and B explosives, household goods as defined by the Commission, and commodities in bulk, between points in 18 eastern states and the District of Columbia. The authority extends from Massachusetts

in the northeast to Wisconsin and Missouri in the west, and as far south as North Carolina. Under that authority, Pitt-Ohio is authorized to provide service to, from or between all points in Pennsylvania on an interstate basis. Applicant's Exhibit No. 9 is a copy of that authority.

There is also pending at Docket No. MC-30136 (Sub-3) an application to the Interstate Commerce Commission to transport general commodities, with the same exceptions, between points in the United States, except Alaska and Hawaii, as a contract carrier for The Goodyear Tire & Rubber Company. The application is unopposed and the permit should be issued within the next several weeks.

Pitt-Ohio also holds motor common carrier authority from the Public Service Commission of West Virginia at P.S.C.M.C. Certificate No. F-6388 to transport general commodities, with certain exceptions, between points in 30 West Virginia counties, and from points in those 30 counties to other points in West Virginia, and vice versa. Applicant's Exhibit No. 10 is a copy of the Final Order of the Public Service Commission of West Virginia entered on July 8, 1987 which sets forth the authority on page 3.

7. Duplicating Authority.

This application, as amended, is duplicative of any authority held to serve named shippers or to operate to or from the facilities of named shippers insofar as service from the western third of the state to the central third of the state, or vice

versa is concerned. To attempt to eliminate all of those duplications by restriction would complicate the interpretation of any authority granted in this proceeding. Applicant has no objection, however, to the inclusion in any grant of authority of the standard condition that any such authority, to the extent that it duplicates authority now held by or subsequently granted to Pitt-Ohio, shall not be construed as conferring more than one operating right.

8. Dual Operations.

Since Pitt-Ohio does not hold any contract carrier authority from the Commission, approval of this application will not result in any dual operations.

9. Terminal Facilities, Communications Network and Employees.

Applicant's Exhibit No. 11 is a list of the eight terminals operated by Pitt-Ohio. Its main office and terminal is located at 26th and A.V.R.R., Pittsburgh, PA. The company's administrative offices are located in Pittsburgh where it also has a 34-door cross-dock general freight terminal.

The Pittsburgh terminal is the largest terminal in the system. It is the hub for pickup and delivery operations in western Pennsylvania, northern West Virginia and eastern Ohio. The company's central dispatch system is also located in Pittsburgh.

Currently, there are approximately 40 tractors and 41 straight trucks regularly assigned to the Pittsburgh terminal.

There are currently three other terminals located in Pennsylvania at Allentown, Harrisburg and Oaks (Philadelphia). The Harrisburg terminal will be used to serve the eastern portion of the requested service area. It is a 14-door, cross-dock facility. It is assigned eight tractors and eight straight trucks.

At Oaks, Pitt-Ohio has a 24-door cross-dock terminal which is assigned 12 tractors and 13 straight trucks. The Allentown facility is a 12-door terminal which has eight tractors and nine straight trucks assigned to it.

The straight trucks and some of the tractors are used in local pickup and delivery work. The trailers and other tractor equipment move throughout the system and are not designated for use by any particular terminal.

As indicated by Applicant's Exhibit No. 11, all of the terminals except Cumberland have toll-free telephone numbers through which they may be contacted by shippers and receivers. Drivers are instructed to check in periodically each day with their base terminal or central dispatch in order to obtain instructions for new pickup orders, changes in itineraries and other pertinent information. This pertains both to drivers assigned to pickup and delivery runs in the local area as well as line-haul drivers. After a truckload or volume shipment is delivered to a customer, drivers are instructed to call the central dispatch office for instructions concerning the picking up of other shipments in the immediate vicinity if prior arrangements have not already been made.

Pitt-Ohio currently has 375 employees. There are 264 drivers and dockmen, four mechanics, 14 salesmen, 26 supervisory personnel and 67 administrative and clerical personnel.

Upon approval of this application, Pitt-Ohio does not intend immediately to establish a new terminal in the central portion of Pennsylvania. The pickup and delivery runs now operated from the Pittsburgh and Harrisburg terminals would be extended to serve the new area. In addition, line-haul units currently transporting interstate shipments or authorized intrastate shipments to and from the central part of the state will be used to handle the additional freight that might be generated. In the future, as business is developed and reaches a level that would support and require a locally based terminal, Pitt-Ohio would establish another terminal. The exact location would depend on a number of factors including the traffic flow, traffic volume, and ease of integration into the rest of the system.

10. Equipment.

Applicant's Exhibit No. 12 is a current list of the equipment operated by Pitt-Ohio which it either owns or leases from Freight Equipment Leasing, Inc. (FEL), an affiliated company, or from Martera, Inc., an equipment leasing company which is owned by other members of my immediate family. The equipment consists of 94 straight trucks, most of which are 20 feet in length (pages 1-5), 207 closed van trailers ranging up to 48 feet in length (pages 6-15), 5 dolly trailers (page 16), and 89 tractors (pages 17-21). The original cost of each piece of equipment is shown.

Pitt-Ohio also leases from independent owner-operators approximately 6-8 tractors and flatbed trailers at any one time.

11. Safety and Maintenance Programs.

Applicant maintains a complete safety program which is conducted in compliance with the safety regulations of the Pennsylvania Department of Transportation, the Federal Department of Transportation, the Pennsylvania Public Utility Commission and the Interstate Commerce Commission. Under this program all drivers are investigated and thoroughly examined prior to employment. Before a driver is allowed to take charge of the road equipment, he must successfully demonstrate his ability to operate safely such equipment. During the time of his employment he is periodically given safety instructions that require him to meet certain high standards of operation. The program also includes safety meetings at which films are shown and discussions conducted concerning the safe operation of equipment. Safety awards are given for accident-free driving as an incentive to safe driving.

Pitt-Ohio has implemented a preventive maintenance program which requires the checking and servicing of equipment on a regular basis. At the end of each day, each driver turns in an equipment report describing any defects which are repaired during the evening. No truck is dispatched until the defect has been fully corrected. Every outbound trailer is checked by mechanics prior to departure for tires, lights, brakes, etc.

Each vehicle is given a routine service check every 12,000 miles to insure that it is safe to operate and to avoid possible breakdowns while on the road. The company operates its own maintenance facility in Pittsburgh and employs five mechanics.

12. Financial Data.

Pitt-Ohio prepares financial documents limited to its operations only at the end of each calendar year. The financial reports for 1988 have not yet been completed but will be submitted to the Commission and all parties immediately upon their completion.

The company does have a history of financial success as indicated by the following figures for 1985, 1986 and 1987:

	<u>1985</u>	<u>1986</u>	<u>1987</u>
Total Revenue	\$9,307,196	\$13,604,865	\$16,850,228
Total Expenses	\$8,484,827	\$12,240,693	\$15,873,120
Net Operating Revenue	\$ 822,369	\$ 1,364,172	\$ 977,108
Net Income After Taxes	\$ 448,452	\$ 642,750	\$ 572,165
Shareholders' Equity As of December 31	\$1,486,840	\$ 2,120,912	\$ 1,864,381

Applicant's Exhibit No. 13 is the balance sheet as of December 31, 1987. As of that date, the current assets exceeded the current liabilities by more than a two to one ratio.

Applicant's Exhibit No. 14 is the statement of income and retained earnings of the company for the 12 month period ending December 31, 1987.

13. Insurance; Regulatory Fitness.

Pitt-Ohio maintains insurance coverage well in excess of the minimum limits prescribed by the Commission. It has a single-limit policy covering bodily injury, property damage and cargo in the amount of \$10,000,000 per occurrence.

Pitt-Ohio has on file with the Commission tariffs covering all of its current operating authority. Its vehicles are maintained in compliance with the Commission's safety regulations and its drivers are required to observe the Commission's regulations pertaining to maximum hours of service and the preparation of driver logs. Written equipment leases prepared and periodically updated by legal counsel cover all leased equipment. Every effort is made to comply with these and other regulations of the Commission and other agencies of the Commonwealth of Pennsylvania which pertain to the operations of Pitt-Ohio.

14. Description of Service to be Offered.

Pitt-Ohio presently offers a full range of motor carrier services in Pennsylvania. It handles all sizes of shipments ranging from small shipments weighing less than 50 pounds to full truckload shipments weighing 40,000 pounds or more. It does, however, specialize in the transportation of less-than-truckload shipments as evidenced by the fact that approximately 95% of all shipments transported weigh less than 10,000 pounds with about 40% of the shipments weighing less than 1,000 pounds.

All types of authorized commodities are and will continue to be transported, consistent with equipment and personnel capabil-

ity. During the winter months, commodities which require protection from freezing are transported in fibre glass body trailers which hold heat. The commodities are placed in heated rooms at origin and destination terminals and the trailers are heated with space heaters. Freezable commodities are handled on a seven day per week basis.

Pitt-Ohio's service is generally available on a five day per week basis during normal business hours. However, shippers and receivers can arrange for service at other times during the evening, weekends and holidays by contacting the central dispatch office in Pittsburgh or the local representative assigned to one of the other terminals. If a shipper frequently has need for service during non-regular business hours, special arrangements can be made to receive such service regularly.

To the extent consistent with its common carrier obligations, Pitt-Ohio will attempt to meet shippers' and receivers' requests for scheduled pickup and/or scheduled delivery service. Although the time in transit will vary depending upon road conditions, construction activities, weather conditions and other variables, our experience is that a line-haul vehicle can usually average about 45 miles per hour. Because of the relatively short distances involved in the application area, Pitt-Ohio expects to be able to deliver most less-than-truckload shipments on an overnight basis. Truckload shipments moving from origin to destination without any intermediate terminal operations would almost invariably be delivered on an overnight basis and depending upon

the time of pickup and length of haul they could be delivered on a same day basis in certain situations, unless there are scheduled delivery times by appointment.

If requested by shippers to do so, the vehicles will be dispatched to pick up volume shipments on a split pickup basis from the same unit to destination. Likewise, Pitt-Ohio will provide a multiple stop-off delivery service if requested to do so by its customers. If either a shipper or receiver requires a trailer to be spotted for loading or unloading, arrangements can be made for that service.

15. Description of Present Operations in Central Pennsylvania.

Pitt-Ohio is currently transporting shipments to and from the central part of Pennsylvania under both its interstate and intrastate authority. It can serve the entire area under its interstate rights, all but six counties to and from Allegheny County, and the entire area for a number of named shippers.

The company receives at the end of each month a computer generated report of the number of shipments and weight thereof handled to and from each zip code area in its system, and the revenue generated by the traffic. The report is based on freight bill information inserted in the computer and is one of several reports prepared.

Applicant's Exhibit No. 15 is a three-digit zip code map of Pennsylvania which shows the boundaries of each zip code by reference to the first three digits. The zip code areas which are completely or partly within the application area in central

Pennsylvania are the following: 155, 157, 158, 159, 166, 167, 168, 169, 170, 171, 172, 174, 177 and 178.

From the monthly zip code reports for the months of August through December, 1988, the number of shipments and the weight of the shipments for each month moving to and from the above zip code areas have been extracted and shown on Applicant's Exhibit Nos. 16, 17, 18, 19 and 20. To the extent that a particular zip code area is partly within and partly outside the central Pennsylvania application area, I am not able to distinguish between shipments. However, the exhibits nevertheless show that Pitt-Ohio has regular operations currently in or in close proximity to each portion of the central Pennsylvania application area.

16. Purpose and Feasibility of Operations.

Pitt-Ohio is a growing and financially stable motor carrier which conducts substantial operations throughout Pennsylvania. It has trucks moving into and out of the central part of Pennsylvania located between U.S. Highways 219 and 15 on a daily basis. Current customers located in western Pennsylvania have inquired about and requested service to and from the central part of the state. Likewise, current customers located in central Pennsylvania have inquired about and requested service to and from western Pennsylvania. A number of such customers, as well as others, will present evidence in support of this application.

Pitt-Ohio is able to meet what it believes to be a need for additional motor carrier service between the western and central portions of the state. As described above, it has a large fleet

of equipment with which to provide the service. The equipment now serving the central Pennsylvania area has the capacity to carry additional shipments. Very few changes would have to be made in order to handle the freight. Trucks from the Pittsburgh and Harrisburg terminals moving in and out of the area today would merely pickup and deliver intrastate shipments which now must be passed by. This would result in the equipment being used more closely to capacity rather than running partially empty.

Insofar as Allegheny County is concerned, it would close a gap in what otherwise is almost statewide authority. Pitt-Ohio can now serve all but seven counties. Approval of this application would eliminate that gap as to six of the seven counties, leaving only Indiana County as a non-service area with respect to Allegheny County.

This authority will improve Pitt-Ohio's ability to respond to its customers needs for service without requiring any near-term investment in additional terminal facilities, equipment or personnel. For their part, the shippers and receivers of intrastate freight in this area would have another alternative, and we believe a good one, with which to meet their transportation requirements.

PITT-OHIO EXPRESS, INC.

Docket No. A-00102471, F. 1, Am-P

RECEIVED

Scope of Authority Sought, as Amended

FEB 1 1989

SECRETARY'S OFFICE
PUBLIC UTILITY COMMISSION

- (1) To transport, as a Class D carrier, property from points in Allegheny County to points in the counties of Blair, Huntingdon and Bedford, and those points in the counties of Clearfield, Cambria and Somerset which are located on and east of U.S. Highway Route 219, and vice versa; with the right to interchange property with Class A, Class B and Class D carriers so authorized.
- (2) To transport, as a Class D carrier, property, from points in that part of Pennsylvania on and west of U.S. Highway Route 219 (except points in Allegheny County) to points in that part of Pennsylvania located on and east of U.S. Highway Route 219 and west of U.S. Highway Route 15, and vice versa; with the right to interchange property with Class A, Class B and Class D carriers so authorized;

Subject to the following conditions:

FIRST: That no right, power or privilege is granted to transport household goods and office furniture in use; property in bulk; property which, because of size or weight, requires the use of special equipment; or malt beverages, malt beverage containers and pallets.

SECOND: That no right, power or privilege is granted to transport property to or from the facilities of American Home Foods Division of American Home Products Corporation located in the township of Turbot and the borough of Milton, Northumberland County.

THIRD: That no right, power or privilege is granted to transport such merchandise, as is dealt in by wholesale, retail and chain grocery and food business houses to or from points in York County.

FOURTH: That no right, power or privilege is granted to transport limestone, limestone products or fertilizer from points in York County.

INTERSTATE COMMERCE COMMISSION
CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY

MC-30136 Sub 2

SERVICE DATE

APR 20 1982

DOCKETED

FEB 06 1989

PITT-OHIO EXPRESS, INC.
East Liverpool, OH

ORDER

This Certificate of Public Convenience and Necessity is evidence of the carrier's authority to engage in transportation as a common carrier by motor vehicle.

This authority will become effective only when the carrier has met the compliance requirements pertaining to insurance coverage for the protection of the public (49 CFR 1043), the designation of agents upon whom process may be served (49 CFR 1044), and tariffs or schedules (49 CFR 1300 through 1310, revised). The carrier shall also render reasonably continuous and adequate service to the public. Failure to meet these conditions will constitute sufficient grounds for the suspension, change, or revocation of this authority.

This authority is subject to any terms, conditions, and limitations as are now, or may later be, attached to this privilege.

For all carriers: Any duplication in this authority and rights currently held does not confer more than one operating right.

For common carriers with irregular route authority: Any irregular route authority authorized in this certificate may not be tacked or joined with your other irregular route authority unless joinder is specifically authorized.

The transportation service to be performed is described on the reverse side of this document and will be valid as long as the carrier maintains compliance with the above requirements.

By the Commission.

Agatha L. Mergenovich
Secretary

(SEAL)

Note: If there are any discrepancies regarding this document please notify the Commission within 30 days.

MC-30136 Sub 2

To operate as a common carrier, by motor vehicle, in interstate or foreign commerce, over irregular routes, transporting general commodities (except classes A and B explosives, household goods as defined by the Commission, and commodities in bulk), between points in Pennsylvania, New York, New Jersey, Massachusetts, Connecticut, Rhode Island, Delaware, Maryland, Virginia, Kentucky, North Carolina, West Virginia, Ohio, Indiana, Illinois, Missouri, Michigan, Wisconsin, and the District of Columbia.

Applicant EXHIBIT NO. 10

HEARING AT Pgh DATE 1-17-89

L. Becker

DOCKETED

FEB 06 1989

FINAL ORDER

On December 5, 1983, the Commission granted ~~P.S.C.~~ M.C. Certificate No. F-6388 to Keystone Expediting, Inc. (hereinafter Respondent or Keystone).

On October 1, 1986, said Certificate was suspended without action by the Commission, pursuant to Rule 3.13 of the Commission's Rules and Regulations for the Government of Motor Carriers of Passengers and Property (Motor Carrier Rules), as a result of the Respondent's failure to pay the required annual assessment and properly register vehicles with the Commission by October 1, 1986.

By order entered on November 14, 1986, said Certificate was conditionally revoked by this Administrative Law Judge (ALJ), due to the failure of the Respondent to pay the required annual assessment and properly register vehicles with the Commission by October 1, 1986, in accordance with the provisions of the previously referenced Rule 3.13. Said order provided, inter alia that, if the Respondent filed a written request for hearing on the matter by December 15, 1986, the final revocation of its operating authority would be automatically stayed, although operations under the aforementioned authority would continue to be suspended until further order of the Commission.

On November 19, 1986, the Respondent filed a request for hearing with the Commission in this proceeding.

By order entered on February 5, 1987, the matters involved in the revocation proceeding were set for hearing to be held on March 16, 1987, in Charleston, West Virginia. Said order further provided that, if the Respondent submitted full payment of the required assessment fee and properly registered vehicles with the Commission on or before March 2, 1987, the hearing would be cancelled, the conditional revocation would be lifted and the matter would be dismissed.

By letter received on February 13, 1987, Counsel for the Respondent requested a continuance of the hearing scheduled for March 16, 1987, and requested that the Commission hold further action concerning the cancellation of the operating authority in abeyance, for the reason that the Respondent had filed a voluntary petition under Chapter 11 of the Federal Bankruptcy Code in the United States Bankruptcy Court for the Western District of Pennsylvania in August of 1986. An offer has been made by another entity, Pitt-Ohio Express, Inc., of Pittsburgh, Pennsylvania, to

purchase the Respondent's West Virginia intrastate operating authority, subject to approval of the transfer by the Public Service Commission and approval of the transaction by the Bankruptcy Court. Counsel for the Respondent indicated that, if the Bankruptcy Court gives its approval, the parties would immediately proceed with the preparation and filing of a transfer application with the West Virginia Public Service Commission. Therefore, a continuance was requested, pending action by the Federal Bankruptcy Court on the transaction and the filing of an application for transfer of the Respondent's operating authority.

By order entered on February 16, 1987, the requested continuance was granted, the hearing scheduled in the revocation proceeding for March 16, 1987, was cancelled and the matters involved in the revocation proceeding were continued generally, until further order of the Commission or ALJ.

On April 13, 1987, Keystone Expediting, Inc., filed an application for approval of the transfer and assignment unto Pitt-Ohio Express, Inc., a corporation, Pittsburgh, Pennsylvania, of P.S.C. M.C. Certificate No. F-6388, issued to it on November 16, 1983, authorizing --

operation as a common carrier by motor vehicle in the transportation of commodities generally (except household goods, low grade commodities normally transported in dump trucks and unloaded by dumping, petroleum products in bulk and heavy machinery and equipment) in less than truck/trailer lots (LTL shipments) on a scheduled pick-up and delivery service, expedited next day delivery service, split pick-up and multiple stop off service as required and any other service which may be required by the shipping public on a seven day per week, twenty-four hour per day service, to and from points and places in Barbour, Boone, Brooke, Cabell, Calhoun, Doddridge, Gilmer, Hancock, Harrison, Jackson, Kanawha, Lewis, Marion, Marshall, Mason, Monongalia, Ohio, Pleasants, Preston, Putnam, Randolph, Ritchie, Roane, Taylor, Tucker, Tyler, Upshur, Wetzel, Wirt and Wood Counties, on the one hand and points and places in West Virginia on the other hand.

By order entered on April 13, 1987, Keystone was ordered to give notice of the filing of the application by publishing a copy of the

Commission's order once in a newspaper, duly qualified by the Secretary of State, published and of general circulation in each of the counties in which Keystone holds authority, making due return to the Commission of proper certification of publication within ten (10) days thereof. Anyone desiring to make objection to the application was ordered to do so within ten (10) days after publication of the notice. The written objection was to request a hearing if a hearing was desired and the protestant would be required to appear at the hearing and show cause, if any it could, why the application should not be approved. The order further stated that, if no protests were received, the Commission could grant the request without a hearing.

On May 7, May 14, May 18, May 26 and June 15, 1987, Keystone submitted the Affidavits of Publication from newspapers published and of general circulation in each of the counties in which it has authority, indicating that notice of the filing of the application was published as required, with the last date of publication being May 7, 1987, and the ten-day period in which to file protest to the application expiring on May 17, 1987. No protest to the application to transfer P.S.C. M.C. Certificate No. F-6388 has been received by the Public Service Commission.

By Procedural Order entered on June 22, 1987, the ALJ determined that further proceedings in the application for transfer of P.S.C. M.C. Certificate No. F-6388 should be held in abeyance, pending receipt by the Public Service Commission of documentation from either the Transferor or Transferee in this proceeding indicating that, if the transfer is granted, the delinquent annual assessment payment will be tendered and vehicles will be properly registered with the Public Service Commission. The order

further provided that the required documentation was to be filed within fifteen (15) days from the date of that order.

On July 7, 1987, the Transferee, by Charles L. Hammel, III, its President, filed a letter stating his intention to pay the delinquent annual assessment fee of Keystone and register vehicles under the certificate, in accordance with the terms of the order June 22, 1987.

Upon consideration of all of the above, the ALJ is of the opinion that the application for the transfer of P.S.C. M.C. Certificate No. F-6388 from Keystone Expediting, Inc., a corporation, to Pitt-Ohio Express, Inc., a corporation, is reasonable and should be granted. Notice of the proposed transfer was given by publication, with no protests having been filed with the Public Service Commission, and the Transferee has indicated its willingness to pay the delinquent annual assessment fee and register vehicles, in order to remove the suspension of P.S.C. M.C. Certificate No. F-6388 which is being transferred.

FINDINGS OF FACT

1. The application for the transfer and assignment of P.S.C. M.C. Certificate No. F-6388, from Keystone Expediting, Inc., a corporation, to Pitt-Ohio Express, Inc., a corporation, was published in newspapers of general circulation in each of the counties in which it has authority, with no protests having been filed with the Public Service Commission. (See, Affidavits of Publication filed May 7, May 14, May 18, May 26 and June 15, 1987).

2. The Transferee in this proceeding has filed a letter with the Public Service Commission indicating that it will pay the delinquent annual assessment fee and properly register vehicles with the Public

Service Commission, to remove the suspension of P.S.C. M.C. Certificate No. F-6388, which is to be transferred to it. (See, Letter filed July 7, 1987).

CONCLUSION OF LAW

It is reasonable to grant the application for the transfer and assignment of P.S.C. M.C. Certificate No. F-6388 from Keystone Expediting, Inc., a corporation, Aliquippa, Pennsylvania, to Pitt-Ohio Express, Inc., a corporation, Pittsburgh, Pennsylvania, since notice of the proposed transfer has been provided by law, with no protests having been filed with the Public Service Commission, and since the Transferee has indicated that it will pay the delinquent annual assessment fee and properly register vehicles with the Public Service Commission in order to lift the suspension of P.S.C. M.C. Certificate No. F-6388 being transferred to it.

ORDER

IT IS, THEREFORE, ORDERED that the application filed on April 13, 1987, by Keystone Expediting, Inc., a corporation, Aliquippa, Pennsylvania, for approval of the transfer and assignment unto Pitt-Ohio Express, Inc., a corporation, Pittsburgh, Pennsylvania, of P.S.C. M.C. Certificate No. F-6388 be, and it hereby is, granted.

IT IS FURTHER ORDERED that the Transferee pay the delinquent annual assessment and that the Transferee register vehicles and submit proof of insurance to the Public Service Commission within sixty (60) days from the date of this decision. The Transferee shall also be responsible for payment of the annual assessment which became due on July 1, 1987.

IT IS FURTHER ORDERED that the Transferee adopt the rates and charges currently on file with the Public Service Commission for all services rendered pursuant to the authority transferred to it by this decision and filed a proper tariff with the Commission within sixty (60) days from the date of this decision.

IT IS FURTHER ORDERED that the conditional revocation of P.S.C. M.C. Certificate No. F-6388 be, and it hereby is, lifted, so that the transfer and assignment can take place.

IT IS FURTHER ORDERED that the Executive Secretary of the Commission serve a copy of this order upon all parties to this proceeding by United States Certified Mail, return receipt requested, and upon Commission Staff by hand delivery.

This order is issued pursuant to M. C. General Order No. 62, dated November 19, 1982, which authorizes the Public Service Commission Administrative Law Judges to issue orders on behalf of the Commission in all proceedings filed pursuant to Chapter 24A of the West Virginia Code, which proceedings are not set for hearing and which orders shall have the full force and effect of Commission orders, without the provision for the filing of exceptions thereto.

Leave is hereby granted to the parties to file a petition for further hearing, reopening, or rehearing pursuant to Rule 19 of the Commission's Rules of Practice and Procedure with the Executive Secretary of the Commission within ten (10) days after the date this order is mailed.

Melissa K. Marland
Deputy Chief Administrative Law Judge

PITT OHIO EXPRESS INC.

Dear Customer:

Pitt Ohio Express is going places. Since our inception in 1979, we've grown from a small, reliable tri-state area trucking company into a major transportation firm offering direct service throughout the Mid-Atlantic region. This has been accomplished through hard work, dedication, and an unsurpassed reputation for customer service.

In the following pages, you'll discover the best route to more than 10,000 points throughout seven states and the District of Columbia. We offer fast, efficient, direct service to each of our points with no break-bulks between points. As a result, we have one of the best on-time records with one of the lowest claim ratios in the industry.

You'll also discover a Pitt Ohio Survey, designed to guarantee that our service continues to live up to your expectations. Please use it to rate your experience with us. You can be assured your comments will be handled by a member of our management team.

We want your business. We want to prove that Pitt Ohio Express is your *best* choice for all your LTL and TL shipments throughout the Mid-Atlantic region. Call us toll free, and get Pitt Ohio dependability, service, financial stability and coverage...all at Pitt Ohio's competitive rates.

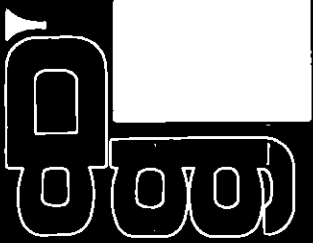

We're Dependable. We're Dedicated. And We're On-Time.

Sincerely,

PITT OHIO EXPRESS, INC.

Charles L. Hammel, III
President

PITT OHIO EXPRESS EXTRAS

Pitt Ohio has made a commitment to deliver the best, most dependable service available in the industry today. We have adjusted to the changing market and patterned our services to the needs of today's shippers. As a result, we offer our customers 60 years of proven experience, a modern fleet of company-owned equipment, competitive and innovative pricing, and dedicated on-time service to 7 states in the Middle Atlantic Region. But don't just take our word for it. . . look at the facts and figures for one of the most comprehensive service-oriented records in the industry.

SIMPLIFIED PRICING STRUCTURES

- Class Tariffs Easy lookup by zip code and published at bureau level rates.
- Discount Tariffs Negotiated with each account and implemented. Instant signup!
- Commodity Tariffs Negotiated reduced rates published in a special tariff.

ON-TIME DELIVERY—Fast and Dependable.

- 95% On-Time Delivery. . .within 1-2 days.

LOW CLAIMS RATIO—One of the Lowest in the Industry.

- Pitt Ohio maintains a consistent claims ratio of less than 1%. This claims-to-revenue ratio is considered benchmark in the industry. Filed claims settled in 30 days.

FINANCIAL STABILITY—Rock Solid Management and Excellent Outlook.

- Operating ratio in the 80's.

COMPREHENSIVE INSURANCE COVERAGE

- Appropriate coverages on all shipments.

THE EXPRESS NETWORK—Equipment and Facilities That Get the Job Done.

- Network of terminals in 7 states covering over 10,000 points.
- All shipments move direct—no break-bulk terminals.

PROTECTIVE SERVICES—Geared to Get It There the Way You Shipped It.

- Freezables accepted year-round, 5 days a week.
- Space heaters and heated garages.

SCHEDULED PICKUP AND DELIVERY—You Can Count on Our Quoted Schedule.

- All shipments handled by experienced dispatch.

PERSONALIZED SERVICE—Pitt Ohio Teamwork for Your Special Needs.

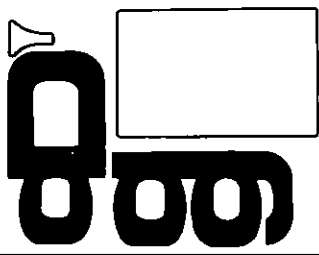

- Personalized service on critical or "just in time" shipments.

MODERN FLEET

- Average age of equipment is under 3 years.

TRACING

- Prompt, accurate information in less than 2 minutes.

Dear Valued Customer:

SECRETARY'S OFFICE

On January 4, 1988, Pitt-Ohio Express ~~Public Utility Commission~~ terminal network with the strategic placement of new terminals in and around the state of Pennsylvania. In addition to increasing the number of points we serve in the state and enhancing our service standards, this expansion now places us in a position to provide service to all points in Pennsylvania from Allegheny County.

Of course, our expansion will bring additional markets to Pitt-Ohio in 1988, including Altoona, Bedford, Clearfield, Dubois, Huntingdon, Indiana, Johnstown, and Somerset.

Our dedication and commitment to quality service and to maintaining the high service standards you expect are our highest priorities, and you can be assured of our commitment to all four corners of the Keystone State. Pitt-Ohio Express has worked hard to achieve the status we have in the industry, and we will continue to be the viable force in the marketplace that we have been in the past.

We have looked upon you as a valuable customer in the past, and you can be assured that you will receive the utmost in personalized service in the future. If you should need any assistance, we have the key personnel available at our corporate offices to handle any questions you may have, as well as to handle all your transportation requirements.

Again, thank you for your past patronage, and we look forward to being an integral part of your transportation program in 1988.

Sincerely,

PITT-OHIO EXPRESS, INC.
W. C. Miller
William C. Miller
Vice President - Sales

Attention: Mr. Paul Malenky
Shipping Manager

Dear Mr. Malenky:

Per our recent conversation, please find enclosed a copy of our Discount Tariff, ICC PTD 6001 which publishes your discount of fifty (50%) percent on any quantity, including minimum charge shipments.

Please be advised that this discount is applicable to outbound prepaid and inbound collect shipments.

If you may have any questions regarding the enclosed, please do not hesitate to contact me.

Sincerely,

PITT-OHIO EXPRESS, INC.

This Memorandum RECEIVED, subject to the classifications and published tariffs in effect on the date of the receipt, by the carrier, of the property described in the Original Bill of Lading, the property described below, in apparent order, except as noted (contents of packages unknown), marked, consigned, and destined as indicated below, which said carrier (the word "carrier" being understood throughout in a contract as meaning any person or corporation in possession of the property under the contract) agrees to carry in usual mode of delivery at said destination, if on its route, otherwise to deliver to another carrier or the route to said destination. It is mutually agreed as a "bill of lading" that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in Uniform Freight Classification in effect on the date hereof, if this is a rail or a rail-water shipment, or (2) in the applicable motor carrier classification of tariff in effect on the date hereof, if this is a motor carrier shipment.

Shipper hereby certifies that he is familiar with all the terms and conditions of the bill of lading including, those on the back thereof, set forth in the classification or tariff which governs the transportation of the shipment, and the said terms and conditions are hereby approved by the shipper and accepted for himself and his agents.
