Dear Commonwealth of Pennsylvania Pennsylvania Public Utility Commission,

I Marcus Brown do not agree with the decision provided by you Commonwealth of Pennsylvania Pennsylvania Public Utility Commission. I am not a utility serviceman I could and would never put some tape around a pipe to stop a gas leak. First of all it seemed to far-fetched and dangerous, and gas is something I will never play with, therefore I did not do that, The serviceman from PGW did and he also told me there was several leaks and he will take care of them. I then went back upstairs and when I arrived back in the basement he showed me where he applied this tape to and that everything was fine. Im not saying we didn't use some of the gas but according to the serviceman " a good amount of gas was being lost due to the damaged pipes, I thank him for putting the tape on, I just want to be rightly charged not overcharged \$800. Plus for the gas service.
