**PREHEARING CONFERENCE MEMORANDUM
OF PPL ELECTRIC UTILITIES CORPORATION**

TO: ADMINISTRATIVE LAW JUDGE SUSAN D. COLWELL:

PPL Electric Utilities Corporation (“PPL Electric” or “Company”) hereby submits this Prehearing Conference Memorandum in compliance with the Prehearing Conference Order issued by Administrative Law Judge Susan D. Colwell (the “ALJ”) on September 27, 2013.

I. BACKGROUND

On June 7, 2013, PPL Electric filed a Petition for approval of a proposed plan to refund certain historic overcollections of transmission service charges (“TSCs”) to eligible large commercial and industrial (“Large C&I”) customers (“TSC Refund Plan”). The historic TSC overcollections, which are the subject of PPL Electric’s proposed TSC Refund Plan are associated with refunds related to a 2008 Federal Energy Regulatory Commission transmission rate case that was settled for an amount less than proposed in the original filing, resulting in refunds and a substantial TSC overcollection in 2009. More specifically, the amount of the TSC overcollection to be refunded in the Company’s TSC Refund Plan reflects the 2009 TSC overcollection as of July 31, 2013, net of intervening under and over collections.

For residential and small commercial and industrial customers, this overcollection was refunded to customers during the 2010 TSC application period. For Large C&I customers, however, a problem arose as a result of the expiration of PPL Electric's generation rate caps on December 31, 2009. The high level of Large C&I shopping following the expiration of the Company's generation rate cap created several issues relative to refunding the 2009 TSC overcollection.

To address these issues, the Commission, on May 19, 2011, directed PPL Electric to defer any further refunding of TSC overcollections to Large C&I customers. The Commission also directed that PPL Electric continue these deferrals, pending resolution of an unrelated issue regarding the method used by PPL Electric to allocate TSC demand costs. *PPL Electric Utilities Corporation Transmission Service Charge Effective June 1, 2011*, Docket No. M-2011-2239805 (May 19, 2011). The TSC demand allocation issue was resolved in PPL Electric's most recent default service proceeding, and in accordance with the Commission's May 2011 Order, PPL Electric has developed a plan, which is the subject of this Petition, to refund the previously deferred TSC overcollections. *Petition of PPL Electric Utilities Corporation For Approval of a Default Service Program and Procurement Plan*, p. 89, Docket No. P-2012-2302074 (January 24, 2013). Subsequently, on June 7, 2013, PPL Electric filed the TSC Refund Plan.

On August 15, 2013, the Commission issued an Order that, among other things, (1) accepted PPL Electric's use of 2009 historical allocators to calculate its 2010 revised TSC, (2) accepted the auditor's report of PPL Electric's Section 1307(e) statements for the five months ended April 30, 2011, and the 12 months ended November 30, 2010, (3) adopted the February 2011 Recommended Decision of ALJ Susan D. Colwell as modified, (4) ordered PPL Electric to file a TSC Refund Plan within 30 days of this Order, and (5) referred the matter to the Office of

Administrative Law Judge (“OALJ”) to evaluate the refund calculations and process, and to resolve any disputes as to the amounts and sources, interest calculations, identities of recipients, and timing for the refunds.

On August 30, 2013, PP&L Industrial Customer Alliance (“PPLICA”) filed a Petition for Clarification and/or Reconsideration of the August 15, 2013 Order in Docket Nos. M-2010-2213754 and M-2011-2239805. Also on August 30, 2013, PPL Electric filed a Petition for Clarification and/or Reconsideration of the August 15, 2013 Order in Docket Nos. M-2010-2213754 and M-2011-2239805.

On September 5, 2013, the Office of Small Business Advocate (“OSBA”) filed a Notice of Appearance in Docket Nos. M-2010-2213754 and M-2011-2239805. On September 9, 2013, the OSBA filed an Answer to the Petition for Clarification and/or Reconsideration filed by PPLICA in Docket Nos. 2010-2213754 and 2011-2239805. Also on September 9, 2013, PPL Electric and PPLICA filed Answers to the Petition for Clarification and/or Reconsideration filed by PPLICA and PPL Electric, in Docket Nos. M-2010-2213754 and M-2011-2239805.

On September 12, 2013, the Commission issued an Order granting the Petitions for Reconsideration filed by PPL Electric and PPLICA, pending further review of and consideration on the merits. This Order neither stayed PPL Electric’s obligation to file the refund plan nor did it stay referral to the OALJ.

On September 16, 2013, consistent with the Commission’s August 15, 2013 Order, PPL Electric filed a revised Transmission Service Charge Refund Plan in Docket Nos. M-2010-2213754 and M-2011-2239805.

On September 27, 2013, the ALJ issued a Prehearing Conference Order, scheduling the prehearing conference for 10:00 AM on October 21, 2013 in Hearing Room 2, Commonwealth

Keystone Building, 400 North Street, Harrisburg, PA 17101, and directing the litigating parties to file a Prehearing Memorandum consistent with the Prehearing Conference Order on or before October 17, 2013.
