JAMES G. HEWITT

COMPLAINANT

DOCKET NO. C-2013-2389267

V.

PECO ENERGY COMPANY

RESPONDENT

- ¥ Preliminary Objections to Respondents answer and New Matter
- ¥ 1. Jim Hewitt was not GRANTED a utility account Number, nor has James Hewitt been granted access to account that was opened in 1994.
- 2. Electric and gas have been shut off without proper notice. Carbon Monoxide that was detected at one of the properties by Peco was a prior public health issue. Peco ignored complaint, creating a public hazard and chose not to address the serious matter at hearing, due to the fact it was not listed on former complaint properly.
- 3. individuals are judgment proof and all their assets must be protected for their use in PA
-
- ¥ 4. PUC should not dismiss complaint. Records state that prior complainant was enrolled also in the Cap tier E program, and that the valued customer will need to re-enroll in 2009 to be maintained in the CAP rate program. Properties that account transfer holder resided in should be credited with CAP TIER B for the entire period PECO has claimed that cap rates were granted to prior complainant.

- 5. I would like to open an account with PECO
