Notification of Non-Material Change in Corporate Ownership
Docket No. A-110162**

Dear Mr. McNulty,

On behalf of BOC Energy Services, Inc. ("BOC Energy Services"), enclosed for filing are an original and three (3) copies of this notice of a non-material change in corporate ownership.

Please be advised that Linde AG (a German corporation) has become the 100% owner of The BOC Group plc (an English corporation). BOC Energy Services is a fifth-tier subsidiary of The BOC Group plc. As a result of Linde AG acquiring ownership and control of the BOC Group plc, BOC Energy Services became a member of The Linde Group. The BOC Group plc remains a parent company of BOC Energy Services, and this is not expected to change.

Please date stamp the extra copy of this letter and kindly return it to our messenger for our filing purposes. Please contact the undersigned if you have any questions regarding this informational filing. Thank you.

Very truly yours,

RE: License Bond or Other Financial Security

Dear Mr. Stallica:

Pursuant to 66 Pa. C.S. §2809(c), no electric supplier license shall remain in force unless the licensee furnishes a bond or other security approved by the Commission to ensure the financial responsibility of the electric generation supplier and the supply of electricity at retail. The Commission's records indicate that the bond or other approved security provided by BOC Energy Services expires on December 31, 2006.

The Commission's regulations at 52 Pa. Code §54.40(d) require "the security level for each licensee will be reviewed annually and modified primarily based upon the licensee's reported annual gross receipts information. The security level will be 10% of the licensee's reported gross receipts." The minimum security level provided may not be less than the initial security level provided when the license was granted. Unless approved by the Commission, the initial security level is \$250,000.

The Commission's regulations at 52 Pa. Code §54.39(b) require a licensee to file an annual report on or before April 30 of each year, for the previous calendar year, in order to comply with 66 Pa. C.S. §2810(c)(6). This report discloses the total amount of gross receipts from the sale of electricity and the total amount of electricity sold during the preceding calendar year. You must use this same information in calculating the appropriate security level necessary to maintain your license.

In order for your company to maintain its status as a licensed electric supplier in the Commonwealth of Pennsylvania, it must provide proof to the Commission that a bond or other approved security has been obtained.

Your response in this matter is requested within fifteen (15) days of the date of this letter. Submit your response to the Commission's Secretary. Additionally, fax a copy of your response to James Shurskis at (717) 787-4750, Bureau of Fixed Utility Services.

DOCKETED
APR 19 2007

Failure to respond to this matter within fifteen (15) days will cause Commission staff to initiate a formal proceeding, that may lead to the following: cancellation of your company's electric supplier license, removal of your information from the Commission's website and notification to all electric distribution companies, in which your company is licensed to do business, of the cancellation of the license.

Please direct any questions to James Shurskis at (717) 787-8763, Bureau of Fixed Utility Services.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert A. Rosenthal". The signature is fluid and cursive, with a long, sweeping tail that extends to the right.
