SECRETARY'S BUREAU

PPL Electric Utilities Corporation (hereafter "PPL Electric"), by its attorney, hereby makes application pursuant to 66 Pa. C.S. § 1102(a)(3) for the approval of a transfer by sale of certain facilities, and in support thereof states:

1. Applicant is PPL Electric Utilities Corporation, Two North Ninth Street, Allentown, Pennsylvania 18101, a public utility incorporated in Pennsylvania for the purpose of supplying light, heat and power to the public by means of electricity in all or portions of twenty-nine counties in eastern-central Pennsylvania.

2. The name and address of PPL Electric's attorney is Paul E. Russell, Two North Ninth Street, Allentown, Pennsylvania 18101.

3. Herley Industries (hereafter "Herley"), a Pennsylvania corporation located in Lancaster County, Pennsylvania, is not affiliated with PPL Electric.

DOCKETED

AUG 15 2006

4. Herley desires to purchase all of PPL Electric's rights, title and interest in certain electric facilities located in the City of Lancaster as detailed in Exhibit A of the Agreement.

5. PPL Electric will recover the present day depreciated cost of these facilities and will no longer be responsible for maintenance thereof.

6. PPL Electric agreed to sell and Herley agreed to purchase the facilities for \$16,521, representing the present day depreciated cost of the facilities. Attachment 1, which is attached hereto and made a part hereof, contains the Agreement of Sale and a description of facilities.

7. The facilities' original cost, original depreciated cost, present day cost, and present day depreciated cost are as follows:

	<u>Other Facilities</u>	<u>Transformers</u>	<u>Total</u>
Original Cost Undepreciated	\$5,376	\$9,513	\$14,889
Original Cost Depreciated	1,067	7,706	8,773
Present Day Cost Undepreciated	11,032	17,774	28,806
Present Day Cost Depreciated	2,124	14,397	16,521

8. The sales price is the result of arms-length negotiations.

9. PPL Electric's engineering and operating representatives have reviewed the proposed sale of facilities and their relation to PPL Electric's operations.

PPL Electric is satisfied as to the adequacy, continuity, safety of service, and other relevant factors concerning electrical supply to Herley.

10. Approval of this application is necessary and proper for Herley to take service in a manner which does not: result in uneconomic removal expenditures to PPL Electric, cause duplication of facilities, or render PPL Electric's existing facilities less valuable. The application also recognizes Herley's right to service on the most favorable and economic basis under PPL Electric's retail tariff.

11. Attachment 2, which is attached hereto and made a part hereof, contains PPL Electric's responses to the Commission's Interrogatories concerning applications filed pursuant to 66 Pa. C.S. § 1102.

WHEREFORE, in view of the foregoing, PPL Electric respectfully requests that the Pennsylvania Public Utility Commission approve the above-captioned application for transfer of facilities by sale.

Respectfully submitted,

PPL Electric Utilities Corporation

1. Provide an accurate legal description and location identification of the property and the interest therein to be sold, leased or transferred.

Response:

1. See Exhibit A of Application Attachment 1.

2. Provide, where applicable, an inventory identifying the buildings, structures, fixtures and other improvements, including appurtenant removable

building equipment, which are considered to be part of the property for sale, lease or transfer.

Response:

2. See Exhibit A of Application Attachment 1.

Question:

3. State whether or not the sale, lease or transfer of the property will affirmatively promote the service, accommodation, convenience or safety of the public in some substantial way. Explain.

Response:

3. The sale will significantly benefit Herley Industries (hereafter "Herley"), by permitting more efficient and economical operations. PPL Electric Utilities Corporation (hereafter "PPL Electric") and its customers will be benefited by no longer maintaining the transferred facilities.

Question:

4. State the reason for the sale, lease or transfer of property.

Response:

4. Herley requested the transfer to decrease electric power costs.

Question:

5. State the alternatives that PPL Electric has considered to the prospective sale, lease or transfer.

Response:

5. PPL Electric did not consider any alternatives to the proposed sale because it is most efficient and in the public interest for the customer to receive service under the most advantageous applicable tariff provisions.

Question:

6. State whether or not the sale, lease or transfer of this property will result in an interruption or curtailment of existing services to the public. Explain.

Response:

6. The proposed sale will not result in an interruption or curtailment of existing services to the public.

Question:

7. State whether or not the sale, lease or transfer of this property will result in either a staff reduction or a termination of some portion of PPL Electric's operation. Explain.

Response:

7. The sale involves a minor portion of PPL Electric's assets and will not cause a staff reduction or a termination of any of PPL Electric's operations.

Question:

8. State whether or not the sale, lease or transfer of this property will result in a physical relocation of the main office, branch office or service office of PPL Electric.

Response:

Question:

9. State whether or not the sale of this property will require the acquisition of replacement property. If replacement is required, state the cost and description of the property to be acquired.

Response:

9. PPL Electric will not have to acquire replacement property due to the sale. The transferred facilities serve only Herley.

Question:

10. State whether or not PPL Electric anticipates or has reason to believe that it will be necessary to seek a rate increase in order to withstand the financial impact of the transaction that is the subject of these interrogatories. Explain.

Response:

10. PPL Electric does not anticipate a need to seek increased rates due to this sale.

Question:

11. State whether or not the property has been part of a rate case that has appeared before the PUC. If it has been, identify the case by Commission docket number and date.

Response:

11. The property to be transferred has been included in PPL Electric's most recently concluded rate case at Docket No. R-00049255, and in prior rate cases.

Question:

12. State whether or not the property is the subject of a state or federal proceeding. If it is, identify the proceeding and explain.

Response:

12. The property is not the subject of any state or federal proceedings.

Question:

13. State whether the property is to be sold at a price above or below its fair market value as determined by at least two appraisals and a third review appraisal with the three appraisals being performed by qualified independent real estate appraisers; if the property is stock, indicate the book value and current market value of the shares involved.

Response:

13. Independent real estate appraisals were not needed because real estate is not involved in the sale. The sales price is PPL Electric's present day cost depreciated.

Question:

- g. penalty costs and other charges for prepayment of any pre-existing recorded mortgage encumbering such property and
- h. net damages or benefits accruing to the remaining PPL Electric property.
