Re: Docket \# A-2010-2159563, SYR Solutions, L.P.
PA PUC Letter dated October 28, 2013 (copy enclosed)

In response to the subject letter, we offer the following:

1) The 2012 Annual Report for SYR Solutions, L.P. has been submitted to the PA PUC by separate letter dated November 8, 2013. We apologize for the delay, however we were given the impression by Commission Staff when submitting our 2011 Annual Report that future reports would not be necessary since we have no tax liability in the State of Pennsylvania. We will submit future reports on time as long as the requirement remains in place but believe this requirement is unnecessary because the nature of our business does not result in sales income in PA and there are other mechanisms to report changes in Company information.
2) As reflected in the 2012 Annual Report, SYR Solutions, L.P. has no sales income in the State of Pennsylvania, hence we believe that our financial security level should be the minimum possible. We have in place until January 2014 and have maintained in place for all prior periods of our electricity license a bond in the amount of $\$ 10,000$ from the Hartford Fire Insurance Company. Although we believe that the requirement for this bonding is unnecessary we intend to comply with the requirement and propose to continue to maintain a bond in the amount of $\$ 10,000$ as adequate financial security. Please advise if the amount of this bonding is satisfactory.

Best Regards,
