Re: Security Requirement for Progressive Energy Consultants, LLC

Dear Lisa Barry,

National Fuel Gas Distribution Corporation ("NFGDC") is aware Progressive Energy Consultants, LLC ("PEC") has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, PEC must furnish acceptable security to each utility where PEC will do business. As such, under its tariff, NFGDC could require PEC to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC's understanding that PEC intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, PEC will never take title to any delivered natural gas.

Based upon your representations, NFGDC has determined that, at this time, PEC does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by PEC change in the future, NFGDC reserves the right to require security from PEC as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7599.

Yours truly,

Nathan E. Barnes
