Madam:

I Cheryl Zuck totally disagree with the information that's been given to you and the fact that you would ever choose to discuss this. Ironically, again, Mom's tv was fine for approximately 2 weeks that I received a packet from you the PUC stating dismissal & Proctus, well that night the problem started again on Mom's tv. (Due to know your job is part for crap service) I also maintain that Cary banks (my contact at Verizon) has not called me back. Verizon did not come out to check anything out. And I did not make a comment about this being "a conspiracy by the Obama Administration".

Come on people grow up I VOTED FOR THE GUY! (And then a lawyer's offer that I spoke to... I understand that you need to ~~prove~~ that. Also my tv (w/ DVR) is still losing volume a bunch of times during the day (on the obvio station P23 on P27 channel).

Atty I need you to explain
why I had a ton of people
from Verizon call and say they
wanted to help me w/ my problem!
(After the complaint was filed
of course). And one local #
610-264... "Verizon" (how did a
local # get it)? - Darbett Williams
not only called but showed up at
my front door; wanted to make an
appointment to go over my problem.
I said I have a contact Gary
Bresler, and then not long after
Darbett Williams showed up
in the attorney's office. (He's really not
a common name!)

Please Explain!
Everything I am stating is another
fact and is your fault!

I have
P/K
