Dear Di Kellie:

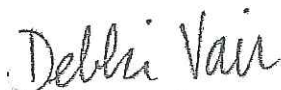

We are pleased that SFE Energy ("SFE") is providing Natural Gas Supply Service on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, SFE is required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. We have determined that SFE has satisfied this bonding and other financial security requirement to provide Natural Gas Supply Service to Columbia Gas customers. This was conditioned on the receipt of a deposit from SFE in the amount of \$5,000. We are acknowledging receipt of such deposit, and through this letter, Columbia Gas is notifying SFE that it currently meets Columbia Gas' bonding or other financial security instrument requirement under paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas.

If the creditworthiness circumstances or Columbia Gas' exposure to SFE change in the future, Columbia Gas might deem it appropriate to require SFE to increase the deposit or provide a bond or other financial security instrument.

In the meantime, please feel free to contact me at 614-460-4881 if you have any questions now or in the future regarding the bond or other financial security instrument requirements of Columbia Gas.

Sincerely,

Debbie Vair

RE: Security Requirement for SFE Energy Pennsylvania, Inc

Dear SFE Energy Pennsylvania, Inc:

Pursuant to 66 Pa. C. S. § 2208 (c), an applicant for a natural gas supplier license in the Commonwealth of Pennsylvania must furnish security to each utility where the supplier will do business to ensure the financial responsibility of such natural gas supplier. To this end, National Fuel Gas Distribution Corporation ("National Fuel") has performed a credit review and analysis of SFE Energy Pennsylvania, Inc ("SFE") and has determined that SFE must post a security deposit in cash, or a form of security acceptable to National Fuel, to operate as a supplier on National Fuel's system.

SFE's security requirement to serve Pennsylvania customers is dependent on the type of transportation service utilized by SFE. There is no Natural Gas Supplier (NGS) security requirement for customers that will be enrolled in National Fuel's Purchase of Receivable (POR) program. As such, SFE will not be required to post security for customers enrolled in the POR program. A security deposit will be required for transportation customers not enrolled in the POR program.

Should you have any questions concerning the above, please contact me at 716-857-7599.

Yours truly,

Nathan E. Barnes  
Transportation Services Department
