I am writing to explain to you the reason I can't provide evidence of insurance to the commission office. Top Quality LLC is a very small business, the reason I got the PUC number was to obtain work hauling water for the gas industry, I started hauling for a very short time after receiving my PUC number, when the company I was hauling for took there work out of state leaving me without any work, Not being able to find work for the truck, Left me without the ability to make any money, so could not afford to pay for the registration or insurance leaving me no choose but to drop the coverage. The truck has not and will not be driven on PA highways until a time that I could find work and comply with all of Pennsylvanians registration and insurance requirements. I apologize for any inconvenience but I was not aware that I could not maintain a PUC number until I could find work as long as the vehicle was not traveling on PA highways.

Thank you

Frank P Mills
