Dear Sir,

I am Mark Golding owner / Operator of Cranker's Antique Limo, I had a problem this past summer health wise and did not get the wavier request into you soon enough , so Basically you put me out of business since the 1937 Cadillac I use is the only car in my fleet , I could not renew it's fleet registration for my Limo plate without the waiver, and since the plate is not being renewed I canceled the insurance till we can work out , how I can get back in business and from what I understand I have to wait till next JUNE to get the waiver, so I felt since the car sits all winter in the garage why pay for insurance. I did understand that you would pull my PUC license till I got insurance again.

Unless you approve the waiver for this car sooner I can reinsure it, but with out the wavier I am completely out of business.

There should be a way that I can run my business with out this wavier, after all the company name speaks for it's self **CRANKER'S ANTIQUE LIMO** I only have the one car as pictured above.

If you need more information Please let me know.

Mark A . Golding
