Organizational Chart and Managerial Licensing Qualifications of Infinity Power Partners, LLC

Managing  
Partners

**Peter Selber**  
**Managing Partner**

Peter Selber has four and a half years of experience working in deregulated electricity and natural gas markets. Prior to forming Infinity Power Partners, Peter was an energy consultant at Choice Energy Services Retail where he started as an intern and worked his way up to consulting for large/mid commercial and industrial customers across Texas. In this role, Peter was also responsible for managing a team of four sales professionals where he assisted with the facilitation of structuring and negotiating retail electricity contracts, and successfully growing the group's sales year-over-year. By his final year of employment at Choice Energy Services, and through his sales efforts during the three year period, Peter grew his portfolio of cliental to an annual load exceeding 100,000 mWh's of electricity, and over 300,000 MMBtu of natural gas.

Since forming Infinity Power Partners twelve months ago, Peter has been instrumental in helping to build on their Texas portfolio with an annual consumption exceeding 200,000 mWh's of electricity and 300,000 MMBtu of natural gas. Through Peter's commitment and dedication, Infinity Power Partners has been successful in building a team capable of offering industry expertise, while providing their clients with an honest and transparent first class approach to energy procurement.

**Nick Altman**  
**Managing Partner**

Nick Altman has three and a half years of experience working in deregulated electricity and natural gas markets.

Immediately prior to forming Infinity Power Partners, Nick was an energy consultant at Choice Energy Services Retail where he focused his efforts on large/mid commercial real estate portfolios within ERCOT. In this role, Nick was responsible for managing a team of three sales professionals, and overseeing the facilitation and execution of retail electricity contracts. During his two years of employment at Choice Energy Services, Nick successfully grew his portfolio to where he was managing an annual load of 150,000 mWh's of electricity for his clients.

Nick and has been an integral part of the early success Infinity Power Partners has realized. As co-managing partner and head of sales, Nick recently finalized an eight year electricity contract for a publicly traded institution totaling over 150,000 mWh's over the term of the contract. Nick continues to devote his time and effort to growing Infinity Power Partners the right way, ensuring that the business conducted is that of shared common goals and values between himself, their team, and the portfolio of existing client.

Welcome to Pennsylvania's business community. The Department of Revenue has been advised that you are authorized to conduct business in Pennsylvania. The above Revenue ID number has been assigned to your business for tax reporting purposes. Please reference this number on all correspondence with the department.

Carefully review your name, address and tax information above for accuracy. If no federal employer identification number (FEIN) is indicated, please provide this number to the department as soon as it is available from the federal government. Write the FEIN and other changes or additions in the top, right-hand corner above and return this letter to the PA DEPARTMENT OF REVENUE, PO BOX 280705, HARRISBURG PA 17128-0705.

**FILING REQUIREMENTS**

The taxes you are required to report annually are identified above. Tax reports must be filed timely, even if there is no business activity or if the first year in business is less than 12 months. You are obligated to pay timely and file tax returns until you formally dissolve your corporate charter, file an out of existence affidavit or cancel a license or authorization. Failure to file and pay timely may result in penalties and liens. For information on tax due dates, visit the department's website at [www.revenue.state.pa.us](http://www.revenue.state.pa.us).

Pay particular attention to the month your fiscal year ends, identified above, for the following reasons:

- For capital stock/foreign franchise, corporate net income and mutual thrift taxes, the first quarterly estimated payments are due within 75 days following the incorporation/authority date.
- A federal subchapter S corporation desiring not to be taxed as a PA S corporation is required to file Form REV-976 on or before the due date or extended due date of the first tax period for which it is to be in effect. REV-976 is available at [www.revenue.state.pa.us](http://www.revenue.state.pa.us).

**SUBJECTIVITY TO CORPORATE TAXES FOR LIMITED LIABILITY COMPANIES AND BUSINESS TRUSTS**

- According to Section 601 of the Tax Reform Code, limited liability companies and business trusts are considered corporations for purposes of capital stock/foreign franchise tax, regardless of how they file with the Internal Revenue Service (IRS).
- Under Section 401, any entity that files as a corporation with the IRS is subject to PA corporate net income tax. A limited liability company or business trust that does not file as a corporation with the IRS is not subject to the PA corporate net income tax.

**ELECTRONIC FILING**

Payments of \$10,000 or more must be remitted electronically. Register online through the department's e-Services Center at [www.revenue.state.pa.us](http://www.revenue.state.pa.us) to send tax payments to the department online using e-TIDES.

The Department of Revenue appreciates your cooperation and wishes your business success in Pennsylvania. If you have any questions, visit the Online Customer Service Center at [www.revenue.state.pa.us](http://www.revenue.state.pa.us) or call the Taxpayer Service & Information Center at 717-787-1064.

Accountant's Compilation Report

To The Partners of:

Infinity Power Partners LLC  
Post Oak Central Three  
1990 Post Oak Blvd  
Suite 2450  
Houston, Texas 77056

I have compiled the accompanying balance sheet of INFINITY POWER PARTNERS LLC ( a Texas limited liability company) as of December 31, 2011, and the related statement of income for the twelve months then ended. I have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

My responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

Management has elected to omit substantially all of the disclosures and the statement of cash flows required by accounting principles generally accepted in the United States of America. If the omitted disclosures and statement of cash flows were included in the financial statements, they might influence the user's conclusions about the Company's financial position, results of operations, and cash flows. Accordingly, these financial statements are not designed for those who are not informed about such matters.

Sincerely,

DAVID D. SELMON  
Certified Tax Practitioner

**Trade Payments**

Examining how a company has paid its bills in the past can strongly indicate, but may not necessarily predict, how it will pay its bills in the future.

**D&B does not have sufficient data to calculate a trade payment risk for this company.**

**Detailed Trade Risk Insight**

The charts in this section show two important aspects of the company's payment behavior during the past year: 1) the aging profile of the company's accounts, and 2) amounts owed that have had to be written off or placed for collection (Derogatory Events). Use the links at the bottom of the section to see more details.

**Amounts Current and Past Due - Past 12 Months**

This chart shows the company's account aging profile over the past year. The chart lets you see at a glance the proportion of payments that were paid promptly versus those that were paid late.

**Key Data**

Key Data shows you how stable and well-established a company is, which can indicate its overall ability to pay its bills. Some companies are riskier than others, so review revenue, net worth, and number of employees to determine the company's general health. Look at years in business, length of management tenure, and the people involved in the company to determine how stable it is. Note whether the company is involved in a relatively high-risk industry. You can also check to see if there are any special events, such as a management or location change, that could adversely affect the company's ability to pay its bills. Click the links for more detailed information.

## D&B Predictive Scores and Insights

 D&B Predictive Scores and Insights allow you to make more informed credit decisions by identifying the potential risks based on past behavior. D&B's predictive scores are based on empirically-validated statistical models. While you can use them as one factor in making your credit decisions, you should be aware that the predictive scores represent statistical probabilities, not guarantees of future behavior.

## D&B Credit Limit Recommendation

 D&B's recommended Credit Limit is based on the company profile and on profiles of other companies of similar size, industry, and credit usage.

- D&B Conservative Credit Limit : \$2,500
- D&B Aggressive Credit Limit : \$10,000

## Risk of Financial Failure in the Coming 12 Months

 D&B calculates the Financial Stress Score using a statistically valid model derived from our extensive data files. This score predicts the likelihood in the coming 12 months that the company will cease business without paying all creditors in full, or undergo financial reorganization, or try to obtain relief from creditors under state or federal law.

- In D&B's view, this company has a **Moderate** risk of severe financial stress, such as a bankruptcy, over the next 12 months.
- Companies in the same Financial Stress Class as this company have around a 0.24% (24 per 10,000) likelihood of experiencing severe financial distress or financial failure in the coming 12 months.
- This is 50% Lower than the predicted failure rate for all businesses in D&B's database of 0.48% (48 per 10,000) in the coming 12 months.

## Risk of Financial Failure

These graphs let you select 3 ways of viewing the company's risk of financial distress in the coming year. They are all based on D&B's Financial Stress Score (FSS). The Score graph shows the actual FSS as calculated by D&B. The Percentile graph shows how the company's failure risk compares to all companies in the D&B database. The Class graph aggregates all companies into five groups, which makes it easier to identify a particular company's risk profile.

## Risk of Financial Failure - 12 Month Trend

This chart shows how the company's risk of financial failure has trended over the past 12 months. Companies whose risk of financial failure is increasing represent a higher risk than companies whose risk is steady or declining.

## Factors Related to Risk of Financial Failure

The risk factors listed below indicate the principal issues or conditions that contributed to the assessment of the company's risk of financial failure.

- Limited time under present management control.
- Higher risk legal structure.

## Risk of Payment Delinquency in the Coming 12 Months

D&B Report for:

# INFINITY POWER PARTNERS, LLC

D&B calculates the Commercial Credit Score using a statistically valid model derived from our extensive data files. This score predicts the likelihood in the coming 12 months that the company will pay its bills in a severely delinquent manner (90 days or more past terms), or try to obtain legal relief from creditors, or cease operations without paying all creditors in full.

- In D&B's view, this company has a Moderate risk of severe payment delinquency over next 12 months.
- Companies in the same Commercial Credit Class as this company have around a 18.40% likelihood of severe payment delinquency in the coming 12 months.
- This is 22% Lower than the predicted delinquency rate for all businesses in D&B's database of 23.50% in the coming 12 months.

## Risk of Payment Delinquency

These graphs let you select 3 ways of viewing the company's risk of payment delinquency in the coming year. They are all based on D&B's Commercial Credit Score (CCS). The Score graph shows the actual CCS as calculated by D&. The Percentile graph shows how the company's delinquency risk compares to all companies in the D&B database. The Class graph aggregates all companies into five groups, which makes it easier to identify a particular company's risk profile.

## Factors Related to Risk of Payment Delinquency

D&B Report for:

# INFINITY POWER PARTNERS, LLC

The Comparative Risk of Payment Delinquency chart lets you see how the company's risk of not paying its bills promptly compares to the average delinquency risk for its various peer groups, including companies in the same region, in the same industry, with the same employee size range, and with a comparable number of years in business.

The risk factors listed below indicate the principal issues or conditions that contributed to the assessment of the company's risk of payment delinquency.

- Insufficient number of payment experiences.
- Low number of satisfactory payments.
- General area credit conditions.

### Size & Creditworthiness: The D&B Rating

The D&B Rating can help you quickly assess a firm's size and overall creditworthiness.

- D&B has no financial information on file for this company

Date Assigned	D&B Rating	Size (Net Worth or Number of Employees)	Overall Creditworthiness
Current	-	--	--
11/22/2011	-	--	--

The blank rating symbol should not be interpreted as indicating that credit should be denied. It simply means that the information available to D&B does not permit us to classify the company within our rating key and that further enquiry should be made before reaching a decision. Some reasons for using a "--" symbol include: deficit net worth, bankruptcy proceedings, insufficient payment information, or incomplete history information. The blank ("") rating symbol should not be interpreted as indicating that credit should be denied. It simply means that the information available to D&B does not permit us to classify the company within our rating key and that further enquiry should be made before reaching a decision.

## Industry Classification

When evaluating credit, it is important to consider the company's primary industry and understand the risk pertaining to that industry based on current economic or local conditions. The SIC and NAICS codes on this page identify the type of economic or industrial activity the company engages in.

## SIC Codes

The 4-digit SIC numbers link to the industry classification descriptions on the Occupational Safety & Health Administration (OSHA) Web site. Links open in a new browser window. D&B adds an additional 4 digits to the end of the SIC code. This enables D&B to be more specific about a company's operations.

SIC Code	SIC Code Description
8742 9902	Business management consultant

## NAICS Codes

The North American Industry Classification System (NAICS) is a six-digit industry classification code. The first two digits specify the business sector, the third digit specifies the subsector, the fourth digit specifies the industry group, and the fifth digit specifies the industry. The sixth digit is designed for country specific classifications and may differ from one nation to the next.

NAICS Code	NAICS Code Description
541611	Administrative Management and General Management Consulting Services

## Complete Detailed Trade Risk Insight

The Detailed Trade Risk Insight shows two important aspects of the company's payment behavior during the past year: 1) the aging profile of the company's accounts (Accounts Current and Past Due), and 2) amounts owed to creditors that have had to be written off or placed for collection (Derogatory Events).

### Amounts Current and Past Due

The Accounts Current and Past Due section shows the aging profile of the company's accounts over the past year. This lets you determine the proportion of payments that were paid promptly versus those that were paid late. The chart allows you to see aging trends - has the company started to reduce or increase the proportion of obligations it pays promptly, or has this proportion remained constant over time.

## Detailed Trade Payment History

This table shows the details of individual trade payment experiences that have been reported to D&B's during the past three months. Each record reflects the payment record to one creditor, and each record is updated when a new payment to that supplier is reported. It should be noted that in some cases, a payment may be delayed beyond terms as a result of a dispute, missing invoice, or other similar circumstance.

Each experience shown is from a separate supplier. Updated trade experiences replace those previously reported.

Date Reported (month/year)	Payment Record	High Credit	Now Owes	Past Due	Selling Terms	Recency of Last Sale
11/12	Prompt	50	50	0		1 mo

**Anticipated** - Payments are received prior to date of invoice; **Discount** - Payments are received within trade discount period; **Prompt** - Payments are received within terms granted; **Slow** - Payments are beyond vendor's terms. For example, Slow 30\* means payments are 30 days due; **Prompt-Slow** - Some Payments are within terms, while others are paid beyond terms.

**TO CERTIFICATE HOLDER**

Our agency has issued the enclosed certificate of insurance on behalf of our client. We want to share with you some important information regarding certificates of insurance.

The Texas Legislature passed and Governor Perry signed Senate Bill 425 to become effective January 1, 2012. After this date it will be illegal for an agent or insurance company to issue evidence of insurance on a certificate form that has not been approved by the Texas Department of Insurance (TDI). It is also illegal for anyone to require an agent or insurance company to use a certificate form that has not been approved by the State.

The law provides some guidance on the content and limitations of certificates, as follows:

- A certificate is not an insurance policy and does not amend, extend, or alter the coverage afforded by the referenced insurance policy.
- A certificate shall not confer to a certificate holder new or additional rights beyond what the policy and endorsements provide.
- A certificate may not contain a reference to a legal or insurance requirement contained in a contract other than the underlying contract of insurance or endorsement to the insurance policy.
- A person may have a legal right to notice of cancellation, nonrenewal or material change or any similar notice only if (1) the person is named within the policy or an endorsement to the policy, and (2) the policy or endorsement, or a state or rule, requires notice to be provided.
- The law confirms that "a certificate of insurance that is executed, issued, or required and that is in violation with this chapter is void and has no effect."

Additional information concerning the new law may be obtained by contacting the TDI (800) 252-3439 or visiting the web site <http://www.tdi.texas.gov/rules/informal1216.html>.

For this reason, we may not be able to provide some of the specific certificate holder requested information which is outside the scope of the approved document. We are willing to explain each of these items and provide policy endorsements or other information subject to our client's approval.

We hope you will understand our position and ask that you give us a call if you have any questions or comments.

## About Us

Infinity Power Partners is a recently established energy management and consulting firm whose mission is to provide procurement and risk management services, ongoing market insight, and continuous account maintenance through the development of client-specific strategies. With over 50 years of combined industry expertise, IPP offers a unique, transparent, and technical approach ensuring our clients' energy-related needs are always fulfilled.

The beginning of our search for what works best for you is a dialogue that allows us to understand your needs and concerns. In our initial discussion will address items such as:

- When should one procure power?
- What term best fits your requirements?
- Which provider offers the most advantageous terms and structure?

The answers to these questions, plus many others, are the basis for IPP's value proposition. During the process we will provide transparency for where the market has been, where it is currently, and where it may go in the future, all results of several empirical data inputs. Furthermore, we understand that the quality providers soliciting your business directly do so with integrity and desire to do the right thing, but still come to the table at their agenda and not yours. In contrast, IPP's sole focus is your agenda, inclusive of budget requirements and product suitability which are identified by our analysis and defined by you.

## Infinity's Approach

Infinity's Director of Risk Management, Ron Fort, has structured and managed the power procurement for many large loads. IPP's approach addresses the primary component of energy cost, the price of wholesale power, as a financial instrument. This allows the forward curve of wholesale power price to be viewed and managed with a high degree of transparency and the ability to execute.

- Components Forward Curves
  - Natural Gas
  - Heat Rate

The basis of our decisions, strategies, and the metrics that measure progress is technical analysis, a discipline that believes price action best translates all fundamental changes of supply and demand into signals to act upon. Having this discipline enables decisions that provide us with unemotional answers and metrics to measure results.
