**BEFORE THE
PENNSYLVANIA PUBLIC UTILITY COMMISSION**

MICHAEL RIZZO	:	
Complainants	:	
v.	:	DOCKET NO. C-2014-2411114
	:	
PECO ENERGY COMPANY	:	
Respondent	:	

**PRELIMINARY OBJECTION OF RESPONDENT,
PECO ENERGY COMPANY**

Respondent, PECO Energy Company (“PECO”), pursuant to 52 Pa. Code § 5.101(a)(4) respectfully petitions this Honorable Commission to dismiss the instant Complaint as legally insufficient.

1. On March 20, 2014, PECO was served with a formal complaint filed by Michael Rizzo (hereafter “Complainant”). A copy of the Complaint is attached hereto as Exhibit “1”.

2. In his Complaint, the Complainant alleges the following:

My supplier is Xoom Energy. Xoom Energy has doubled and tripled their rates in the last month. I am outraged. This is totally unacceptable. My rate was .078, I have 2 properties in Frazer and those rates went up to .199 for each, more than double. My home bill @ 48 Stubridge Lane has more than tripled to .277. My highest winter bill was \$650. Now it is almost \$1600!!

I spoke with someone at Xoom Energy and they said my bill was a type-o. Also, he said that if I lock in @ .099 that I would not have to pay the initial increase. This is Xoom’s way of herding people to sign up for .099. I said to him that I will not sign anything until this issue is resolved.

See Exhibit “1”.

3. In his request for relief, the Complainant states:

To do what is right.

See Exhibit “1”.

4. In essence, the Complainant is disputing the rate he is paying to his supplier, Xoom Energy (“Xoom”) for electric service.

5. PECO therefore files the instant Preliminary Objection.

6. Pursuant to 52 Pa. Code § 5.101, preliminary objections may be filed against a complaint and dismissed for legal insufficiency. 52 Pa. Code § 5.101(a)(4).

7. Commission procedure regarding the disposition of preliminary objections is similar to that utilized in Pennsylvania civil procedure. Equitable Small Transportation Intervenors. v. Equitable Gas Co., 1994 Pa.PUC LEXIS 69, Docket No. C-00935435 (July 18, 1994).

8. In deciding preliminary objections, the Public Utility Commission must determine, based on the factual pleadings of the petitioner, if relief or recovery is possible. Roc v. Flaherty, 527 A.2d 211 (Pa. Cmwlth 1985).

9. A complaint must be able to recover under the law to survive a preliminary objection. Milliner v. Enck, 709 A.2d 417, 418 (Pa. Super. Ct. 1998) (“preliminary objection should be sustained only where it appears with certainty that, upon the facts averred, the law will not allow the plaintiff to recover”).

10. All of the non-moving party’s averments must be taken as true for the sake of deciding the preliminary objection. County of Allegheny v. Commw. of Pa., 490 A.2d 402 (Pa. 1985).

11. The court does not, however, need to accept, “unwarranted inferences from facts, argumentative allegations, or expressions of opinions.” Feingold v. McNulty, 2009 Phila. Ct. Com. Pl LEXIS 167, *3.

12. Section 703 of the Public Utility Code, 66 Pa. C.S.A. § 703(b) provides that the Commission may dismiss any complaint without a hearing if, in its opinion, a hearing is not necessary to the public interest.

13. A hearing is required only when there is a disputed question of fact, and is not required to resolve questions of law. Dee-Dee Cab, Inc. v. Pa.Pub. Util. Comm’n, 817 A.2nd 593 (Pa.Comm. Ct. 2003), petition for allowance of appeal denied, 836 A.2d 123 (Pa. 2003).

14. Here, there are no genuine issues of fact and PECO Energy is entitled to judgment as a matter of law with respect to all of the allegations in the Complaint.

I. Legal Insufficiency – Under both the Commission’s regulations and the contract between Xoom and the Complainant, PECO is not a party to the electric generation transaction.

15. The Complainant disputes the rate he is receiving from his supplier Xoom for electric service at his properties.

16. By way of background, on December 3, 1996, the Pennsylvania Legislature passed the Electricity Generation Customer Choice and Competition Act (“Competition Act”) under 66 Pa.C.S. § 2807.

17. The Competition Act required electric distribution companies, such as PECO to unbundle transmission, distribution and generation rates for retail customers. The Competition Act deregulated electricity generation and provided all customers in

Pennsylvania the opportunity to choose their electric generation supplier (“EGS”). 66 Pa.C.S. § 2807.

18. Section 2806(a) explicitly states:

All customers of electric distribution companies in this Commonwealth shall have the opportunity to purchase electricity from their choice of electric generation suppliers. The ultimate choice of the electric generation supplier is to rest with the consumer.

66 Pa.C.S. § 2806(a).

19. The Pennsylvania Public Utility Commission (“Commission”) issued regulations under 52 Pa. Code § 54.1 et. seq. to enable customers to make informed choices regarding the purchase of electricity services. 52 Pa. Code § 54.1(a).

20. The Commission approved Section 23 in PECO’s Electric Tariff to set forth the requirements for customers to switch to EGSs. See PECO’s Electric Service Tariff, Section 23, attached hereto as Exhibit “2”.

21. According to the Commission-approved tariff, customers were permitted to switch to EGSs and PECO Energy would “accommodate requests to switch in accordance with [Rule 23] and any applicable Commission Orders.” See PECO’s Electric Service Tariff, Section 23.

22. The Legislature and the Commission authorized customers to choose alternative electric suppliers consistent with the Electricity Generation Customer Choice and Competition Act, the regulations promulgated under 52 Pa. Code § 54.1; and PECO’s Commission-approved Electric Service Tariff.

23. The Complainant chose Xoom as his electric supplier and entered into a contract with Xoom for the rates he is receiving.

24. PECO is not the same company as Xoom and the rates at issue are not PECO's rates.

25. Indeed, pursuant to 52 Pa. Code § 54.5(c), EGSs (such as Xoom) selected by the customer have to provide a written disclosure statement, stating the contract's terms of service, including the generation charges and variable pricing statement, as well as the EGS's address, telephone number, Commission license number and Internet address, if available. 52 Pa. Code § 54.5(c)(11).

26. Additionally, pursuant to 52 Pa. Code § 54.4(b)(10), the billing statements that go out to customers who choose to receive electric supply from an EGS must include the following statements:

(i) Generation prices and charges are set by the electric generation supplier you have chosen.

27. The Complainant was placed on notice through his billing statement that his electric supplier sets the rates he is charged – not PECO.¹

28. Further, PECO is not a party to the contract between the Complainant and Xoom.

¹ PECO's billing statement specifically instructs customers to obtain information about switching to an EGS at www.papowerswitch.com. Once there, it states: "*Electric generation suppliers are responsible for posted prices. Please consult the ...electric generation supplier for prices, including introductory prices, renewable energy add on options, cancellation policies and any other discounts that may be available to you.*" There is also a consumer alert that states: "**Customers with variable contracts, or those with fixed contracts that have expired and were moved to a variable rate, may see their prices increase.**"

29. PECO's Electric Supplier Tariff specifically states at Section 5.4.1:

EGSs shall be solely responsible for having appropriate contractual or other arrangements with their Customers necessary to implement Direct Access consistent with all applicable laws, PAPUC requirements, and this Tariff. The Company shall not be responsible for monitoring, reviewing or enforcing such contracts or arrangements.

See PECO's Electric Supplier Tariff, Section 5.4.1, attached hereto as Exhibit "3".

30. In this case, PECO is not a party to the contract between the Complainant and Xoom. PECO has no knowledge of the contract and rate agreement the Complainant entered into with Xoom and has no visibility into that agreement.

31. The Complainant has not alleged that PECO incorrectly read the meter, which resulted in the incorrect rates.

32. The Complainant has not alleged that PECO incorrectly billed him.

33. The Complainant does not dispute the PECO charges on his bill.

34. Rather, the only dispute the Complainant alleges is with Xoom's supplier charges, over which PECO has no control.

35. The Complainants' Complaint, objecting to Xoom's rates does not allege a violation of any order, law or tariff that can be the basis of any finding against PECO.

36. Administrative Law Judge David Salapa ("ALJ Salapa") reached a similar conclusion in the matter Donald Mulzet v. PPL Electric Utilities Corporation, Docket No. C-2013-2367132 (Order entered July 22, 2013). In that case, the Complainant filed a formal complaint against PPL Electric alleging there were incorrect charges on his bill because

various electric suppliers, including Sarko Energy, were charging him higher rates than other suppliers. Id.

37. PPL Electric filed a Preliminary Objection, requesting the matter to be dismissed for legal insufficiency because the allegations in the complaint did not pertain to PPL Electric and only contested the rates charged by the suppliers. Id.

38. ALJ Salapa sustained PPL Electric's Preliminary Objection and dismissed the complaint as follows:

The Complainant has entered into agreements with various EGSs for electric supply and those EGSs have billed him at rates higher than the rates set forth in the agreements. Accepting the facts alleged in the complaint as true for purposes of disposing of its preliminary objections, the Respondent contends that the complaint fails to allege that the Respondent has violated the Public Utility Code, Commission regulations or orders. The Respondent concludes that the complaint is legally insufficient. I agree.

In order to be legally sufficient, a complaint must set forth "an act or thing done or omitted to be done or about to be done or omitted to be done by the respondent in violation, or claimed violation, of a statute which the Commission has jurisdiction to administer, or of a regulation or order of the Commission." 52 Pa. Code §5.22(a)(4). Here, the complaint does not allege any facts that could be construed as a violation by the Respondent of any statute, regulation or order which the Commission has jurisdiction to administer. The complaint is therefore legally insufficient. Id.

39. As stated above, the Complainant has not disputed the meter reading, billing or PECO charges and has only disputed the Xoom supplier charges.

40. Accordingly, the Complainant's formal complaint should be dismissed as it fails to set forth a violation by PECO of either the Public Utility Code, the regulations of the PUC or PECO's Electric Service Tariff as required by 52 Pa. Code §5.22(a)(4).

REQUEST FOR RELIEF

WHEREFORE, for the reasons set forth above, PECO Energy Company respectfully requests that your Honorable Commission summarily dismiss the Complainants' formal complaint, and all issues which were raised in the Complaint.

Respectfully submitted,

Only local courts in Philadelphia County can address this type of complaint. The PUC can address a complaint about service or incorrect billing even if that amount is subject to a lien.

In addition, the PUC generally does not handle complaints about cell phone or Internet service, but may be able to resolve a dispute regarding voice communications over the Internet (including the inability to make voice 911/E911 emergency calls) or concerns about high-speed access to Internet service.

The PUC can also fine a utility or company for not following rules and can order a utility or company to correct a problem with your service. Under state law, the PUC cannot decide whether a utility or company should pay customers for loss or damages. Damage claims may be sought in an appropriate civil court.

PUC, I am a PECO customer and my supplier is XOOM Energy.

XOOM energy has doubled and tripled their rates in the last month. I am outraged. This is totally unacceptable. My rate was .078, I have 2 properties in Trarza and those rates went up to .199 for each, more than double.

My home bill @ 48 Sturbridge Lane has more than tripled to .277. My highest winter bill was \$650. Now it is almost \$1600!!

Doesn't the PUC regulate PECO and their 60+ suppliers who all are scam artists. I own a limousine business and I am required by PUC laws that I must post the PUC Phone # so if the passengers have a complaint, they can call.

2

Why is Peco and their suppliers not required to put the PUC Complaint # on their invoices. Double standard

I can't raise my rates 5% let alone rise + 200% - 300%. I am not happy that PECO is the only game in town, they are a Monopoly that is not right! Everyone is already financially struggling and I feel that this is a kick while we are down.

I am only going to pay the rate of .099 which is still high but a moderate increase is O.K.

I spoke with someone at XOOM Energy and they said my bill was a type-o. Also, he said that if I lock in @ .099 that I would not have to pay the initial increase. This is XOOM's way of heading people to sign up for .099. I said to them that I will not sign anything until this issue is resolved.

23.4 A switch to an EGS will be effective as of the next scheduled meter reading date, provided the Company has received 11 days prior notice, which notice must include valid customer information as required by the controlling provisions of the Supplier Tariff. Upon receiving valid notice to switch an EGS, the Company shall notify the customer's existing EGS that such a request has been made. (C)

23.5 If and when a customer's EGS discontinues its supply in the event of bankruptcy, loss of license, or similar occurrence, or if a Customer is dropped by its EGS for non-payment or other reason then the customer may select a new EGS. The customer will receive its energy supply from PECO Energy until the switch becomes effective.

23.6 Nothing in this Rule 23 shall be interpreted to preclude EGSs from entering into agreements for supply with a term of service of one month. EGSs may enter into agreements for longer than one month. If a customer's service is switched to another EGS or to Default Service in accordance with this Rule 23, however, then PECO Energy will make the switch regardless of any claims by the previous EGS that the customer's agreement with the previous EGS precludes the switch. Nothing in this Rule 23, however, is intended to limit the previous EGS's contractual rights.

5.3.4

(a) If a Customer contacts the Company to discontinue electric service at the Customer's then current location, and initiates a request for service at a new location in the Company's service territory, the Company will notify the current EGS, via an EDI transaction, of the Customer's discontinuance of service for the account at the Customer's old location.

(b) If a Customer contacts the Company to discontinue electric service and indicates that the Customer will be relocating outside of the Company's service territory, the Company will notify the current EGS, via an EDI transaction, of the Customer's discontinuance of service for the account at the Customer's location.

5.4 Provisions relating to an EGS's Customers.

5.4.1 Arrangements with EGS Customers. EGSs shall be solely responsible for having appropriate contractual or other arrangements with their Customers necessary to implement Direct Access consistent with all applicable laws, PaPUC requirements, and this Tariff. The Company shall not be responsible for monitoring, reviewing or enforcing such contracts or arrangements.

5.4.2 Transfer of Cost Obligations Between EGSs and Customers. Nothing in this Tariff is intended to prevent an EGS and a Customer from agreeing to reallocate between them any charges that this Tariff imposes on the EGS, provided that any such agreement shall not change in any way the EGS's obligation to pay such charges to the Company, and that any such agreement shall not limit the right of the Company to seek recourse directly from the EGS's Customer for any charges owed to the Company by the EGS Customer or preclude the termination or reconnection of the EGS Customer by the Company as provided in the Company's tariffs.
