Dear Sir:

On February 23, 1998, a safety fitness review was conducted by an enforcement officer of the Pennsylvania Public Utility Commission. As a result of that review, your compliance with the Commission's motor carrier safety requirements has been determined to be:

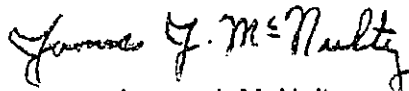

SATISFACTORY

A satisfactory review indicates that you have demonstrated at least a minimal compliance with this Commission's motor carrier safety regulations. The evaluation performed by this Commission is not a substitute for, or related in any way to, a rating issued by the Federal Highway Administration or any agency of another state.

If you have not already done so, to insure that all deficiencies identified on the Safety Fitness Review Report are corrected, please send a letter outlining the measures taken to correct those deficiencies to the district office noted on Page 5 of the safety fitness review report.

If you have any questions, please call this Commission's Motor Carrier Safety Office at (717) 772-2254.

Very truly yours,

James J. McNulty  
Secretary

Dear Motor Carrier Official,

Act 21 of 2001, signed by the Governor on June 19, 2001, amended the Pennsylvania Vehicle Code by adding subsection 4704 (c) (2) which states:

**(c) Operation prohibited if hazardous. -**

**(2) In the event a motor carrier vehicle or mass transit vehicle is involved in an accident that causes the death of the vehicle operator or another person, the motor carrier vehicle or mass transit vehicle shall be inspected by a qualified Commonwealth employe, as designated by the department in accordance with subsection (f), before the vehicle or driver will be allowed to continue operation.**

As noted in the above citation from the law, mass transit vehicles involved in a fatal crash are now required to have both the vehicle and operator inspected by a qualified Commonwealth employe before **either** will be allowed to continue to operate. For the inspection of mass transit vehicles, Motor Carrier Enforcement Officers of the Public Utility Commission have received the required training and are the officers designated, by the department, to conduct the required inspections. Please note that the required inspection only applies to rubber tired mass transit vehicles that travel on the highway and have a seating capacity of 15 or more, excluding the driver.

If your company does experience an involvement in a fatal crash, within Pennsylvania, you are to contact the appropriate PUC office, as soon as you become aware of the incident, as shown on the attached enclosures.

Should one of your vehicles be involved in a *fatal crash*, please, take the following steps:

**Monday thru Friday between 8am and 4:30pm:**

- Contact the District office that is nearest you.
- Report the crash location, where the vehicle will be taken, where the driver's files are located. **Note:** The vehicle is not to be tampered with or worked on, except that work that must be done to remove the vehicle from the highway, and the driver's records are to be kept as they were at the time of the crash.
- We will make every effort to respond to your report, as quickly as possible, as not to prohibit your vehicle or driver from returning to work. However, please remember that there may be times when the investigation may have to wait up to three (3) days before we can begin our required review.
- At the time of the vehicle inspection you are responsible to provide any mechanical hardware and assistance needed to check the critical items on the vehicle to determine their condition at the time of the crash.
- You will receive a copy of all the documentation that will be forwarded to PA Dept. of Transportation upon completion of the investigation.

**After 4:30 pm, Holidays and Weekends**

During these time periods you should place your call to the Division Safety Office Manager, Don Wilson, at the numbers listed on the following page. Mr. Wilson will arrange for the investigation to begin as soon as practical after the call is received. He will also keep in contact with the carrier during this inspection process.

If there is anyone in your company who may need clarification on duties and responsibilities in the case of a fatal crash, within the Commonwealth, contact Mr. Wilson's office for clarification and assistance.

A notice was sent to this office indicating that our PUC operating rights have been suspended, due to cancellation of cargo liability insurance. We no longer need cargo coverage because we sold all of our motor coaches and no longer transport luggage. Although, we still have vans, school buses, and a limo that provide group and party services.

Our insurance company will be sending you Form E. I have instructed them to fax a copy of the form and to send you the hard copy.

All correspondence that we receive from PUC is addressed to Tri County Transportation, Inc. dba Happy Times Charter, ET AL. Please remove Happy Time Charter, ET AL from our account. When we owned the motor coaches this was the name painted on the outside of them. As you are aware, we no longer have the coaches and there is no need to use the name.

The PUC number in question is A-00107235. Your prompt response would be greatly appreciated. If additional information is required, please do not hesitate to contact me at (814) 948-6537.
