Re: Rodger Cornish v. Respond Power LLC, C-2014-2411133

To Whom It May Concern,

The attached letter sent to you from MajorEnergy is a complete lie. We have not come to any resolution. If Mr. Lapin has one please demand he show you the written proof. I will guarantee if he provides one it is a complete forgery. My email reply could not be delivered to him because of technical delivery problems on their side. So Mr. Lapin could not have known if we had any sort of resolution.

The attached letter makes me even more suspicious of this company's business dealings with customers. I was under the impression I was under a 12-month "fixed" rate. The shock of the \$1,052 monthly electric bill quickly woke me up to this not being the case. If a company has no conscience in lying to the PUC, then you know they have no qualms in doing the same to any of their customers.

Respectfully,

Rodger Cornish

PS: Is MajorEnergy still in business? I tried to respond to Mr. Lapin's email but it could not be delivered because of a permanent technical issue on their side.
