A-2013-2379461

Subject: PECO LOA / Bonding Letter, PAPUC Docket # 2013-2379461

Dear Commission,

Enclose is a bonding letter from PECO stating that Sperian Energy Corp has met the creditworthiness business requirement involved with the Pennsylvania Gas Choice – Low Volume Transportation program.

Sperian Energy Corp is amending its original application in order to only enter PECO territory as a Natural Gas Supplier and will amend at a later date when it intends to enter additional markets.

This should satisfy the commission's request and allow the proceeding for approval for Sperian Energy Corp to become an NGS.

Please contact Max Smith if you have any further questions at 888.682.8082.

Thank you

Best Regards,

Max Smith
Executive Vice President
Sperian Energy Corp

Energy Acquisition is providing this notification letter that Sperian Energy has met the creditworthiness business requirement involved with the Pennsylvania Gas Choice - Low Volume Transportation program, pursuant to the receipt of an initial Surety of \$35,000.00 Guaranty. The Surety may be submitted to PECO via three acceptable forms; a Cash Deposit, a Letter of Credit, or a Surety bond. PECO will hold any surety to cover potential obligations to PECO and other system costs that could result from failure of a Supplier to meet its competitive Natural Gas Supply service delivery obligations.

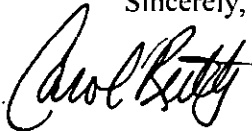

Please note, although the creditworthiness requirements were met, as referenced within Section 7.13 (Creditworthiness of a Natural Gas Supplier (NGS) Serving Low Volume Transportation Customers) of the Gas Service Tariff, PECO has the right to re-assess the creditworthiness of the company if PECO has any reason to suspect a change in the marketer's financial condition.

If you should have any questions regarding this matter, please contact the Electric & Gas Choice Hotline at 215-841-3700.
