PROTEST

FILE

TO THE PENNSYLVANIA PUBLIC UTILITY COMMISSION:

In accordance with 52 Pa. Code Section 3.381, protest of the above application is hereby made on behalf of the below named motor carrier:

CARRIER	ADDRESS	DOCKET NO.
J.C. Services, Inc. t/d/b/a J.C. Van Service	7350 Wissinoming St. Philadelphia, Pa. 19136	A-96738 & A-00096738 Folder 1, Am-E

on the following grounds:

1. That there is no public need for the proposed service, nor would the application for such proposed service be necessary or proper for the service, accomodation, convenience or safety of the public.

2. That the application prayed for, if granted, would authorize a service which would be unnecessary and destructively competitive with the rights, powers and privileges now being exercised by the Protestant.

3. Protestant protests in addition the entire area sought in the application.

4. Pursuant to the regulations of the Public Utility Commission, photocopies of the Certificates of Public Convenience covering the Protestant's operations are attached hereto, marked

REPORT AND ORDER
APPROVING TRUCKING SERVICE

BY THE COMMISSION:

This matter being before the Pennsylvania Public Utility Commission upon application of WARE'S VAN AND STORAGE CO., INC., a corporation of the Commonwealth of Pennsylvania, received November 10, 1971, to operate motor vehicles as a common carrier and having been duly presented in accordance with the rules of the Commission, and full investigation of the matters and things involved having been had, and it appearing that the rights granted herein are in effect a transfer of the rights which have been held by E. EDNA KULHOLLAND, trading and doing business as JAMES KULHOLLAND MOVING AND STORAGE, under report and order issued at A. 93339 on November 21, 1966, and the certificate of public convenience issued thereunder, which certificate will be subsequently cancelled, as of the date of this order upon compliance with the tariff and insurance requirements of the Commission by WARE'S VAN AND STORAGE CO., INC., a corporation of the Commonwealth of Pennsylvania, the Commission finds and determines that approval of the application limited to the following rights:

To transport, as a Class D carrier, new furniture, either crated or uncrated, from points in the city and county of Philadelphia to points in the township of Upper Darby Delaware County.

To transport, as a Class D carrier, new furniture, either crated or uncrated, from points in the township of Upper Darby, Delaware County, to other points in Pennsylvania within an airline radius of twenty-five (25) statute miles of Philadelphia City Hall.

To transport, as a Class D carrier, household goods and office furniture, in use, between points in the counties of Philadelphia, Delaware, Montgomery and Bucks, included within a line which connects the boundaries of Chester, West Chester, Paoli, Morris-
town, Doylestown and Morrisville, but not including said places.

and subject to the following conditions, is necessary or proper for the service, accommodation or convenience of the public:

FIRST: That the certificate holder is limited and restricted to the operation of the motor vehicles as named and described in the equipment certificate, to be subsequently issued.

SECOND: That the approval hereby given is not to be understood as committing the Commission, in any proceedings that may be brought before it for any purpose, to fix a valuation on the property and rights to be acquired by applicant from the present certificate holder equal to any value that may be placed thereon by applicant, or to approve or prescribe rates sufficient to yield a return thereon.

THIRD: That applicant shall not record in its utility accounts any amount representing the rights herein granted, in excess of the actual cost of such rights to the original holder thereof.

FOURTH: That the applicant charge to Account 1550, Other Intangible Property, \$2,000, being the amount of the consideration payable by it for the rights and going concern value attributable thereto, less any amount recorded under condition 3 above.

FIFTH: That the certificate holder shall comply with all of the provisions of the Public Utility Law as now existing or as may hereafter be amended, and Revised General Order No. 29, effective July 1, 1939, or as may hereafter be revised, and any other rules and regulations as may hereafter be prescribed by the Commission. Failure to comply shall be sufficient cause to suspend, revoke or rescind the rights and privileges conferred by the certificate.

NOW, to wit, February 1, 1972, IT IS ORDERED: That upon compliance with the requirements of the Public Utility Law relating to insurance and the filing and acceptance of a tariff establishing just and reasonable rates, a certificate of public convenience issue evidencing the Commission's approval of the right to operate as above determined.

IT IS FURTHER ORDERED: That in the event said applicant has not, on or before thirty days from the date of the service of this order, complied with the requirements hereinbefore set forth, the application shall be dismissed without further proceedings.

Dear Judge Myers:

This will acknowledge receipt of your letter of June 20, 1986 concerning the current status of the above-referenced case.

We have been working with protestants in an effort to resolve the conflicts and have made some progress. If all opposition to this application can be eliminated, the application then could be referred to the Commission for modified procedure. Under the circumstances, we would ask that further hearings ~~not be scheduled~~ at this time.

A-106599

Dear Judge Myers:

On July 22, 1986 we filed in behalf of Broadway Moving and Storage Company, Inc., a Restrictive Amendment with the Commission, as a basis for the withdrawal of the protests filed to this Application.

As a result, the protests of J. C. Van Services, Inc. and Read's Van Service represented by Scott A. Petri were withdrawn and the protest of Movers World, Inc. represented by John Fullerton was withdrawn.

The protests of Ware's Van and Storage, Inc., Clemmer Moving & Storage, Inc., and Diehl Storage Company represented by William H. R. Casey remain unresolved.

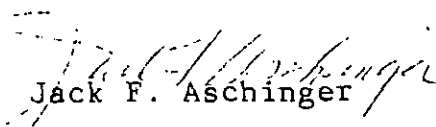

It is respectfully requested that a Prehearing Conference be scheduled to determine the interests of these remaining Protests to this Application, in the light of the Restrictive Amendment.

Very truly yours,

Dear Mr. Aschinger:

HIS Equipment Marketing Co. has, in the past, had occasion to move equipment intra-Pennsylvania.

We have been utilizing Broadway Moving & Storage for most of our nationwide moves and would like to use their services for intra-Pennsylvania moves as well. In particular, we use two refurb Centers, Indep and Ivyland which are located in Bucks County.

We would appreciate any assistance you can give us.

Very truly yours,

Agnes Hild

To Whom It May Concern:

I am writing this letter in support of an application filed on behalf of Broadway Moving & Storage, Inc. for Pennsylvania intra-state authority.

We currently move equipment throughout the East using Broadway as our intra New Jersey carrier and interstate carrier. Their excellent service and competitive prices would make their authority in Pennsylvania a valuable asset to my business. Their proximity to Bucks County and in particular Indep and Computer Hardware would allow me to use them in Pennsylvania on a regular basis. Currently there is not a qualified electronics hauler closer to me than Broadway. This affords us lower prices and faster service!

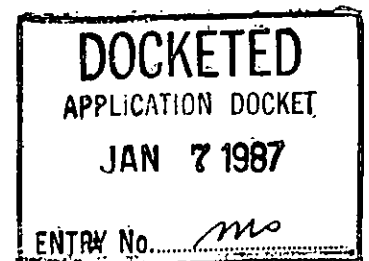

Please consider my support of Broadway when a decision is made.

Thank you for your consideration in this matter.

Respectfully Submitted,

John T. Topley

Dear Judge Myers:

This is to confirm our discussions today concerning the above-captioned application and cancellation of the Prehearing Conference scheduled for October 7, 1986, on the basis of an agreement with William H. R. Casey, Esquire whereby the protests of Ware's Van and Storage, Inc.; Clemmer Moving & Storage, Inc., and Diehl Storage Company will be withdrawn.

The formal withdrawal of these protests by Mr. Casey based upon our agreement will eliminate the remaining protests to this application.

VERIFIED STATEMENT OF APPLICANT

1. LEGAL NAME AND DOMICILE OF APPLICANT

Broadway Moving and Storage, Inc.
130 Durand Avenue
Trenton, New Jersey 08611

On April 1, 1985 it received its Certificate of Authority to do business within the Commonwealth of Pennsylvania with its registered office in this Commonwealth, 250 North Pennsylvania Avenue, Morrisville, PA. See Attached

2. IDENTITY AND QUALIFICATIONS OF PERSON MAKING STATEMENT FOR APPLICANT AND BACKGROUND

Richard N. Crocker, President.

This business is a family owned and operated business, established in the mid 1930's by Peter N. Crocker. By servicing the immediate Trenton, NJ and Morrisville - Yardley, PA areas, the business has grown from a single truck and office to include approximately 35 vehicles and 6 warehouses. The Company is currently being run by Richard N. Crocker, President and David P. Crocker, Secretary/Treasurer, sons of Peter Crocker, the founder.

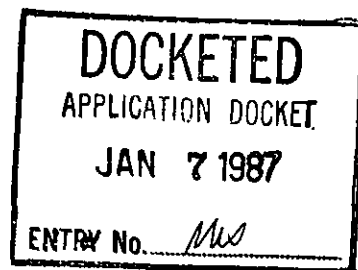

Richard N. Crocker: 1967 Graduate of Pennsbury High School, Fairless Hills, PA and 1971 Graduate B.A., University of Rhode Island Business School. Since Broadway is family owned and operated, Richard N. Crocker worked at and around the facility as a teenager and started working full time in the Fall of 1971. Since then, he has expanded the Office and Household Goods Transportation segment of the business.

David R. Crocker: 1971 Graduate of Pennsbury High School and 1975 Graduate B.A., University of Rhode Island Business School. David also has "grown-up" with the business and has particularly expanded the electronics transport segment of the business.

The Crockers definitely are Pennsylvania oriented. Peter N. Crocker moved into Yardley with his family in 1954 and continues to reside there. David Crocker has owned his home in Yardley since 1977 and Richard has owned his home in Washington Crossing since 1976.

4. AUTHORITY SOUGHT
(As Initially Filed and As Amended)

On October 10, 1985, Broadway filed its application with the Commission for the right to transport (1) household goods, new and used, and (2) Office equipment and supplies, new and used, between points in the County of Bucks and from said points to points in Pennsylvania, and (3) electronic equipment to and from the facilities of Indep, Borough of Willow Grove, Montgomery County and (4) electronic equipment to and from facilities of Computer Hardware, Ivyland, Warminster Township, Bucks County.

On December 6, 1985 the Commission re-captioned this application as follows:

"A-00106599 BROADWAY MOVING & STORAGE, INC. (130 Durand Avenue, Trenton, New Jersey 08611), a corporation of the State of New Jersey--(1) household goods, personal effects and property used or to be used in a dwelling when a part of the furnishings, equipment or supplies of such dwelling is an incidental part of a removal by the householder from one domicile to another; furniture, fixtures, equipment and the property of stores, offices, museums, institutions, hospitals or other establishments when a part of the stock, equipment or supply of such stores, offices, museums, institutions, hospitals or other establishments, in connection with the removal from one location to another; and articles, in use, including objects of art, displays and exhibits which because of their unusual nature or value require specialized handling and equipment usually employed in moving household goods, between points in the county of Bucks, and from points in said county, to points in Pennsylvania; (2) new and used furniture, fixtures and appliances, between points in the county of Bucks, and from points in said county, to points in Pennsylvania; (3) office equipment and supplies, new and used, between points in the county of Bucks and from points in said county to points in Pennsylvania; (4) Electronic equipment from the facilities of Indep, located in the borough of Willow Grove, Montgomery County, to points in Pennsylvania, and vice versa; and (5) electronic equipment from the facilities of Computer Hardware Service Center, located in the borough of Ivyland, Bucks County, to points in Pennsylvania, and vice versa.

Protests were filed by Scott A. Petrie for J. C. Van Services, Inc. and Reads Van Service; by John Fullerton for Movers World, Inc.; and by William H. R. Casey for Ware's Van and Storage, Inc., Clemmer Moving and Storage, Inc. and Diehl Storage Company.

VERIFIED STATEMENT OF APPLICANT

As a result of Restrictive Amendments all protests were withdrawn and resulted in the following conditions and/or exceptions:

"To transport (1) household goods, personal effects and property used or to be used in a dwelling when part of the furnishings, equipment or supplies of such dwelling is an incidental part of a removal by the householder from one domicile to another; furniture, fixtures, equipment and the property of stores, offices, museums, institutions, hospitals or other establishments when a part of the stock, equipment or supply of such stores, offices, museums, institutions, hospitals or other establishments, in connection with the removal from one location to another, and articles, in use, including objects of art, displays and exhibits which because of their unusual nature or value require specialized handling and equipment usually employed in moving household goods, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of a line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown, and from said points to points in Pennsylvania; (2) new and used furniture, fixtures and appliances, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of the line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown and from said points to points in Pennsylvania, further limited to moves which are incidental or part of an office move or transfer; (3) office equipment and supplies, new and used, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of a line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown, and from said points to points in Pennsylvania, further limited to moves which are incidental or part of an office move or transfer; (4) electronic equipment from the facilities of Indep, Montgomery County, to points in Pennsylvania, and vice versa; and electronic equipment from the facilities of Computer Hardware Service Center, located in the Borough of Ivyland, Bucks County, to points in Pennsylvania, and vice versa."

Essentially these Restrictive Amendments except the northern and southern portions of Bucks County, but preserves to Broadway the Trenton, N.J. and Morrisville-Yardley areas which Broadway served for years (Central Bucks County), as indicated heretofore.

5. GENERAL SCOPE OF CURRENTLY AUTHORIZED OPERATIONS

Broadway's currently authorized rights to transport Household Goods and related activities include its N.J. Certificate and its ICC Certificate. Of special significance is its ICC Certificate attached hereto.

For years the Crockers had been of the opinion that they had the authority to transport household goods between points in Pennsylvania under their ICC Certificate, as defined by ICC, reading as follows:

"Between Trenton, N.J., on the one hand, and on the other hand, points in Pennsylvania, New York, Ohio, Delaware, Maryland, Rhode Island, Connecticut, Massachusetts, and District of Columbia."

"Between points in New Jersey, and Pennsylvania within 25 miles of Trenton, N.J. (excluding Trenton), on the one hand, and, on the other, points in New York, New Jersey, Pennsylvania, Ohio, Delaware, Maryland, Rhode Island, Connecticut, Massachusetts and the District of Columbia."

These rights date back to 1940. At that time the rights were being operated by Peter Crocker, Jr., d/b/a Broadway Express. It is to be noted that the certificate includes "Between Trenton, N.J. on the one hand, and, on the other hand, points in Pa...."; and Between points in N. J. and Pa. within 25 miles of Trenton (excluding Trenton) on the one hand, and, on the other, points in...Pa. The Crockers understood this to be authority for operating locally within Pa., as long as the Company was within 25 miles of Trenton, and conducted various moves within this area for over 40 years, until confronted by Pa. P.U.C. officers after Broadway completed the intrastate Bucks County move which resulted in a complaint. [This is not an unreasonable interpretation. This Commission presently promulgated a regulation for registration of intrastate operating authority issued by the ICC in the case of motor carriers of passengers: Pa. Bulletin, dated 11/1/86, p. 4277].

By Order entered on January 21, 1985 the Commission sustained the complaint against Broadway Moving & Storage, Inc., at C-850005 for transportation of household goods between points in Pennsylvania on September 24, 1984 without a Certificate of Public Convenience or a Permit. Broadway Moving & Storage satisfied this complaint by payment of the

fine. Since then, Broadway has not conducted any intrastate moves in Pennsylvania. Rather it is seeking authority to do so by this application.

In communications Broadway has an AT&T phone system in its offices and truck yard area and 3 trucks equipped with AT&T mobile phones for instant dispatch.

9. PERTINENT EQUIPMENT

See Attached Schedule

10. TYPE OF SERVICE CURRENTLY PROVIDED TO THE SUPPORTING WITNESSES

Based upon the Restrictive Amendments it would appear that there is no real and/or substantial conflict between Protestants and the area Broadway seeks under the application, as amended. Under the circumstances this area should have available to it access to a carrier prepared to serve this area, and Broadway is prepared to do so. The authority it seeks by this Application, as amended, therefore is responsive to and will fulfill a public need. Indeed, it has served the immediate Trenton, N. J. and Morrisville-Yardley areas (Central Bucks County) for years.

11. TYPE OF SERVICE TO BE OFFERED

The service offered by Broadway Moving and Storage is highly specialized, requiring special handling and special equipment. See Exhibit C of the Application attached hereto

as indicative of the specialized nature of these operations, requiring as they do specialized equipment.

12. FINANCIAL DATA

See attached balance sheet and Income Statement.

13. WHETHER SERVICE PROVIDED WILL CREATE EMPTY MILES OR BACKHAULS

Empty miles that may be created by our location are not more than can reasonably be expected in this type of transportation.

14. ANY OTHER INFORMATION DEEMED APPROPRIATE

We are especially well-qualified to provide the services described and particularly in the area where the Company seeks to serve. The Crockers are predominantly Pennsylvania oriented, i.e., the entire family are residents of Pennsylvania. Its Interstate rights in Pennsylvania, together with Intrastate rights in Pennsylvania will enable Broadway Moving and Storage Co., Inc. to provide a more complete service.

SERVICE DATE

DECEMBER 2, 1964. NO. MC 77414*

BROADWAY MOVING & STORAGE, INC.,
TRENTON, NEW JERSEY

At a Session of the INTERSTATE COMMERCE COMMISSION, Division 1,
held at its office in Washington, D. C., on the 2nd day of
December, A. D., 1964.

AFTER DUE INVESTIGATION, It appearing that the above-named
carrier has complied with all applicable provisions of the Inter-
state Commerce Act, and the requirements, rules, and regulations
prescribed thereunder, and, therefore, is entitled to receive
authority from this Commission to engage in transportation in
interstate or foreign commerce as a motor carrier; and the
Commission so finding;

IT IS ORDERED, That the said carrier be, and it is hereby,
granted this Certificate of Public Convenience and Necessity as
evidence of the authority of the holder to engage in transporta-
tion in interstate or foreign commerce as a common carrier by
motor vehicle; subject, however, to such terms, conditions, and
limitations as are now, or may hereafter be, attached to the
exercise of the privileges herein granted to the said carrier.

IT IS FURTHER ORDERED, and is made a condition of this
certificate that the holder thereof shall render reasonably
continuous and adequate service to the public in pursuance of
the authority herein granted, and that failure so to do shall
constitute sufficient grounds for suspension, change, or
revocation of this certificate.

IT IS FURTHER ORDERED, That the transportation service
to be performed by the said carrier in interstate or foreign
commerce shall be as specified below:

IRREGULAR ROUTES:

Household goods as defined by the Commission,

Between Trenton, N. J., on the one hand, and, on the
other, points in Pennsylvania, New York, Ohio, Delaware,
Maryland, Rhode Island, Connecticut, Massachusetts, and
the District of Columbia.

Between points in New Jersey and Pennsylvania within
25 miles of Trenton, N. J. (excluding Trenton), on the
one hand, and, on the other, points in New York,
New Jersey, Pennsylvania, Ohio, Delaware, Maryland,
Rhode Island, Connecticut, Massachusetts, and the
District of Columbia.

AND IT IS FURTHER ORDERED, That this certificate shall supersede Certificates Nos. MC 77414 and MC 77414 Sub 1, issued September 24, 1943, and June 11, 1948, respectively, acquired by the above-named carrier pursuant to MC-FC 67084, and that said certificates be, and they are hereby, canceled: —

By the Commission, division 1.

HAROLD D. MccOY,
Secretary.

(SEAL)

*This certificate embraces the operating rights in the certificates superseded and canceled in the last ordering paragraph above.

In re: Application of
Broadway Moving and Storage, Inc.
A-106599

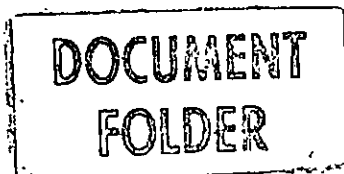

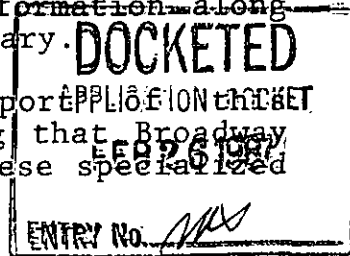

Dear Mr. White:

We enclose the following additional information concerning the above-captioned application.

(1) Richard Crocker's letter of January 8, 1987, pertaining to his New Jersey Intrastate authority, indicating the type of property being handled under its Household Goods authority, including, among other things office equipment and supplies and electronic equipment. Pennsylvania authority thus would tie-in with its New Jersey authority and its ICC authority. See our letter of January 16, 1987.

(2) Richard Crocker's letter of February 20, 1987 indicating the type of property handled within Pennsylvania under the impression that the Company's ICC authority permitted this transportation. Should you desire additional information along this line we could attempt to obtain it, if necessary.

(3) Verified Statement in further support of application covering Office Equipment, indicating that Broadway is especially qualified technically to provide these specialized services, for which authority is sought.

Mr. Richard H. White

(4) A Memorandum in support of the Application, as amended.

We appreciate and thank you for the considerations which you have extended to us during the course of this review. We are prepared to have this application reviewed on the record before you at this time, unless you should desire in any respect additional information.

Very truly yours,

Application of Broadway Moving and Storage, Inc.
A-106599

Memorandum In Support of Application
Statement of the Case

On October 10, 1985 Broadway Moving and Storage, Inc. ("Broadway") filed its application with the Commission for the right to transport (1) household goods, new and used, and (2) office equipment and supplies, new and used, between points in the County of Bucks and from said points to points in Pennsylvania, and (3) electronic equipment to and from the facilities of Indept, Borough of Willow Grove, Montgomery County and (4) electronic equipment to and from facilities of Computer Hardware, Ivyland, Warminster Township, Bucks County.

On December 6, 1985, the Commission re captioned this application as follows:

"A-00105499 BROADWAY MOVING & STORAGE, INC. (130 Durand Avenue, Trenton, New Jersey 08611), a corporation of the State of New Jersey--(1) household goods, personal effects and property used or to be used in a dwelling when a part of the furnishings, equipment or supplies of such dwelling is an incidental part of a removal by the householder from one domicile to another; furniture, fixtures, equipment and the property of stores, offices, museums, institutions, hospitals or other establishments, in connection with the removal from one location to another; and articles, in use, including objects of art, displays and exhibits which because of their unusual nature or value require specialized handling and equipment usually employed in moving household goods, between points in the county of Bucks, and from points in said county, to points in Pennsylvania; (2) new and used furniture, fixtures and appliances, between points in the county of Bucks, and from points in said county, to points in Pennsylvania; (3) office equipment and supplies, new and used,

between points in the county of Bucks and from points in said county to points in Pennsylvania; (4) Electronic equipment from the facilities of Indep, located in the borough of Willow Grove, Montgomery County, to points in Pennsylvania, and vice versa; and (5) electronic equipment from the facilities of Computer Hardward Service Center, located in the borough of Ivyland, Bucks County, to points in Pennsylvania, vice versa."

Protests were filed by Scott A. Petrie for J. C. Van Services, Inc. and Reads Van Service; by John Fullerton for Movers World, Inc.; and by William H. R. Casey for Ware's Van and Storage, Inc., Clemmer Moving and Storage, Inc. and Diehl Storage Company.

As a result of Restrictive Amendments all protests were withdrawn and resulted in the following conditions and/or exceptions:

"To transport (1) household goods, personal effects and property used or to be used in a dwelling when part of the furnishings, equipment or supplies of such dwelling is an incidental part of a removal by the householder from one domicile to another; furniture, fixtures, equipment and the property of stores, offices, museums, institutions, hospitals or other establishments when a part of the stock, equipment or supply of such stores, offices, museums, institutions, hospitals or other establishments, in connection with the removal from one location to another, and articles, in use, including objects of art, displays and exhibits which because of their unusual nature or value require specialized handling and equipment usually employed in moving household goods, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of a line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown, and from said points to points in Pennsylvania; (2) new and used furniture, fixtures and appliances, between points in Bucks County, excepting those points north of Route 202, but

not excluding Doylestown and excepting those points south of the line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown and from said points to points in Pennsylvania; (2) new and used furniture, fixtures and appliances, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of the line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown and from said points to points in Pennsylvania, further limited to moves which are incidental or part of an office move or transfer; (3) office equipment and supplies, new and used, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of a line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown, and from said points to points in Pennsylvania, further limited to moves which are incidental or part of an office move or transfer; (4) electronic equipment from the facilities of Indep, Montgomery County, to points in Pennsylvania, and vice versa; and electronic equipment from the facilities of Computer Hardware Service Center, located in the Borough of Ivyland, Bucks County, to points ;in Pennsylvania, and vice versa."

Essentially these Restrictive Amendments except the northern and southern portions of Bucks County, but preserve to Broadway the Trenton, N.J. and Morrisville-Yardley areas which Broadway served for years (Central Bucks County), including Doylestown and Newtown as indicated hereinafter.

Summary of Evidence

APPLICANT

Historical Background

Verified Statement of Applicant: Richard N. Crocker, President.

This business is a family owned and operated business, established in the mid 1930's by Peter N. Crocker. By servicing the immediate Trenton, NJ and Morrisville - Yardley, PA areas, the business has grown from a single truck and office to include approximately 35 vehicles and 6 warehouses. The Company is currently being run by Richard N. Crocker, President and David P. Crocker, Secretary/Treasurer, sons of Peter Crocker, the founder.

Richard N. Crocker: 1967 Graduate of Pennsbury High School, Fairless Hills, PA and 1971 Graduate B.A., University of Rhode Island Business School. Since Broadway is family owned and operated, Richard N. Crocker worked at and around the facility as a teenager and started working full time in the Fall of 1971. Since then, he has expanded the Office and Household Goods Transportation segment of the business.

David R. Crocker: 1971 Graduate of Pennsbury High School and 1975 Graduate B.A., University of Rhode Island Business School. David also has "grown-up" with the business and has particularly expanded the electronics transport segment of the business.

The Crockers definitely are Pennsylvania oriented. Peter N. Crocker moved into Yardley with his family in 1954 and continues to reside there. David Crocker has owned his home in Yardley since 1977 and Richard has owned his home in Washington Crossing since 1976.

On April 1, 1985 it received its Certificate of Authority to do business within the Commonwealth of Pennsylvania with its registered office in this Commonwealth, 250 North Pennsylvania Avenue, Morrisville, PA. See Attached.

General Scope of Currently Authorized Operations

Broadway's currently authorized rights to transport Household Goods and related activities include its N.J. Certificate and its ICC Certificate. Of special significance is its ICC Certificate.

For years the Crockers had been of the opinion that they had the authority to transport household goods between points in Pennsylvania under their ICC Certificate, as defined by ICC, reading as follows:

"Between Trenton, N.J., on the one hand, and on the other hand, points in Pennsylvania, New York, Ohio, Delaware, Maryland, Rhode Island, Connecticut, Massachusetts, and District of Columbia."

"Between points in New Jersey, and Pennsylvania within 25 miles of Trenton, N.J. (excluding Trenton), on the one hand, and on the other, points in New York, New Jersey, Pennsylvania, Ohio, Delaware, Maryland, Rhode Island, Connecticut, Massachusetts and the District of Columbia."

These rights date back to 1940. At that time the rights were being operated by Peter Crocker, Jr., d/b/a Broadway Express. It is to be noted that the certificate includes "Between Trenton, N.J. on the one hand, and, on the other hand, points in Pa...."; and Between points in N.J. and Pa. within 25 miles of Trenton (excluding Trenton) on the one hand, and, on the other, points in...Pa. The Crockers understood this to be authority for operating locally within Pa., as long as the Company was within 25 miles of Trenton, and conducted various moves within this area for over 40 years, until confronted by Pa. P.U.C. officers after

Broadway completed the intrastate Bucks County move which resulted in a complaint. [This is not an unreasonable interpretation. This Commission presently promulgated a regulation for registration of intrastate operating authority issued by the ICC in the case of motor carriers of passengers: pa. Bulletin, dated 11/1/86, p. 4277].

By Order entered on January 21, 1985 the Commission sustained the complaint against Broadway Moving & Storage, Inc., at C-850005 for transportation of household goods between points in Pennsylvania on September 24, 1984 without a Certificate of Public Convenience or a Permit. Broadway Moving & Storage satisfied this complaint by payment of the fine. Since then Broadway has not conducted any intrastate moves in Pennsylvania. Rather it is seeking authority to do so by this application.

Supporting Witnesses

There are the supporting statements of Realtors in the Morrisville - Yardley areas. They indicated that they personally knew the "Crockers", have utilized its services in Bucks County for transportation of household goods and here found Broadway's services satisfactory. In addition, Broadway has engaged in the transportation of Office Equipment and supplies in Bucks County.

In the case of the transportation of electronic equipment to and from the facilities of Indep (Willow Grove, Montgomery County) and Computer Hardware (Warminster Township, Bucks County), we have the statements of Continental Computer Leasing

Corp., Equipment Marketing Company, John T. Topley and Associates, and His Equipment Marketing Co. These Companies have used the services of Broadway in interstate movements and can use Broadway extensively within Bucks County, if this application is approved?

DISCUSSION

Type of Service Currently Provided

Broadway Moving and Storage, Inc. has New Jersey Intra-State authority currently regulated by the New Jersey Movers Tariff Bureau PM#00305 granting unlimited pick-up and/or delivery of household goods, including office of commercial fixtures, equipment, stock or supplies; and special commodities described as works of art, furniture, appliances, business machines, electronic equipment, displays, exhibits, home, office, store, theatrical or show equipment, musical instruments or other articles offered for transportation, uncrated or unboxed, requiring the use of equipment or personnel usually furnished or employed by movers of such article.

The Company's ICC Certificate authorizes the transportation of Household Goods as defined by the Commission. Household Goods as defined by the Interstate Commerce Act (49&SCA10102) means:

"(A) Personal effects and property used or to be used in a dwelling when a part of the equipment or supply of such dwelling and such other similar property as the Commission may provide by regulation; except that this subparagraph shall not be construed to include property moving from a factory or store, except such property as the householder has purchased with

intent to use in his dwelling and which is transported at the request of, and the transportation charges paid to the carrier by, the householder;

"(B) furniture, fixtures, equipment, and the property of stores, offices, museums, institutions, hospitals or other establishments when a part of the stock, equipment, or supply of such stores, offices, museums, institutions, hospitals, or other establishments and such other similar property as the Commission may provide by regulation; except that this subparagraph shall not be construed to include the stock-in-trade of any establishment, whether consignor or consignee, other than used furniture and used fixtures, except when transported as incidental to moving of the establishment, or a portion thereof, from one location to another; and

"(C) articles, including objects of art, displays, and exhibits, which because of their unusual nature or value require the specialized handling and equipment usually employed in moving household goods and such other similar articles as the Commission may provide by regulation; except that this subparagraph shall not be construed to include any article, whether crated or uncrated, which does not, because of its unusual nature or value, require the specialized handling and equipment usually employed in moving household goods."

It is apparent that the term "Household Goods" is given a broad and all-inclusive meaning and in the case of Broadway Moving & Storage, Inc., its application, as re-captioned by the Commission, substantially follows the meaning ascribed to Household Goods by the New Jersey Commission and the ICC.

Type of Service To Be Offered

Broadway in the case of the all-inclusive term ascribed to "Household Goods" seeks to provide the same kind of service it is

authorized and is providing in New Jersey and in Interstate Commerce.

As a result of the Restrictive Amendment eliminating the protests, there is no real conflict with other carriers in the area Broadway seeks to serve. Under the circumstances this area should have available to it, access to a carrier prepared to service this area, and Broadway is prepared to do so.

The authority it seeks by this application, as amended, therefore, is responsive to and would fulfill a public need. Indeed it has served the immediate Trenton, New Jersey and Morrisville - Yardley areas, including Doylestown and Newtown (Central Bucks County) for years, as indicated heretofore.

Its terminal facilities and Communications Network include an Office and Warehouse at 130 Durand Avenue, Trenton, N.J., 15,000 square feet; Warehouse at 141 Durand Avenue, 30,000 square feet; Warehouse 10,000 square feet, maintenance garage, truck yard and 60 foot scale at 413 Labor Street (approximately 2 acres), Trenton, N.J.; and, in communications Broadway has an AT&T phone system in its office and truck yard area and 3 trucks equipped with AT&T mobile phones for instant dispatch. Any empty miles that may be created by its location are not more than can realizably be expected in this type of transportation.

Broadway's complete list of vehicles number 28; it has 10 registered in Pennsylvania. The service offered by Broadway is highly specialized, requiring special handling and special equipment, including, without limitation, the following (Exhibit C of Applicant's Verified Statement):

Broadway obviously, is technically fit and its latest financial statement indicates that it is financially fit.

FINDINGS OF FACT

1. Broadway Moving and Storage, Inc. ("Broadway") is authorized to do business in Pennsylvania.

2. Broadway has ICC and New Jersey authority to provide the type of transportation it proposes to render under this application, as amended.

3. Broadway has provided the transportation sought to be rendered under this application, as amended, under the impression that its ICC rights authorized such operations within the state of Pennsylvania, all of which was done in good faith based upon any reasonable interpretation of its ICC rights.

4. The statements of record support the application, as amended.

5. Broadway has the financial fitness, physical and technical equipment to provide the proposed service.

6. There is no showing that an approval of this application, as amended, will have any adverse impact on existing carriers.

CONCLUSIONS OF LAW

1. The Commission has jurisdiction over the matter of this application, which is properly before the Commission.

2. Broadway Moving and Storage Co. has submitted sufficient evidence to support a determination that the granting of this application as amended, will serve a useful purpose and

be responsive to a public demand or need, and is, therefore, necessary or proper for the service, accommodation, convenience or safety of the public.

3. Broadway Moving and Storage Co. has presented sufficient evidence upon which to find that it is technically and financially fits to provide the proposal service and that it has the propensity to operate safely and legally.

4. Since all protests have been withdrawn no adverse impact on any other carrier has been established, and therefore, there is no evidence that the granting of the application would be contrary to the public interest.

ORDER

THEREFORE, IT IS ORDERED:

1. That the application of Broadway Moving and Storage Co. at A-00106599, as restrictively amended, be and is hereby approved so as to include the following rights:

"To transport (1) household goods, personal effects and property used or to be used in a dwelling when part of the furnishings, equipment or supplies of such dwelling is an incidental part of a removal by the householder from one domicile to another; furniture, fixtures, equipment and the property of stores, offices, museums, institutions, hospitals or other establishments when a part of the stock, equipment or supply of such stores, offices, museums, institutions, hospitals or other establishments, in connection with the removal from one location to another, and articles, in use, including objects of art, displays and exhibits which because of their unusual nature or value require specialized handling and equipment usually employed in moving household

goods, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of a line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown, and from said points to points in Pennsylvania; (2) new and used furniture, fixtures and appliances, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of the line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown and from said points to points in Pennsylvania; (2) new and used furniture, fixtures and appliances, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of the line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown and from said points to points in Pennsylvania, further limited to moves which are incidental or part of an office move or transfer; (3) office equipment and supplies, new and used, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of a line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown, and from said points to points in Pennsylvania, further limited to moves which are incidental or part of an office move or transfer; (4) electronic equipment from the facilities of Indep, Montgomery County, to points in Pennsylvania, and vice versa; and electronic equipment from the facilities of Computer Hardware Service Center, located in the Borough of Ivyland, Bucks County, to points ;in Pennsylvania, and vice versa."

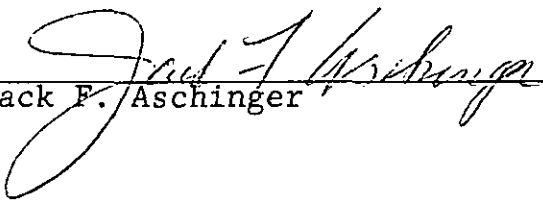

2. That the applicant shall not engage in any transportation granted herein until it shall have complied with the requirements of the Pennsylvania Public Utility Code and the Rules and Regulations of the Commission relative to the filing of a Certificate of Insurance and a Tariff.

3. That in the event said Applicant has not, on or before 60 days from the date of service of this Order, complied with the requirements set forth above shall be dismissed without further proceedings.

Respectfully submitted,

• In re: A-00106599; Application of Broadway Moving and Storage, Inc.

Dear Mr. Aschinger:

We are in the midst of reviewing the above-referenced application. We have difficulty proceeding with the financial information submitted which is for the years 1983 and 1984. This can only be considered stale information and does not reveal the applicant's present financial status.

We also call your attention to Right (4) wherein the applicant seeks to transport electronic equipment from the facilities of Indep in Willow Grove, Montgomery County, to points in Pennsylvania, and vice versa. We have no support from Indep. We do have the statement of HIS Equipment Co. which says it ships to "Indep and Ivyland which are located in Bucks, County". This would not be sufficient to support an open grant of authority to ship to and from the facilities of Indep for the general public. Of course, our next question is, "Where is Indep, in Bucks or Montgomery County?"

W. J. [unclear]
 We are further perplexed by the authority contained in Rights (2) and (3) as they have been amended. Specifically, the applicant seeks to transport new and used furniture, fixtures and appliances in Right (2), and new and used office equipment and supplies in Right (3). Both rights are limited to moves which are incidental to or part of an office move or transfer.

By limiting the authority to office moves or transfers, it seems the equipment, furniture and supplies are placed in a used category and would eliminate new equipment furniture or supplies. Our other problem is that there is no support for new equipment, furniture or supplies in any event.

 ENTRY No. *MS*

Since Rights (2) and (3) are limited to used furniture, etc., it appears that these moves could be made under Right (1). It is evident that the acceptance of the restrictive amendment has muddied the waters considerably.

We ask that you review our comments and allow us your response by May 7, 1987. Otherwise, we will review the application with the evidence of record before us. Thank you.

Very truly yours,

Dear Mr. White:

We have an extension of time to June 1, 1987, in which to file supplemental information, in connection with the above-captioned application. While we anticipate meeting that date, it is entirely possible that the Applicant may fail to do so. Under the circumstances, we respectfully would request an extension to July 1, 1987 in which to comply.

Unless advised to the contrary, it is our understanding that you have no objection to this extension. We appreciate very much in this respect your consideration of our requests.

Re: Application of Broadway Moving and Storage Co. A-00106599

Dear Mr. White:

The purpose of this letter is to further respond to your inquiries, under letter, dated April 7, 1987 and review the status of the application, as we see it, at this time.

For convenience we enclose the following, including matters already on file with you.

(1) Verified Statement of the Applicant, together with the following: ICC Authority; Certificate of Authority (Pa.); Complete Vehicle List; Vehicles with Pennsylvania Registration; Description of Equipment and Vehicle List; Balance and Income Statement 1983-1984 (subsequently supplemented by letter, dated January 16, 1987 with 1985-1986 data) Statements of Supporting Witnesses, including Computer Hardware Service Company, Inc., Continental Computer Leasing Corp. HIS Equipment Moving Co., John T. Topley & Associated, Penn Jersey Business Machines, Inc. (office furniture) and Statements of Realtors.

(2) Letter of Richard Crocker, President, dated February 20, 1987, is statement concerning the moving of office supplies and related accessories, and a partial list of firms that applicant provided service in the area covered by this application, as amended.

(4) Statement in reply to the inquires of Richard H. White, dated April 7, 1987. The purpose of this statement is to confirm our prior discussion of the inquiries you raised: (a) more recent financial data has been supplied; (b) we have statements supporting the transportation of electronic equipment to and from the facilities of Indep, Willow Grove, Montgomery County and Computer Hardware Service Company, Inc., Ivyland, Bucks County - including Computer Hardware stating it needs applicant to deliver equipment between refurb centers and has used Applicant with satisfactory results. Continental Computer Leasing Corp. supports the application and would use Applicant extensively within Bucks County (it currently uses Applicant on an interstate basis). HIS Equipment Marketing Company presently uses Applicant for nationwide moves and would like to use Applicant's service for Intra-Pennsylvania moves, and would use two refurb centers, namely Indep and Ivyland. John T. Topley & Associates currently moves electronic equipment throughout the east using Applicant for New Jersey and for interstate transportation. It stated that authority in Pennsylvania would be valuable asset to its business, further saying "Their proximity to Bucks County and in particular Indep and Computer Hardware would allow me to use them in Pennsylvania on a regular basis. Currently there is not a qualified electronics hauler closer to me than Broadway. This afford us lower prices and faster service." Richard Crocker's letter of February 20, 1987 stated that Applicant has moved numerous offices, computer hardware and related materials and his listing of firms that have been provided its services indicates that Applicant should be entitled to general authority in Pennsylvania to transport electronic equipment to and from these two refurb centers. Applicant presently supplies such services in New Jersey and Interstate. This additional authority would permit Applicant to provide a more complete and needed service as the above shippers indicate. There is a definite public need for Applicant's service to and from these two Refurb Centers. More recent Statements supporting the application in this respect include: R & M Computer Sales & Leasing Co., Colorcraft Corporation, Computer Leasing Co., AFL Incorporated and Continental Computer Leasing Company and Diversified Data.

(5) The last item raised by you involved rights identified as (2) and (3), i.e. transportation of new and used furniture, fixtures and appliances and transportation of new and used office equipment and supplies, with both rights limited to moves which are incidental to or part of an office move or transfer. We agree with your analysis and your conclusion that since rights

Mr. Richard H. White
June 26, 1987
Page 3

(2) and (3) are limited to used furniture, etc., it appears that these moves could be made under Right (1).

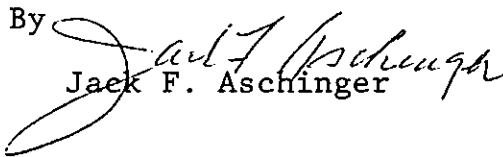

(6) Memorandum in Support of the Application.

Under all circumstances we are prepared to have this application reviewed on the evidence of record before you, unless you desire additional information or clarification of any matters before you.

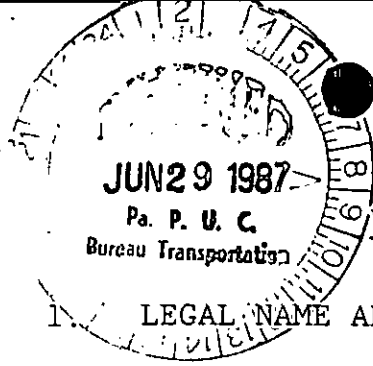

Very truly yours,

THOMAS & THOMAS

VERIFIED STATEMENT OF APPLICANT

1. LEGAL NAME AND DOMICILE OF APPLICANT

Broadway Moving and Storage, Inc.
130 Durand Avenue
Trenton, New Jersey 08611

On April 1, 1985 it received its Certificate of Authority to do business within the Commonwealth of Pennsylvania with its registered office in this Commonwealth, 250 North Pennsylvania Avenue, Morrisville, PA. See Attached

2. IDENTITY AND QUALIFICATIONS OF PERSON MAKING STATEMENT FOR APPLICANT AND BACKGROUND

Richard N. Crocker, President.

This business is a family owned and operated business, established in the mid 1930's by Peter N. Crocker. By servicing the immediate Trenton, NJ and Morrisville - Yardley, PA areas, the business has grown from a single truck and office to include approximately 35 vehicles and 6 warehouses. The Company is currently being run by Richard N. Crocker, President and David P. Crocker, Secretary/Treasurer, sons of Peter Crocker, the founder.

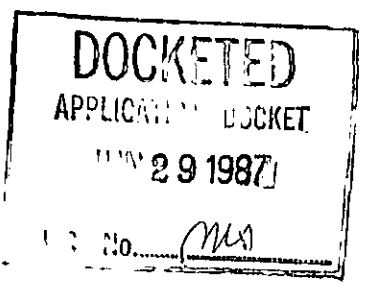

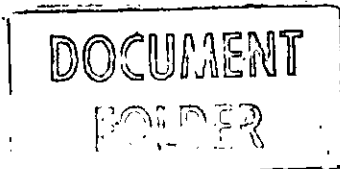

Richard N. Crocker: 1967 Graduate of Pennsbury High School, Fairless Hills, PA and 1971 Graduate B.A., University of Rhode Island Business School. Since Broadway is family owned and operated, Richard N. Crocker worked at and around the facility as a teenager and started working full time in the Fall of 1971. Since then, he has expanded the Office and Household Goods Transportation segment of the business.

David R. Crocker: 1971 Graduate of Pennsbury High School and 1975 Graduate B.A., University of Rhode Island Business School. David also has "grown-up" with the business and has particularly expanded the electronics transport segment of the business.

The Crockers definitely are Pennsylvania oriented. Peter N. Crocker moved into Yardley with his family in 1954 and continues to reside there. David Crocker has owned his home in Yardley since 1977 and Richard has owned his home in Washington Crossing since 1976.

3. APPLICANT'S AFFILIATION WITH OTHER CARRIERS

4. AUTHORITY SOUGHT
(As Initially Filed and As Amended)

On October 10, 1985, Broadway filed its application with the Commission for the right to transport (1) household goods, new and used, and (2) Office equipment and supplies, new and used, between points in the County of Bucks and from said points to points in Pennsylvania, and (3) electronic equipment to and from the facilities of Indep, Borough of Willow Grove, Montgomery County and (4) electronic equipment to and from facilities of Computer Hardware, Ivyland, Warminster Township, Bucks County.

On December 6, 1985 the Commission re-captioned this application as follows:

"A-00106599 BROADWAY MOVING & STORAGE, INC. (130 Durand Avenue, Trenton, New Jersey 08611), a corporation of the State of New Jersey--(1) household goods, personal effects and property used or to be used in a dwelling when a part of the furnishings, equipment or supplies of such dwelling is an incidental part of a removal by the householder from one domicile to another; furniture, fixtures, equipment and the property of stores, offices, museums, institutions, hospitals or other establishments when a part of the stock, equipment or supply of such stores, offices, museums, institutions, hospitals or other establishments, in connection with the removal from one location to another; and articles, in use, including objects of art, displays and exhibits which because of their unusual nature or value require specialized handling and equipment usually employed in moving household goods, between points in the county of Bucks, and from points in said county, to points in Pennsylvania; (2) new and used furniture, fixtures and appliances, between points in the county of Bucks, and from points in said county, to points in Pennsylvania; (3) office equipment and supplies, new and used, between points in the county of Bucks and from points in said county to points in Pennsylvania; (4) Electronic equipment from the facilities of Indep, located in the borough of Willow Grove, Montgomery County, to points in Pennsylvania, and vice versa; and (5) electronic equipment from the facilities of Computer Hardware Service Center, located in the borough of Ivyland, Bucks County, to points in Pennsylvania, and vice versa.

Protests were filed by Scott A. Petrie for J. C. Van Services, Inc. and Reads Van Service; by John Fullerton for Movers World, Inc.; and by William H. R. Casey for Ware's Van and Storage, Inc., Clemmer Moving and Storage, Inc. and Diehl Storage Company.

As a result of Restrictive Amendments all protests were withdrawn and resulted in the following conditions and/or exceptions:

"To transport (1) household goods, personal effects and property used or to be used in a dwelling when part of the furnishings, equipment or supplies of such dwelling is an incidental part of a removal by the householder from one domicile to another; furniture, fixtures, equipment and the property of stores, offices, museums, institutions, hospitals or other establishments when a part of the stock, equipment or supply of such stores, offices, museums, institutions, hospitals or other establishments, in connection with the removal from one location to another, and articles, in use, including objects of art, displays and exhibits which because of their unusual nature or value require specialized handling and equipment usually employed in moving household goods, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of a line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown, and from said points to points in Pennsylvania; (2) new and used furniture, fixtures and appliances, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of the line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown and from said points to points in Pennsylvania, further limited to moves which are incidental or part of an office move or transfer; (3) office equipment and supplies, new and used, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of a line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown, and from said points to points in Pennsylvania, further limited to moves which are incidental or part of an office move or transfer; (4) electronic equipment from the facilities of Indep, Montgomery County, to points in Pennsylvania, and vice versa; and electronic equipment from the facilities of Computer Hardware Service Center, located in the Borough of Ivyland, Bucks County, to points in Pennsylvania, and vice versa."

Essentially these Restrictive Amendments except the northern and southern portions of Bucks County, but preserves to Broadway the Trenton, N.J. and Morrisville-Yardley areas which Broadway served for years (Central Bucks County), as indicated heretofore.

5. GENERAL SCOPE OF CURRENTLY AUTHORIZED OPERATIONS

Broadway's currently authorized rights to transport Household Goods and related activities include its N.J. Certificate and its ICC Certificate. Of special significance is its ICC Certificate attached hereto.

For years the Crockers had been of the opinion that they had the authority to transport household goods between points in Pennsylvania under their ICC Certificate, as defined by ICC, reading as follows:

"Between Trenton, N.J., on the one hand, and on the other hand, points in Pennsylvania, New York, Ohio, Delaware, Maryland, Rhode Island, Connecticut, Massachusetts, and District of Columbia."

"Between points in New Jersey, and Pennsylvania within 25 miles of Trenton, N.J. (excluding Trenton), on the one hand, and, on the other, points in New York, New Jersey, Pennsylvania, Ohio, Delaware, Maryland, Rhode Island, Connecticut, Massachusetts and the District of Columbia."

These rights date back to 1940. At that time the rights were being operated by Peter Crocker, Jr., d/b/a Broadway Express. It is to be noted that the certificate includes "Between Trenton, N.J. on the one hand, and, on the other hand, points in Pa...."; and Between points in N. J. and Pa. within 25 miles of Trenton (excluding Trenton) on the one hand, and, on the other, points in...Pa. The Crockers understood this to be authority for operating locally within Pa., as long as the Company was within 25 miles of Trenton, and conducted various moves within this area for over 40 years, until confronted by Pa. P.U.C. officers after Broadway completed the intrastate Bucks County move which resulted in a complaint. [This is not an unreasonable interpretation. This Commission presently promulgated a regulation for registration of intrastate operating authority issued by the ICC in the case of motor carriers of passengers: Pa. Bulletin, dated 11/1/86, p. 4277].

By Order entered on January 21, 1985 the Commission sustained the complaint against Broadway Moving & Storage, Inc., at C-850005 for transportation of household goods between points in Pennsylvania on September 24, 1984 without a Certificate of Public Convenience or a Permit. Broadway Moving & Storage satisfied this complaint by payment of the

fine. Since then, Broadway has not conducted any intrastate moves in Pennsylvania. Rather it is seeking authority to do so by this application.

6. DUPLICATING AUTHORITY WHICH WILL RESULT FROM THE GRANT OF AUTHORITY

8. PERTINENT TERMINAL FACILITIES AND COMMUNICATIONS NETWORK

Office and Warehouse at 130 Durand, 15,000 square feet; Warehouse at 141 Durand, 30,000 square feet; Warehouse 10,000 square feet, maintenance garage, truck yard and 60 foot scale at 413 Labor Street (approximately 2 acres).

In communications Broadway has an AT&T phone system in its offices and truck yard area and 3 trucks equipped with AT&T mobile phones for instant dispatch.

9. PERTINENT EQUIPMENT

See Attached Schedule

10. TYPE OF SERVICE CURRENTLY PROVIDED TO THE SUPPORTING WITNESSES

Based upon the Restrictive Amendments it would appear that there is no real and/or substantial conflict between Protestants and the area Broadway seeks under the application, as amended. Under the circumstances this area should have available to it access to a carrier prepared to serve this area, and Broadway is prepared to do so. The authority it seeks by this Application, as amended, therefore is responsive to and will fulfill a public need. Indeed, it has served the immediate Trenton, N. J. and Morrisville-Yardley areas (Central Bucks County) for years.

11. TYPE OF SERVICE TO BE OFFERED

The service offered by Broadway Moving and Storage is highly specialized, requiring special handling and special equipment. See Exhibit C of the Application attached hereto

as indicative of the specialized nature of these operations, requiring as they do specialized equipment.

12. FINANCIAL DATA

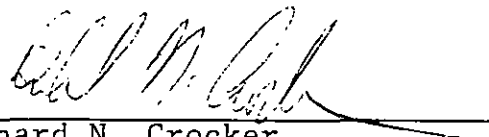

See attached balance sheet and Income Statement.

13. WHETHER SERVICE PROVIDED WILL CREATE EMPTY MILES OR BACKHAULS

Empty miles that may be created by our location are not more than can reasonably be expected in this type of transportation.

14. ANY OTHER INFORMATION DEEMED APPROPRIATE

We are especially well-qualified to provide the services described and particularly in the area where the Company seeks to serve. The Crockers are predominantly Pennsylvania oriented, i.e., the entire family are residents of Pennsylvania. Its Interstate rights in Pennsylvania, together with Intrastate rights in Pennsylvania will enable Broadway Moving and Storage Co., Inc. to provide a more complete service.

IT IS ORDERED, That the said carrier be, and it is hereby granted this Certificate of Public Convenience and Necessity as evidence of the authority of the holder to engage in transportation in interstate or foreign commerce as a common carrier by motor vehicle; subject, however, to such terms, conditions, and limitations as are now, or may hereafter be, attached to the exercise of the privileges herein granted to the said carrier.

IT IS FURTHER ORDERED, and is made a condition of this certificate that the holder thereof shall render reasonably continuous and adequate service to the public in pursuance of the authority herein granted, and that failure so to do shall constitute sufficient grounds for suspension, change, or revocation of this certificate.

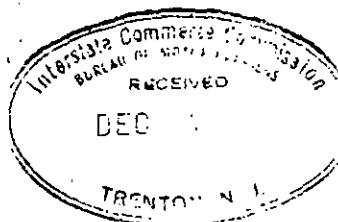

IT IS FURTHER ORDERED, That the transportation service to be performed by the said carrier in interstate or foreign commerce shall be as specified below:

IRREGULAR ROUTES:

Household goods as defined by the Commission,

Between Trenton, N. J., on the one hand, and, on the other, points in Pennsylvania, New York, Ohio, Delaware, Maryland, Rhode Island, Connecticut, Massachusetts, and the District of Columbia.

Between points in New Jersey and Pennsylvania within 25 miles of Trenton, N. J. (excluding Trenton), on the one hand, and, on the other, points in New York, New Jersey, Pennsylvania, Ohio, Delaware, Maryland, Rhode Island, Connecticut, Massachusetts, and the District of Columbia.

AND IT IS FURTHER ORDERED, That this certificate shall supersede Certificates Nos. MC 77414 and MC 77414 Sub 1, issued September 24, 1943, and June 11, 1948, respectively, acquired by the above-named carrier pursuant to MC-FC 67084, and that said certificates be, and they are hereby, canceled. —

By the Commission, division 1.

HAROLD D. McCOY,
Secretary.

(SEAL)

This certificate embraces the operating rights in the certificates superseded and canceled in the last ordering paragraph above.

TO WHOM IT MAY CONCERN:

Computer Hardware is a computer refurb center. We have many different transportation companies loading and unloading computer equipment at our facilities that belong to our customers.

We are interested in serving our customer's needs. The flexibility of allowing Broadway to deliver equipment between refurb centers makes sense. CHSC has used Broadway with satisfactory results.

Dear Mr. Aschinger:

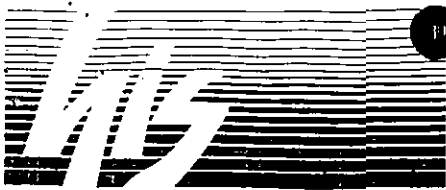

We have used Broadway Moving and Storage Inc. extensively in the past on an interstate basis as well as intrastate New Jersey. We have originated and destined shipments to both Indep in Willow Grove, PA and Computer Hardware in Ivyland, PA as well as additional varied locations in the general vicinity. Any extension of their present authorities would be beneficial to us in allowing us to procure Broadway services on a larger scale. Their service has been excellent in the past and we will continue to utilize them in the future.

Dear Mr. Aschinger:

HIS Equipment Marketing Co. has, in the past, had occasion to move equipment intra-Pennsylvania.

We have been utilizing Broadway Moving & Storage for most of our nationwide moves and would like to use their services for intra-Pennsylvania moves as well. In particular, we use two refurb Centers, Indep and Ivyland which are located in Bucks County.

We would appreciate any assistance you can give us.

Very truly yours,

To Whom It May Concern:

I am writing this letter in support of an application filed on behalf of Broadway Moving & Storage, Inc. for Pennsylvania intra-state authority.

We currently move equipment throughout the East using Broadway as our intra New Jersey carrier and interstate carrier. Their excellent service and competitive prices would make their authority in Pennsylvania a valuable asset to my business. Their proximity to Bucks County and in particular Indep and Computer Hardware would allow me to use them in Pennsylvania on a regular basis. Currently there is not a qualified electronics hauler closer to me than Broadway. This affords us lower prices and faster service!

Please consider my support of Broadway when a decision is made.

Thank you for your consideration in this matter.

Memorandum In Support of Application

Statement of the Case

On October 10, 1985 Broadway Moving and Storage, Inc. ("Broadway") filed its application with the Commission for the right to transport (1) household goods, new and used, and (2) office equipment and supplies, new and used, between points in the County of Bucks and from said points to points in Pennsylvania, and (3) electronic equipment to and from the facilities of Indept, Borough of Willow Grove, Montgomery County and (4) electronic equipment to and from facilities of Computer Hardware, Ivyland, Warminster Township, Bucks County.

On December 6, 1985, the Commission re captioned this application as follows:

"A-00105499 BROADWAY MOVING & STORAGE, INC. (130 Durand Avenue, Trenton, New Jersey 08611), a corporation of the State of New Jersey--(1) household goods, personal effects and property used or to be used in a dwelling when a part of the furnishings, equipment or supplies of such dwelling is an incidental part of a removal by the householder from one domicile to another; furniture, fixtures, equipment and the property of stores, offices, museums, institutions, hospitals or other establishments, in connection with the removal from one location to another; and articles, in use, including objects of art, displays and exhibits which because of their unusual nature or value require specialized handling and equipment usually employed

in moving household goods, between points in the county of Bucks, and from points in said county, to points in Pennsylvania; (2) new and used furniture, fixtures and appliances, between points in the county of Bucks, and from points in said county, to points in Pennsylvania; (3) office equipment and supplies, new and used, between points in the county of Bucks and from points in said county to points in Pennsylvania; (4) Electronic equipment from the facilities of Indep, located in the Borough of Willow Grove, Montgomery County, to points in Pennsylvania, and vice versa; and (5) electronic equipment from the facilities of Computer Hardware Service Center, located in the Borough of Ivyland, Bucks County, to points in Pennsylvania, and vice versa."

Protests were filed by Scott A. Petrie for J. C. Van Services, Inc. and Reads Van Service; by John Fullerton for Movers World, Inc.; and by William H.R. Casey for Ware's Van and Storage, Inc., Clemmer Moving and Storage, Inc. and Diehl Storage Company.

As a result of Restrictive Amendments all protests were withdrawn and resulted in the following conditions and/or exceptions:

"To transport (1) household goods, personal effects and property used or to be used in a dwelling when part of the furnishings, equipment or supplies of such dwelling is an incidental part of such dwelling is an incidental part of a removal by the householder from one domicile to another; furniture, fixtures, equipment and the property of stores, offices, museums, institutions, hospitals or other establishments when a part of the stock, equipment or supply of such stores, offices, museums, institutions, hospitals or other establishments, in connection with the removal from one location to another, and articles, in use, including objects of art, displays and exhibits which because of their unusual

nature or value require specialized handling and equipment usually employed in moving household goods, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of a line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown, and from said points to points in Pennsylvania; (2) new and used furniture, fixtures and appliances, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of the line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown and from said points to points in Pennsylvania, further limited to moves which are incidental or part of an office move or transfer; (3) office equipment and supplies, new and used, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of a line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown, and from said points to points in Pennsylvania, further limited to moves which are incidental or part of an office move or transfer; (4) electronic equipment from the facilities of Indep, Montgomery County, to points in Pennsylvania, and vice versa; and electronic equipment from the facilities of Computer Hardware Service Center, located in the Borough of Ivyland, Bucks County, to points in Pennsylvania, and vice versa."

Essentially these Restrictive Amendments except the northern and southern portions of Bucks County, but preserve to Broadway the Trenton, N.J. and Morrisville-Yardley areas including Doylestown and Newtown as indicated hereinafter.

Summary of Evidence

APPLICANT

Historical Background

Verified Statement of Applicant: Richard N. Crocker, President.

This business is a family owned and operated business, established in the mid 1930's by Peter N. Crocker. By servicing the immediate Trenton, NJ and Morrisville - Yardley, PA areas, the business has grown from a single truck and office to include approximately 35 vehicles and 6 warehouses. The Company is currently being run by Richard N. Crocker, President and David P. Crocker, Secretary/Treasurer, sons of Peter Crocker, the founder.

Richard N. Crocker: 1967 Graduate of Pennsbury High School, Fairless Hills, PA and 1971 Graduate B.A., University of Rhode Island Business School. Since Broadway is family owned and operated, Richard N. Crocker worked at and around the facility as a teenager and started working full time in the Fall of 1971. Since then, he has expanded the Office and Household Goods Transportation segment of the business.

David R. Crocker: 1971 Graduate of Pennsbury High School 1975 Graduate B.A., University of Rhode Island Business School. David also has "grown-up" with the business and has particularly expanded the electronics transport segment of the business.

The Crockers' definitely are Pennsylvania oriented. Peter N. Crocker moved into Yardley with his

family in 1954 and continues to reside there. David Crocker has owned his home in Yardley since 1977 and Richard has owned his home in Washington Crossing since 1876.

On April 1, 1985 it received its Certificate of Authority to do business within the Commonwealth of Pennsylvania with its registered office on this Commonwealth, 250 North Pennsylvania Avenue, Morrisville, PA. See Attached.

General Scope of Currently Authorized Operations

Broadway's currently authorized rights to transport Household Goods and related activities include its N.J. Certificate and its ICC Certificate. Of special significance is its ICC Certificate.

For years the Crockers had been of the opinion that they had the authority to transport household goods between points in Pennsylvania under their ICC Certificate, as defined by ICC, reading as follows:

"Between Trenton, N.J., on the one hand, and on the other hand, points in Pennsylvania, New York, Ohio, Delaware, Maryland, Rhode Island, Connecticut, Massachusetts, and District of Columbia."

"Between points in New Jersey, and Pennsylvania within 25 miles of Trenton, N.J. (excluding Trenton), on the one hand, and on the other, points in New York, New Jersey, Pennsylvania, Ohio, Delaware, Maryland, Rhode Island, Connecticut, Massachusetts and the District of Columbia."

These right date back to 1940. At that time the rights were being operated by Peter Crocker, Jr., d/b/a Broadway Express. It is to be noted that the certificate includes "Between Trenton, N.J. on the one hand, and, on the other hand, points in Pa...."; and between points in N.J. and Pa. within 25 miles of Trenton (excluding Trenton) on the one hand, and on the other, points in...Pa. The Crockers understood this to be authority for operating locally within Pa., as long as the Company was within 25 miles of Trenton, and conducted various moves within this area for over 40 years, until confronted by Pa. P.U.C. officers after Broadway completed the intrastate Bucks County move which resulted in a complaint. [This is not an unreasonable interpretation. This Commission presently promulgated a regulation for registration of intrastate operating authority issued by the ICC in the case of motor carriers of passengers: Pa. Bulletin, dated 11/1/86, p. 4277].

By Order entered on January 21, 1985 the Commission sustained the complaint against Broadway Moving & Storage, Inc., at C-850005 for transportation of household goods between points in Pennsylvania on September 24, 1984 without a Certificate of Public Convenience of a Permit. Broadway Moving & Storage satisfied this complaint by payment of the fine. Since then Broadway has not conducted any intrastate moves in

Pennsylvania. Rather it is seeking authority to do so by this application.

Supporting Witnesses

There are the supporting statements of Realtors in the Morrisville - Yardley areas. They indicated that they personally knew the "Crocker", have utilized its services in Bucks County for transportation of household goods and have found Broadway's services satisfactory. In addition, Broadway has engaged in the transportation of Office Equipment and Supplies in Bucks County.

In the case of the transportation of electronic equipment to and from the facilities of Indep (Willow Grove, Montgomery County) and Computer Hardware, Ivyland (Warminster Township, Bucks County), we have the statements of Continental Computer Leasing Corp., Equipment Marketing Company, John T. Topley and Associates, and HIS Equipment Marketing Co., AFL Incorporated, Computer Leasing Inc., R&M Computer Sales and Leasing and Colorcraft Corporation and Diversified Data. There was no opposition to this portion of the application. These Companies have used the services of Broadway in interstate movements, and in New Jersey, and will use Broadway extensively within Bucks County, if this application is approved, and clearly demonstrates a "public" need for this type of transportation in Pennsylvania.

Discussion

Type of Service Currently Provided

Broadway Moving and Storage, Inc. has New Jersey Intra-State authority currently regulated by the New Jersey Movers Tariff Bureau PM#00305 granting unlimited pick-up and/or delivery of household goods, including office or commercial fixtures, equipment, stock or supplies; and special commodities described as works of art, furniture, appliances, business machines, electronic equipment, displays, exhibits, home, office, store, theatrical or show equipment, musical instruments or other articles offered for transportation, uncrated or unboxed, requiring the use of equipment of personnel usually furnished or employed by movers of such articles.

The Company's ICC Certificate authorized the transportation of Household Goods as defined by the Commission. Household Goods as defined by the Interstate Commerce Act (49&SCA10102) means:

"(A) Personal effects and property used or to be used in a dwelling when a part of the equipment or supply of such dwelling and such other similar property as the Commission may provide by regulation; except that this subparagraph shall not be construed to include property moving from a factory or store, except such property as the householder has purchased with intent to use in his dwelling and which is transported at the request of, and the transportation charges paid to the carrier by, the householder;

(B) furniture, fixtures, equipment, and the property of stores, offices, museums, institutions, hospitals or other establishments and such other similar property as the Commission may provide by regulation; except that this subparagraph shall not be construed to include the stock-in-trade of any establishment, whether consignor or consignee, other than used furniture and used fixtures, except when transported as incidental to moving of the establishment, or a portion thereof, from one location to another; and

(C) articles, including objects of art, displays and exhibits, which because of their unusual nature or value require the specialized handling and equipment usually employed in moving household goods and such other similar articles as the Commission may provide by regulation; except that this subparagraph shall not be construed to include any article, whether crated or uncrated, which does not, because of its unusual nature or value, require the specialized handling and equipment usually employed in moving household goods."

It is apparent that the term "Household Goods" is given a broad and all-inclusive meaning and in the case of Broadway Moving & Storage, Inc., its application, as re-captioned by the Commission, substantially follows the meaning ascribed to Household Goods by the New Jersey Commisison and the ICC.

Type of Service To Be Offered

Broadway in the case of the all-inclusive term ascribed to "Household Goods" seeks to provide the same kind of service it is authorized and is providing in New Jersey and in Interstate Commerce.

As a result of the Restrictive Amendment eliminating the protests, there is no real conflict with other carriers in the area Broadway seeks to serve. Under the circumstances this area should have available to it, access to a carrier prepared to service this area, and Broadway is prepared to do so.

The authority it seeks by this application, as amended, therefore, is responsive to and would fulfill a public need. Indeed it has served the immediate Trenton, New Jersey and Morrisville - Yardley areas, including Doylestown and Newtown (Central Bucks County) for years, as indicated heretofore.

Its terminal facilities and communications network include an office and warehouse at 130 Durand Avenue, Trenton, N.J., 15,000 square feet; Warehouse at 141 Durand Avenue, 30,000 square feet; Warehouse 10,000 square feet, maintenance garage, truck yard and 60 foot scale at 413 Labor Street (approximately 2 acres), Trenton, N.J.; and, in communications Broadway has an AT&T phone system in its office and truck yard area and 3 trucks equipped with AT&T mobile phones for instant dispatch. Any empty miles that may be created by its location are not more than can realistically be expected in this type of transportation.

Broadway's complete list of vehicles number 28; it has 10 registered in Pennsylvania. The service offered by Broadway is highly specialized, requiring special

handling and special equipment, including, without limitation, the following (Exhibit C of Applicant's Verified Statement):

Broadway obviously, is technically fit and its latest financial statement indicates that it is financially fit.

FINDING OF FACT

1. Broadway Moving and Storage, Inc. ("Broadway") is authorized to do business in Pennsylvania.

2. Broadway has ICC and New Jersey authority to provide the type of transportation it proposes to render under this application, as amended.

3. Broadway has provided the transportation sought to be rendered under this application, as amended, under the impression that its ICC rights authorized such operations within the state of Pennsylvania, all of which was done in good faith based upon any reasonable interpretation of its ICC rights.

4. The statements of record support the application, as amended.

5. Broadway has the financial fitness, physical and technical equipment to provide the proposed service.

6. There is no showing that an approval of this application, as amended, will have any adverse impact on existing carriers.

CONCLUSIONS OF LAW

1. The Commission has jurisdiction over the matter of this application, which is properly before the Commission.

2. Broadway Moving and Storage Co. has submitted sufficient evidence to support a determination that the granting of this application as amended, will serve a useful purpose and be responsive to a public demand or need, and is, therefore, necessary or proper for the service, accommodation, convenience or safety of the public.

3. Broadway Moving and Storage Co. has presented sufficient evidence upon which to find that it is technically and financially fits to provide the proposal service and that it has the propensity to operate safely and legally.

4. Since all protests have been withdrawn no adverse impact on any other carrier has been established, and therefore, there is no evidence that the granting of the application would be contrary to the public interest.

ORDER

THEREFORE, IT IS ORDERED:

1. That the application of Broadway Moving and Storage Co. at A-00106599, as restrictively amended, be

and is hereby approved so as to include the following rights:

"To transport (1) household goods, personal effects and property used or to be used in a dwelling when part of the furnishings, equipment or supplies of such dwelling is an incidental part of a removal by the householder from one domicile to another; furniture, fixtures, equipment and the property of stores, offices, museums, institutions, hospitals or other establishments when a part of the stock, equipment or supply of such stores, offices, museums, institutions, hospitals or other establishments, in connection with the removal from one location to another, and articles, in use, including objects of art, displays and exhibits which because of their unusual nature or value require specialized handling or equipment usually employed in moving household goods, between points in Bucks County, excepting those points north of Route 202, but not excluding Doylestown and excepting those points south of a line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown, and from said points to points in Pennsylvania; (2) electronic equipment from the facilities of Indep, Montgomery county, to points in Pennsylvania, and vice versa; and electronic equipment from the facilities of Computer Hardware Service center, located in the Borough of Ivyland, Bucks County, to points in Pennsylvania, and vice versa."

2. That the applicant shall not engage in any transportation granted herein until it shall have complied with the requirements of the Pennsylvania Public Utility Code and the Rules and Regulations of the Commission relative to the filing of a Certificate of Insurance and a Tariff.

3. That in the event said Applicant has not, on or before 60 days from the date of service of this Order, complied with the requirement set forth above shall be dismissed without further proceedings.

Respectfully submitted,

(a) Application of Broadway Moving & Storage, Inc., a corporation of the State of New Jersey, Trenton, New Jersey, for the right to begin to transport, as a common carrier, household goods, personal effects, property and electronic equipment in five individual rights as are more particularly described in the order.

(b) Six carriers protested the application. One carrier withdrew upon reconsideration of its interest in the matter. The remaining five carriers withdrew upon restrictive amendment which prohibits service in certain specified areas of Bucks County. The amendment has the effect of resulting in duplication of authority in some respects and two of the rights sought by the applicant would be superfluous. The duplicating authority has been eliminated. We find that a public need for the proposed service as amended and modified does exist and that the applicant is fit, ready, willing and able to render same.

(c) The Bureau of Transportation recommends that the Commission adopt the proposed order approving the application as amended and modified.

State of New Jersey

Enclosed is the compliance order issued by the Commission in
this proceeding.

A Certificate of Public Convenience evidencing the
Commission's approval of the right to operate will not be issued until
the applicant has complied with the following insurance and tariff
requirements:

- I. Arrange through an insurance agent to have an insurance
company file the following forms with the Commission.
 - a. A Form E as evidence of minimum public liability and
property damage insurance coverage as shown on the back
of this sheet.
 - b. A Form H or Form UCPC-31 as evidence of cargo insurance
coverage in an amount not less than \$5,000 per vehicle.
Under certain circumstances, exemption from the cargo
insurance requirement may be secured by filing the
enclosed Form PUC-288.
- II. Prepare and file a tariff according to the enclosed
instructions except applicants for transfer of authority must
file a tariff adoption supplement which will be forwarded by
separate cover at a later date.

Effective date: August 1, 1987

Minimum Limits for PA Public Utility Commission Authorized Service

O R D E R

BY THE COMMISSION:

This matter comes before the Commission by an application filed on October 10, 1985, and published in the Pennsylvania Bulletin of December 7, 1985. Six carriers protested the application. One carrier withdrew upon reconsideration of its interest in the matter. The remaining five protestants withdrew upon restrictive amendment which prohibits service in certain areas of Bucks County in the proposed rights numbered (1), (2) and (3).

The unopposed record is now certified to the Commission for its decision without oral hearing. Verified statements were submitted by the applicant and 12 supporting shippers.

Richard N. Crocker, president of Broadway Moving & Storage, Inc. (or applicant), 130 Durand Avenue, Trenton, New Jersey, has entered a verified statement. The applicant corporation was organized under the laws of the State of New Jersey, and, on April 1, 1985, was qualified to conduct business in Pennsylvania as a foreign corporation. The company is operated by the applicant witness and his brother, David R. Crocker, secretary-treasurer. Both are residents of Pennsylvania.

The applicant holds household goods moving authority from the I.C.C. This application represents its initial entry into the field in Pennsylvania. Business is conducted from an office and warehouses in Trenton, New Jersey. Communications are conducted by telephone and three of its trucks are equipped with mobile phones for instant dispatch. Its equipment fleet consists of five tractors, nine straight trucks, one pickup truck, two window vans and nine trailers. Some trailers are equipped with hydraulic lift gates and other accessories for proper handling of household goods and office furnishings. The straight trucks are specially equipped to handle electronic components.

An unaudited balance sheet indicates that as of September 30, 1986, the applicant had current assets of \$149,337, total assets of \$263,483 with current liabilities of \$135,115 and total liabilities of \$137,410, leaving stockholders' equity of \$126,073. An unaudited statement of income for the applicant's fiscal year ended September 30, 1986, reveals that from revenues of \$858,332, the applicant incurred

expenses of \$850,184, leaving an operating income of \$8,148. It had accumulated retained earnings of \$111,073.

The applicant witness further submits that the applicant holds household goods moving authority from the I.C.C. and from the State of New Jersey. For years, it had been of the opinion that it had authority to render service between points in Pennsylvania under the I.C.C. authority which reads as follows:

"Between Trenton, New Jersey, on the one hand, and on the other hand, points in Pennsylvania, New York, Ohio, Delaware, Maryland, Rhode Island, Connecticut, Massachusetts and the District of Columbia."

"Between points in New Jersey, and Pennsylvania within 25 miles of Trenton, New Jersey (excluding Trenton), on the one hand, and, on the other, points in New York, New Jersey, Pennsylvania, Ohio, Delaware, Maryland, Rhode Island, Connecticut, Massachusetts and the District of Columbia."

The I.C.C. authority dates back to 1940, at which time the rights were being operated by Peter Crocker, Jr., t/d/b/a Broadway Express. The misinterpretation centered on the second right which authorizes service "between points in New Jersey and Pennsylvania within 25 miles of Trenton, New Jersey (excluding Trenton), on the one hand, and on the other, points in ... (Pennsylvania). It was interpreted that under this authority, it could operate locally within Pennsylvania as long as it was done within 25 miles of Trenton.

The applicant operated within Pennsylvania under the misinterpretation for more than 40 years, until confronted by officers of this Commission relative to a movement between two points in Bucks County. A complaint was instituted, docketed at C-850005, and upheld by our order entered on January 21, 1985. The applicant satisfied the complaint by payment of the resulting fine. Since then, the applicant claims it has not conducted an intrastate operation in Pennsylvania. It now seeks appropriate authority through the immediate application.

Joseph F. Colyar is president of Computer Hardware Service Center located in Ivyland, Bucks County, and supports the applicant for the right proposed at (5) to transport electronic equipment to and from its Ivyland facilities. In its business as a computer refurb center, it has many different transportation companies loading and unloading computer equipment at its facilities which are the property of its customers. It is interested in serving its customer needs, many of which prefer to use the applicant for transportation of the equipment. The applicant has been used for interstate service with satisfactory results.

Continental Computer Leasing Corp., represented herein by its vice president of finance, Ronald E. Peebles, supports the applicant. The company, located in Newtown, Bucks County, has computer equipment which is shipped to Indep in Willow Grove, Montgomery County and Computer Hardware Service Center in Bucks County, which are computer refurbishing centers. Upon completion of the refurbishing work, the equipment is shipped from the centers to various areas of the state. The applicant has provided excellent service in interstate commerce. The service sought here would be very accommodating.

Agnes Hild, an employee of HIS Equipment Marketing Co., domiciled in Brooklyn, New York, sets forth in a supporting affidavit that as a buyer, seller and lessor of computer equipment, the company has had occasion to move equipment solely within the confines of Pennsylvania. It utilizes the refurbishing services of Indep in Montgomery County and Computer Hardware Service Center in Bucks County. The applicant has been used for most of the company's nation wide moves, however, as the Pennsylvania intrastate service occasions arise, it would be convenient to have the applicant available to provide this service as well.

John T. Topley of John T. Topley & Associates, currently uses the applicant to transport electronic equipment throughout the east. He feels that its excellent service and competitive prices would make the proposed intrastate service a valuable asset to his business. He also uses the refurb centers of Indep and Computer Hardware.

Joan Flanagan, general manager of Penn Jersey Business Machines, Inc., Morrisville, Bucks County, supports the applicant. The company has need for the transportation of office furniture to various points in Pennsylvania and requires a carrier that is properly equipped to lift and place the furniture at the desired customer locations. She will use the applicant if the service becomes available.

Fay B. Hackman is sales associate for R. A. Weidel Real Estate, Inc., located in Yardley, Bucks County, and has submitted a supporting verified statement. In the process of selling and showing real estate, she has occasion to arrange or refer moving services for her clientele at the rate of approximately four times a month. She has personally known the applicant for many years and would like to have its moving services available in Bucks County.

Helen S. Pedersen, a real estate broker operating as Pedersen Real Estate located in Falls Township, Bucks County, has the need to arrange for household goods moving services approximately two times a month. She knows that the applicant is reputable and has many satisfied customers. It would be very accommodating to her business to have the proposed service available in Bucks County.

The Colorcraft Corporation, Computer Leasing, Inc., and three other shippers of electronic equipment support the application, attesting to the need for transportation services to and from the facilities of

Indep in Montgomery County and Computer Hardware Service Center in Ivyland, Bucks County. Each shipper has used the applicant for interstate transportation and will use it in Pennsylvania if the proposed service becomes available.

DISCUSSION AND FINDINGS

Broadway Moving & Storage, Inc. is a family-owned and operated business, established in the mid 1930's and providing interstate and New Jersey intrastate service from and to the Trenton, New Jersey and Morrisville-Yardley, Pennsylvania areas. Although the company has its place of domicile in Trenton, New Jersey, it is Pennsylvania oriented in that the family owners are residents of Bucks County and maintain a registered office in Morrisville.

The applicant has not hesitated to point out that in the course of interpreting its grant of I.C.C. authority over the years, it presumed it had authority to provide intrastate service in that portion of Pennsylvania that was situated within 25 miles of Trenton. In reliance of this assumption, service was provided between points in that area of Bucks County that falls within 25 miles of Trenton, for the past 40 years.

Notwithstanding the applicant's contention that its interpretation of the I.C.C. authority was not unreasonable, the fact remains that service rendered on shipments having origin and destination in Pennsylvania requires the appropriate authority in the form of a certificate of public convenience or a permit. Absent either a certificate or a permit, it can only be concluded that the Pennsylvania intrastate service the applicant provided over the years was rendered illegally.

It is obvious that this application was placed before us as the result of a confrontation with officers of this Commission pursuant to the completion of an intrastate Bucks County move which resulted in a complaint. The complaint was instituted against the applicant on January 4, 1985, docketed at C-850005, wherein it was alleged to have provided service on or about September 24, 1984, between points in Pennsylvania without a certificate of public convenience or a permit. Our order was entered January 21, 1985, sustaining the complaint, and a fine of \$250.00 was assessed. The applicant satisfied the complaint and paid the fine on February 14, 1985.

We are inclined to allow the applicant the benefit of doubt and believe it had no intention to willfully circumvent the Public Utility Law. We do not feel that the illegal service was rendered in bad faith, and the fact it is now before us for certification is a measure of good faith in itself.

The applicant has applied for five individual rights, each of which has been altered to some extent by restrictive amendment. For clarification purposes, we deem it appropriate to set forth each right in its amended form. They now read as follows:

- (1) To transport household goods, personal effects and property used or to be used in a dwelling when a part of the furnishings, equipment or supplies of such dwelling as an incidental part of a removal by the householder from one domicile to another; furniture, fixtures, equipment and the property of stores, offices, museums, institutions, hospitals or other establishments when a part of the stock, equipment or supply of such stores, museums, institutions, hospitals or other establishments, in connection with a removal from one location to another; and articles, in use, including objects of art, displays and exhibits which, because of their unusual nature or value, require specialized handling and equipment usually employed in moving household goods, between points in Bucks County, excepting those points north of U.S. Route 202 and those points south of a line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown, and from said area to points in Pennsylvania.
- (2) To transport new and used furniture, fixtures and appliances, between points in Bucks County, excepting those points north of U.S. Route 202 and those points south of the line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown, and from said points in said area to points in Pennsylvania, further limited to moves which are incidental or part of an office move or transfer. (Emphasis added)
- (3) To transport office equipment and supplies, new and used, between points in Bucks County, excepting those points north of U.S. Route 202 and those points south of a line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown, and from points in said area to points in Pennsylvania, further limited to moves which are incidental or part of an office move or transfer. (Emphasis added)
- (4) To transport electronic equipment from the facilities of Indep, located in the borough of Willow Grove, Montgomery County, to points in Pennsylvania, and vice versa.
- (5) To transport electronic equipment from the facilities of Computer Hardware Service Center,

located in the borough of Ivyland, Bucks County, to points in Pennsylvania, and vice versa.

From a territorial standpoint, we have no problem with the amendment since it essentially precludes the applicant from serving the northern portion and a specified southern portion of Bucks County, but does preserve the Morrisville-Yardley areas (including Doylestown and Newtown) where the applicant's operation is entrenched. We do have difficulty with a portion of the amended authority which we have purposely emphasized in Right Nos. (2) and (3) above.

In the two rights, the applicant proposes to transport (2) new and used furniture, fixtures and appliances, and (3) new and used office equipment and supplies. The term "new and used" appears to have been contradicted by the amendment which further limits the service to "moves which are incidental or part of an office move or transfer". By limiting the authority to office moves or transfers, it would appear that the equipment, furniture and supplies are relegated to a used category and would eliminate entirely, the right to handle new equipment, furniture or supplies.

With the elimination of the right to transport new equipment, furniture or supplies, the right to handle the equipment, furniture or supplies in used condition is conveyed by the right to transport household goods, personal effects and property in the "broad form" service proposed at Right (1). Accordingly, any authority which may be granted hereinafter will be modified to the extent that Rights (2) and (3) will be omitted.

This matter of contradiction, among other things, had been called to the applicant counsel's attention by staff letter of April 7, 1987. Counsel concurred with our conclusion in his reply of June 26, 1987. It might be well to note also that the application is absent of any support relative to the need to transport new furniture, fixtures, appliances and supplies.

Relative to the broad form household goods moving services proposed at (1), and the right to transport electronic equipment proposed at (4) and (5), we conclude that the supporting evidence of shipper need is sufficient to sustain a determination that approval of the application will serve a useful purpose and be responsive to a public demand.

We find:

1. That the applicant is qualified to conduct business in Pennsylvania as a foreign corporation.
2. That the applicant is authorized to provide the type of service proposed here in interstate commerce and in New Jersey intrastate commerce.
3. That the applicant has rendered illegal service between points in Pennsylvania.

4. That the illegal service rendered in Pennsylvania was provided as the result of misinterpretation of its I.C.C. authority.

5. That the illegal service was not rendered with the willful intent to violate the Public Utility Law.

6. That the application is supported by 12 shippers who have displayed a need for the proposed service as amended and hereinafter modified.

7. That the applicant is financially fit, and has the necessary equipment and experience to render the proposed service as amended and modified.

8. That approval of the application, as amended and modified, is necessary for the accommodation and convenience of the public;
THEREFORE,

IT IS ORDERED: That the application be and is hereby approved as amended and modified, granting the applicant the following rights:

- (1) To transport, as a Class D carrier, household goods, personal effects and property, used or to be used in a dwelling when a part of the furnishings, equipment or supplies of such dwelling as an incidental part of a removal by the householder from one domicile to another; furniture, fixtures, equipment and the property of stores, offices, museums, institutions, hospitals or other establishments, when a part of the stock, equipment or supply of such stores, offices, museums, institutions, hospitals or other establishments, in connection with the removal from one location to another; and articles, in use, including objects of art, displays and exhibits which, because of their unusual nature or value, require specialized handling and equipment usually employed in moving household goods, between points in Bucks County, excepting those points north of U.S. Route 202 and those points south of a line which connects the municipal boundaries of Doylestown and Morrisville, but not excluding said places, as well as Newtown, and from said area to points in Pennsylvania.
- (2) To transport, as a Class D carrier, electronic equipment, from the facilities of Indep, located in the borough of Willow Grove, Montgomery County, to points in Pennsylvania, and vice versa.
- (3) To transport, as a Class D carrier, electronic equipment, from the facilities of Computer Hardware

Service Center, located in the borough of Ivyland, Bucks County, to points in Pennsylvania, and vice versa.

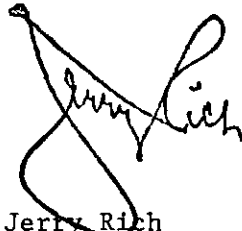

IT IS FURTHER ORDERED: That upon compliance with the requirements of the Pennsylvania Public Utility Code and the rules and regulations of the Commission relative to the filing and acceptance of evidence of insurance, and a tariff establishing just and reasonable rates, a certificate issue evidencing the Commission's approval of the right to operate as above determined.

IT IS FURTHER ORDERED: That in the event the applicant has not, on or before sixty (60) days from the date of the service of this order, complied with the requirements hereinbefore set forth, the application shall be dismissed without further proceedings.

IT IS FURTHER ORDERED: That the authority granted herein, to the extent that it duplicates authority now held by or subsequently granted to the applicant, shall not be construed as conferring more than one operating right.

IT IS FURTHER ORDERED: That the application in all other respects be denied for lack of proof of necessity.
