Report of Mediator

A mediation session took place on May 29, 2014. The issue involved claims with respect to traffic exchanged from January 1, 2012 forward. All the other issues in this matter were resolved previously by mediation.

The following persons participated in the May 29, 2014 session:

Armstrong Telecommunications, Inc.—David Jamieson, Esquire

Verizon Pennsylvania LLC—Suzan Paiva, Esquire; William Carnell, Esquire

The parties communicated with each other following the session. Based on information received by me on June 11, 2014, it appears that this case is no longer appropriate for mediation. Therefore, the mediation is terminated and the mediation phase of this matter has now concluded.

The parties request that this case be referred back to ALJ Dennis J. Buckley for disposition. The parties have informed me that they will continue to keep the lines of communication open in the meantime.

Respectfully submitted,

Herbert R. Nurick, Mediator
