RE: Trusted Energy LLC application to serve as a broker/marketer

Dear Mr. Cartwright,

Based on your assertion that Trusted Energy LLC ("TRUSTED ENERGY") is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities Inc. ("UGIU") has concluded that TRUSTED ENERGY will not need to post security with UGI-Central Penn Gas ("CPG"), UGI-Penn Natural Gas ("PNG") or UGI Utilities Gas Division ("UGI"). This is based on the declaration that TRUSTED ENERGY will not be taking title to gas or directly serving end use customers. This also assumes that TRUSTED ENERGY will be acting on the behalf of a licensed Natural Gas Supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the respective UGIU tariffs. If TRUSTED ENERGY wishes to directly serve Choice customers in the service territories of UGI, PNG and/or CPG in the future as a natural gas supplier, it will have to post security as specified in the respective UGI tariffs prior to the commencement of the service.

Please feel free to contact me with any additional questions that you may have.

Sincerely,

Re: Security Requirement Bond for Trusted Energy LLC

Dear Mr. Cartwright:

Philadelphia Gas works (PGW[®]) is aware that Trusted Energy LLC has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, Trusted Energy LLC must furnish acceptable security to each utility where Trusted Energy LLC will do business. As such, under its tariff, Philadelphia Gas Works could require Trusted Energy LLC to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that Trusted Energy LLC intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, Trusted Energy LLC will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, Trusted Energy LLC does not need to post a bond or other form of security to operate in its service territory. If the services provided by Trusted Energy LLC should change, Philadelphia Gas Works reserves the right to require security from Trusted Energy LLC as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at (215) 684-6405.

Sincerely,

Dear Mr. Cartwright:

We are pleased that Trusted Energy, LLC has applied for a license to provide natural gas broker/marketer services on the Peoples Group of Companies. Specifically you have requested to be licensed as a supplier on the distribution systems of Peoples Natural Gas Company LLC, Peoples TWP, and Peoples Natural Gas LLC – Equitable Division (“the Companies”).

Since Trusted Energy, LLC is not currently operating, and has no immediate plan to operate a Pool on the Peoples systems, we have determined at this time that Trusted Energy, LLC does not need a bond or other financial security requirement to provide these services to the Company’s customers.

If the creditworthiness requirement or the Company’s exposure to Trusted Energy, LLC provision of services on the Peoples’ system changes in the future, the Companies may deem it appropriate to require a bond or other financial instrument.

Dear Mr. Cartright:

We are pleased that Trusted Energy, LLC has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, Trusted Energy, LLC could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. Re: Security Requirement for Trusted Energy, LLC:

Dear Nathan,

National Fuel Gas Distribution Corporation (“NFGDC”) is aware Trusted Energy, LLC (TE) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, TE must furnish acceptable security to each utility where TE will do business. As such, under its tariff, NFGDC could require TE to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC’s understanding that TE intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, TE will never take title to any delivered natural gas.

Based upon your representations, NFGDC has determined that, at this time, TE does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by TE change in the future, NFGDC reserves the right to require security from TE as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7599.

Yours truly,
