Re: Application of Murphy's Hauling

Docket A-00108106

DOCKETED

JUL 26 1988

Dear Secretary Rich:

Enclosed is the original Order of Approval of the Commission adopted July 8, 1988 and entered July 13, 1988, of the transfer of the authority of Zoomer Trucking, Ltd. at Docket A-00104234 to Murphy's Hauling Service, Inc., assigned Docket A-00108106.

Also enclosed is a copy of the Pa. Bulletin publication giving notice of the proposed transfer. Also enclosed is the Order of the Commission adopted November 19, 1982 and entered December 2, 1982, setting forth the authority granted to Zoomer Trucking, Ltd., at Docket A-00104234, which was the subject of the instant, subject transfer application to Murphy's Hauling Service, Inc.

A review of these documents will show that the Commission made an inadvertent error in paragraph three (3) of the order approving the transfer to Murphy's Hauling Service, Inc. The territorial description in paragraph three is wrongly the same as the territorial description in paragraph four (4) of said order.

Paragraph three (3) of the current order should read as follows:

- "3. To transport, as a Class D carrier, machinery, machinery parts, forgings, castings, assemblies, work in progress and materials used or useful in the manufacture of the foregoing items, for Gimpel Machine Works, Inc., from its plant in the borough of Langhorne, Bucks County, to points within the city and county of Philadelphia and within an airline distance of fifteen (15) statute miles of the limits of said city and county, and vice versa."

Please make the necessary correction and return the original Order of Approval to me.

Thank you for your attention and consideration in this matter.

O R D E R

BY THE COMMISSION:

This matter comes before the Commission on an application filed April 11, 1988. Public notice of the application was given in the Pennsylvania Bulletin of May 14, 1988. The unopposed application is certified to the Commission for its decision without oral hearing.

The applicant is a Pennsylvania corporation, chartered October 18, 1985 with its principal place of business at 20 Park Avenue, Rockledge, Montgomery County. Cecelia M. Murphy is president and holds 500 shares of stock issued. Richard J. Murphy is vice president and holds 500 shares, Thomas M. Murphy, vice president holds the remaining outstanding 500 shares. Katherine K. Kuczborski is secretary-treasurer.

Applicant's financial statement shows total assets of \$136,979 with liabilities of \$116,086, leaving stockholders' equity of \$20,793. The applicant will use four straight trucks, two tractors and two van-type trailers to provide service.

The total consideration for the rights is seven hundred dollars (\$700). No tangible assets are involved. The total consideration was paid upon consummation of the sales agreement, February 4, 1988.

A review of the record before us indicates that the applicant possesses the requisite experience, equipment and financial capacity to provide the proposed service.

The authority to be transferred has been operated by the transferor, therefore, it is presumed that there is a continuing public need, which may be overcome only by evidence to the contrary. In re: Byerly, 440 Pa. 521 (1970); Hostetter v. Pa. P.U.C., 160 Super. Ct. 94 (1947). Since the record is void of any such evidence, this presumption of continuing public need applies in this transfer proceeding.

We find:

1. The applicant is fit, willing and able to provide the service proposed.
2. Transfer of the authority is in the public interest and is necessary for the continued accommodation and convenience of the public;
THEREFORE,

IT IS ORDERED: That the transfer application be and is hereby approved and that a certificate be issued granting the following right(s):

1. To transport, as a Class B carrier, property (excluding household goods, in use, new and used furniture and perishable fruits and vegetables) between points in the city of Philadelphia, Philadelphia County.
2. To transport, as a Class D carrier, machinery, machinery parts, forgings, castings, assemblies and work in process, for Peter J. Salmon Company, Inc., from its plant in the village of Glenside, Abington Township, Montgomery County, to points in the city and county of Philadelphia and within ten (10) miles of the limits of said city and county, and vice versa.
3. To transport, as a Class C carrier, machinery, machinery parts, forgings, castings, assemblies, work in progress, and materials used or useful in the manufacture of the foregoing items, for Gimpel Machine Works, Inc., from its plant in the borough of Langhorne, Bucks County, to points in the counties of Bucks, Berks, Chester, Delaware, Lancaster, Lebanon and Montgomery, and vice versa;

4. To transport, as a Class D carrier, machinery parts, forgings and castings, for Gimpel Machine Works, Inc., from its plant in the borough of Langhorne, Bucks County, to points in the counties of Bucks, Berks, Chester, Delaware, Lancaster, Lebanon and Montgomery, and vice versa;

with rights No. 2, 3 and 4 above subject to the following condition:

That the service herein authorized is restricted to that wherein the request for service and the pick-up and delivery are made in the same calendar day.

subject to the following general conditions:

1. That the approval hereby given is not to be understood as committing the Commission, in any proceedings that may be brought before it for any purpose, to fix a valuation on the property and rights to be acquired by applicant from the present certificate holder equal to the consideration to be paid therefor, or equal to any value that may be placed thereon by applicant, or to approve or prescribe rates sufficient to yield a return thereon.
2. That applicant shall not record in its utility accounts any amount representing the rights herein granted in excess of the actual cost of such rights to the original holder thereof.
3. That the applicant charge to Account 1550, Other Intangible Property, \$700, being the amount of the consideration payable by it for the rights and going concern value attributable thereto; less any amount recorded under condition 2 above; and subject to further adjustment due to any normal interim transactions to the date of actual transfer.
4. That the accounts of the transferee shall reflect the same book values as the records of the transferor at the effective date of the transfer, any previously recorded appreciation having been deleted therefrom; provided that the applicant shall not record in its utility accounts any amounts representing the rights herein granted in excess of the actual cost of such rights to the original holder thereof.

5. That the operating authority granted herein, or now held or subsequently granted to the applicant to the extent that it is duplicative shall not be construed as conferring more than one operating right.
6. That the certificate holder shall not transfer, sell or in any way convey any of its outstanding capital stock to any individual, partnership, corporation or any entity, without the prior filing of an application and approval thereof by the Commission under 66 PA C.S.A. §1102(a)(3).

IT IS FURTHER ORDERED: That the applicant shall not engage in any transportation granted herein until it has complied with the requirements of the Pennsylvania Public Utility Code and the rules and regulations of this Commission relative to the filing and acceptance of evidence of insurance and a tariff establishing just and reasonable rates.

IT IS FURTHER ORDERED: That upon compliance with the requirements above set forth, a certificate issue evidencing the Commission's approval of the right to operate as above-determined.

IT IS FURTHER ORDERED: That in the event said applicant has not, on or before sixty (60) days from the date of the service of this order, complied with the requirements hereinbefore set forth, the application shall be dismissed without further proceedings.

IT IS FURTHER ORDERED: That issuance of the certificate be withheld pending receipt of the 1988-89 Annual Assessment of the transferor.

IT IS FURTHER ORDERED: That upon compliance with this order, the rights granted the transferor, Zoomer Trucking, Ltd. at A-00104234 be cancelled and the record be marked closed.

Murphy's Hauling Service, Inc.

Dear Sir:

Under date of July 13, 1988 the Secretary's office transmitted to you the Commission's compliance order of July 8, 1988, evidencing approval of the above carrier's application at A-00108106, which is in effect a transfer of the rights formerly held by Zoomer Trucking, Ltd., at A-00104234. The letter transmitting the order directs attention to the requirement for the filing of a tariff.

PA Code, Title 52, Section 23.13(c) provides that in the case of change in ownership, etc., if feasible to do so, the tariffs of the former operator shall be adopted by the new operator, and no change in rates is permitted to cover the transfer of rights.

In this instance it is not possible to meet the tariff requirements by the adoption of the former tariffs for the reason that the present tariffs' description of operating authority does not conform with the approval of this application.

It will be necessary therefore, to file a new tariff which should be designated Freight - PA PUC No. 1. The tariff should name the same rates, rules and regulations as were filed by the former operator and may be issued to become effective on one days notice under authority of PA Code, Title 52, Section 23.42.

We also notice that rates for a part of the authorized service of Zoomer Trucking, Ltd. are provided in tariffs published by Pennsylvania Motor Truck Association, Inc., Philadelphia Chapter. Should you elect to participate in the agency publications, two copies of a suitable power of attorney should be included with the filing. If you do not elect to participate in the agency publications, a new tariff or tariffs should be filed containing the same rates, rules and regulations published by the agency for a minimum of 30 days.

Very truly yours,
