I sold the only truck I had running under my PUC No. My husband who was the driver of the truck has throat cancer and is not able to drive at this time. We were hoping to be up and running again within 6 months. I am very sorry for this inconvenience. I thought my PUC would still be good to get another truck and start over in such a short time period. Please let me know what I need to do under these circumstances. I don't have a truck at this time to insure. Again I am very sorry. I have a lot on my mind trying to get through our situation.

Thank you for your time.
