**BEFORE THE
PENNSYLVANIA PUBLIC UTILITY COMMISSION**

ADVENTURE ALLEY CLC, LLC	:	
Complainants	:	
v.	:	DOCKET NO. C-2014-2430850
	:	
PECO ENERGY COMPANY	:	
Respondent	:	

**PRELIMINARY OBJECTION OF RESPONDENT,
PECO ENERGY COMPANY**

Respondent, PECO Energy Company (“PECO”), pursuant to 52 Pa. Code § 5.101(a)(4) respectfully petitions this Honorable Commission to dismiss the instant Complaint as legally insufficient.

1. On July 8, 2014, PECO was served with a formal complaint filed by Adventure Alley CLC, LLC. (hereafter “Complainant”). A copy of the Complaint is attached hereto as Exhibit “1”.
2. In their Complaint, the Complainant alleges the following against Great American Power:

I think we should’ve been notified about the rate changing to a ridiculous rate. We have the option to go back to PECO if we wanted too and would’ve if we would’ve known the rate increased. We have been paying the same amount at different times of the year and that shouldn’t have changed for the worse. Great American solicited us with cheaper rates not higher ones.

See Exhibit “1”.

3. In essence, the Complainant is disputing the rate they are paying to their supplier, Great American Power (“Great American”) for electric service.

4. PECO therefore files the instant Preliminary Objection.
5. Pursuant to 52 Pa. Code § 5.101, preliminary objections may be filed against a complaint and dismissed for legal insufficiency. 52 Pa. Code § 5.101(a)(4).
6. Commission procedure regarding the disposition of preliminary objections is similar to that utilized in Pennsylvania civil procedure. Equitable Small Transportation Intervenors. v. Equitable Gas Co., 1994 Pa.PUC LEXIS 69, Docket No. C-00935435 (July 18, 1994).
7. In deciding preliminary objections, the Public Utility Commission must determine, based on the factual pleadings of the petitioner, if relief or recovery is possible. Roc v. Flaherty, 527 A.2d 211 (Pa. Cmwlth 1985).
8. A complaint must be able to recover under the law to survive a preliminary objection. Milliner v. Enck, 709 A.2d 417, 418 (Pa. Super. Ct. 1998) (“preliminary objection should be sustained only where it appears with certainty that, upon the facts averred, the law will not allow the plaintiff to recover”).
9. All of the non-moving party’s averments must be taken as true for the sake of deciding the preliminary objection. County of Allegheny v. Commw. of Pa., 490 A.2d 402 (Pa. 1985).
10. The court does not, however, need to accept, “unwarranted inferences from facts, argumentative allegations, or expressions of opinions.” Feingold v. McNulty, 2009 Phila. Ct. Com. Pl LEXIS 167, *3.
11. Section 703 of the Public Utility Code, 66 Pa. C.S.A. § 703(b) provides that the Commission may dismiss any complaint without a hearing if, in its opinion, a hearing is not necessary to the public interest.

12. A hearing is required only when there is a disputed question of fact, and is not required to resolve questions of law. Dee-Dee Cab, Inc. v. Pa.Pub. Util. Comm'n, 817 A.2nd 593 (Pa.Commw. Ct. 2003), petition for allowance of appeal denied, 836 A.2d 123 (Pa. 2003).

13. Here, there are no genuine issues of fact and PECO Energy is entitled to judgment as a matter of law with respect to all of the allegations in the Complaint.

I. Legal Insufficiency – Under both the Commission’s regulations and the contract between Great American and the Complainant, PECO is not a party to the electric generation transaction.

14. The Complainant disputes the rate they are receiving from their supplier Great American for electric service at their property.

15. By way of background, on December 3, 1996, the Pennsylvania Legislature passed the Electricity Generation Customer Choice and Competition Act (“Competition Act”) under 66 Pa.C.S. § 2807.

16. The Competition Act required electric distribution companies, such as PECO to unbundle transmission, distribution and generation rates for retail customers. The Competition Act deregulated electricity generation and provided all customers in Pennsylvania the opportunity to choose their electric generation supplier (“EGS”). 66 Pa.C.S. § 2807.

17. Section 2806(a) explicitly states:

All customers of electric distribution companies in this Commonwealth shall have the opportunity to purchase electricity from their choice of electric generation suppliers. The ultimate choice of the electric generation supplier is to rest with the consumer.

66 Pa.C.S. § 2806(a).

18. The Pennsylvania Public Utility Commission (“Commission”) issued regulations under 52 Pa. Code § 54.1 et. seq. to enable customers to make informed choices regarding the purchase of electricity services. 52 Pa. Code § 54.1(a).

19. The Commission approved Section 23 in PECO’s Electric Tariff to set forth the requirements for customers to switch to EGSs. See PECO’s Electric Service Tariff, Section 23, attached hereto as Exhibit “2”.

20. According to the Commission-approved tariff, customers were permitted to switch to EGSs and PECO Energy would “accommodate requests to switch in accordance with [Rule 23] and any applicable Commission Orders.” See PECO’s Electric Service Tariff, Section 23.

21. The Legislature and the Commission authorized customers to choose alternative electric suppliers consistent with the Electricity Generation Customer Choice and Competition Act, the regulations promulgated under 52 Pa. Code § 54.1; and PECO’s Commission-approved Electric Service Tariff.

22. The Complainant chose Great American as their electric supplier and entered into a contract with Great American for the rates they are receiving.

23. PECO is not the same company as Great American and the rates at issue are not PECO’s rates.

24. Indeed, pursuant to 52 Pa. Code § 54.5(c), EGSs (such as Great American) selected by the customer have to provide a written disclosure statement, stating the contract’s terms of service, including the generation charges and variable pricing statement, as well as the EGS’s address, telephone number, Commission license number and Internet address, if available. 52 Pa. Code § 54.5(c)(11).

25. Additionally, pursuant to 52 Pa. Code § 54.4(b)(10), the billing statements that go out to customers who choose to receive electric supply from an EGS must include the following statements:

(i) Generation prices and charges are set by the electric generation supplier you have chosen.

26. The Complainant was placed on notice through their billing statement that their electric supplier sets the rates they are charged – not PECO.¹

27. Further, PECO is not a party to the contract between the Complainant and Great American.

28. PECO's Electric Supplier Tariff specifically states at Section 5.4.1:

EGSs shall be solely responsible for having appropriate contractual or other arrangements with their Customers necessary to implement Direct Access consistent with all applicable laws, PAPUC requirements, and this Tariff. The Company shall not be responsible for monitoring, reviewing or enforcing such contracts or arrangements.

See PECO's Electric Supplier Tariff, Section 5.4.1, attached hereto as Exhibit "3".

¹ PECO's billing statement specifically instructs customers to obtain information about switching to an EGS at www.papowerswitch.com. Once there, it states: "*Electric generation suppliers are responsible for posted prices. Please consult the...electric generation supplier for prices, including introductory prices, renewable energy add on options, cancellation policies and any other discounts that may be available to you.*" There is also a consumer alert that states: "**Customers with variable contracts, or those with fixed contracts that have expired and were moved to a variable rate, may see their prices increase.**"

29. In this case, PECO is not a party to the contract between the Complainant and Great American. PECO has no knowledge of the contract and rate agreement the Complainant entered into with Great American and has no visibility into that agreement.

30. The Complainant has not alleged that PECO incorrectly read the meter, which resulted in the incorrect rates.

31. The Complainant has not alleged that PECO incorrectly billed them.

32. The Complainant does not dispute the PECO charges on their bill.

33. Rather, the only dispute the Complainant alleges is with Great American's supplier charges, over which PECO has no control.

34. The Complainants' Complaint, objecting to Great American's rates does not allege a violation of any order, law or tariff that can be the basis of any finding against PECO.

35. Administrative Law Judge David Salapa ("ALJ Salapa") reached a similar conclusion in the matter Donald Mulzet v. PPL Electric Utilities Corporation, Docket No. C-2013-2367132 (Order entered July 22, 2013). In that case, the Complainant filed a formal complaint against PPL Electric alleging there were incorrect charges on his bill because various electric suppliers, including Sarko Energy, were charging him higher rates than other suppliers. Id.

36. PPL Electric filed a Preliminary Objection, requesting the matter to be dismissed for legal insufficiency because the allegations in the complaint did not pertain to PPL Electric and only contested the rates charged by the suppliers. Id.

37. ALJ Salapa sustained PPL Electric's Preliminary Objection and dismissed the complaint as follows:

The Complainant has entered into agreements with various EGSs for electric supply and those EGSs have billed him at rates higher than the rates set forth in the agreements. Accepting the facts alleged in the complaint as true for purposes of disposing of its preliminary objections, the Respondent contends that the complaint fails to allege that the Respondent has violated the Public Utility Code, Commission regulations or orders. The Respondent concludes that the complaint is legally insufficient. I agree.

In order to be legally sufficient, a complaint must set forth “an act or thing done or omitted to be done or about to be done or omitted to be done by the respondent in violation, or claimed violation, of a statute which the Commission has jurisdiction to administer, or of a regulation or order of the Commission.” 52 Pa. Code §5.22(a)(4). Here, the complaint does not allege any facts that could be construed as a violation by the Respondent of any statute, regulation or order which the Commission has jurisdiction to administer. The complaint is therefore legally insufficient. Id.

38. As stated above, the Complainant has not disputed the meter reading, billing or PECO charges and has only disputed the Great American supplier charges.

39. Accordingly, the Complainant’s formal complaint should be dismissed as it fails to set forth a violation by PECO of either the Public Utility Code, the regulations of the PUC or PECO’s Electric Service Tariff as required by 52 Pa. Code §5.22(a)(4).

REQUEST FOR RELIEF

WHEREFORE, for the reasons set forth above, PECO Energy Company respectfully requests that your Honorable Commission summarily dismiss the Complainants' formal complaint, and all issues which were raised in the Complaint.

Respectfully submitted,

4. Reason for Complaint

What kind of problem are you having with the utility or company? Check all boxes below that apply and state the reason for your complaint. Explain specifically what you believe the utility or company has done wrong. Provide relevant details including dates, times and places and any other information that may be important. If the complaint is about billing, tell us the amount you believe is not correct. Use additional paper if you need more space. Your complaint may be dismissed without a hearing if you do not provide specific information.

- The utility is threatening to shut off my service or has already shut off my service.
- I would like a payment agreement.
- Incorrect charges are on my bill. Provide dates that are important and an explanation about any amounts or charges that you believe are not correct. Attach a copy of the bill(s) in question if you have it/them.
- I am having a reliability, safety or quality problem with my utility service. Explain the problem, including dates, times or places and any other relevant details that may be important.

Note: If your complaint is only about removing or modifying a municipal lien filed by the City of Philadelphia, the Public Utility Commission (PUC) cannot address it. Only local courts in Philadelphia County can address this type of complaint. The PUC can address a complaint about service or incorrect billing even if that amount is subject to a lien.

In addition, the PUC generally does not handle complaints about cell phone or Internet service, but may be able to resolve a dispute regarding voice communications over the Internet (including the inability to make voice 911/E911 emergency calls) or concerns about high-speed access to Internet service.

5. Requested Relief

How do you want your complaint to be resolved? Explain what you want the PUC to order the utility or company to do. Use additional paper if you need more space.

I Think we should've ^{been} notified about the rate changing to a ridiculous rate. We have the option to go back to Peco if we wanted too and we would've if we would've known the rate increased. We have been paying the same amount at different times of the year and that should't have changed for the worse. Great American solicited us with cheaper rates NOT higher ones.

Note: The PUC can decide that a customer was not billed correctly and can order billing refunds. The PUC can also fine a utility or company for not following rules and can order a utility or company to correct a problem with your service. Under state law, the PUC cannot decide whether a utility or company should pay customers for loss or damages. Damage claims may be sought in an appropriate civil court.

6. Protection from Abuse

Has a court granted a "Protection from Abuse" order that is currently in effect for your personal safety or welfare? The PUC needs this information to properly process your complaint so that your identity is not made public.

Note: You must answer this question if your complaint is against a natural gas distribution utility, an electric distribution utility or a water distribution utility AND your complaint is about a problem involving billing, a request to receive service, a security deposit request, termination of service or a request for a payment agreement.

Has a court granted a "Protection from Abuse" order for your personal safety or welfare?

YES

NO

If your answer to the above question is "yes," attach a copy of the current Protection for Abuse order to this Formal Complaint form.

7. Prior Utility Contact

a. Is this an appeal from a decision of the PUC's Bureau of Consumer Services (BCS)?

YES

NO

Note: If you answered yes, move to Section 8. No further contact with the utility or company is required. If you answered no, answer the question in Section 7 b. and answer the question in Section 7 c. if relevant.

b. If this is not an appeal from a BCS decision, have you spoken to a utility or company representative about this complaint?

YES

NO

Note: You must contact the utility first if (1) you are a residential customer, (2) your complaint is against a natural gas distribution utility, an electric distribution utility or a water utility AND (3) your complaint is about a billing problem, a service problem, a termination of service problem, or a request for a payment agreement.

c. If you tried to speak to a utility company representative about your complaint but were not able to do so, please explain why.

They told me to just pay the bill and there is nothing that can be done. It took a very long time to get through to them.

Note: Even if you are not required to contact the utility or company, you should always try to speak to a utility or company representative about your problem before you file a Formal Complaint with the PUC.

8. Legal Representation

RULES AND REGULATIONS (continued)

23. EGS SWITCHING

23.1 PECO Energy will accommodate requests by customers to switch EGSs in accordance with this Rule 23, and any applicable Commission Orders.

23.2 To switch to a new EGS, a customer must inform the new EGS. Customers that wish to switch are not required to contact PECO Energy to initiate a switch; PECO Energy will only switch a customer in accordance with Rule 23.

23.3 To enable a new EGS to complete a switch, a customer must provide to the new EGS the customer's PECO Energy account number as it appears on the customer's PECO Energy monthly bill.

23.4 A switch to an EGS will be effective as of the next scheduled meter reading date, provided the Company has received 11 days prior notice, which notice must include valid customer information as required by the controlling provisions of the Supplier Tariff. Upon receiving valid notice to switch an EGS, the Company shall notify the customer's existing EGS that such a request has been made. (C)

23.5 If and when a customer's EGS discontinues its supply in the event of bankruptcy, loss of license, or similar occurrence, or if a Customer is dropped by its EGS for non-payment or other reason then the customer may select a new EGS. The customer will receive its energy supply from PECO Energy until the switch becomes effective.

23.6 Nothing in this Rule 23 shall be interpreted to preclude EGSs from entering into agreements for supply with a term of service of one month. EGSs may enter into agreements for longer than one month. If a customer's service is switched to another EGS or to Default Service in accordance with this Rule 23, however, then PECO Energy will make the switch regardless of any claims by the previous EGS that the customer's agreement with the previous EGS precludes the switch. Nothing in this Rule 23, however, is intended to limit the previous EGS's contractual rights.

EXHIBIT “3”

preceding process is complete, the Company will notify the Customer's prior EGS, via an EDI transaction, of the discontinuance of service to the Customer from that prior EGS. (C)

5.3.4

(a) If a Customer contacts the Company to discontinue electric service at the Customer's then current location, and initiates a request for service at a new location in the Company's service territory, the Company will notify the current EGS, via an EDI transaction, of the Customer's discontinuance of service for the account at the Customer's old location.

(b) If a Customer contacts the Company to discontinue electric service and indicates that the Customer will be relocating outside of the Company's service territory, the Company will notify the current EGS, via an EDI transaction, of the Customer's discontinuance of service for the account at the Customer's location.

5.4 Provisions relating to an EGS's Customers.

5.4.1 Arrangements with EGS Customers. EGSs shall be solely responsible for having appropriate contractual or other arrangements with their Customers necessary to implement Direct Access consistent with all applicable laws, PaPUC requirements, and this Tariff. The Company shall not be responsible for monitoring, reviewing or enforcing such contracts or arrangements.

5.4.2 Transfer of Cost Obligations Between EGSs and Customers. Nothing in this Tariff is intended to prevent an EGS and a Customer from agreeing to reallocate between them any charges that this Tariff imposes on the EGS, provided that any such agreement shall not change in any way the EGS's obligation to pay such charges to the Company, and that any such agreement shall not limit the right of the Company to seek recourse directly from the EGS's Customer for any charges owed to the Company by the EGS Customer or preclude the termination or reconnection of the EGS Customer by the Company as provided in the Company's tariffs.
