Re C-2013-2347310

Dear Madam:

I write this letter on behalf of my sister and me to acknowledge receipt of the initial decision of Judge Eranda Vero. I must admit I am disappointed with her decision and would like to request that she re-considers her decision for the following reasons:

1. A lot of the information is technical in nature and I do not understand it sufficiently to file or submit the required exceptions.
2. There were some inaccuracies, as Patricia does not make \$19/hr as stated, but \$16.01 per hour
3. At the time of filing our complaint we were four living in the home. Adjuah's grandson has since gone into the military, and Patricia's son started college August 2013..
4. Patricia's son is away at West Chester University, but she bears the expense of supporting a child in college. In fact he is presently at home and has been home for the summer vacation since May.
5. Our income may seem adequate, but both of us are originally from Africa and have financial obligations to meet. Patricia is still paying for the funeral expenses of her mother who passed one year ago in the US and was funeral zed and buried in Africa.
6. We would like for PECO to give us another and final payment arrangement, as we cannot pay the money owed in one payment and we do not want our services interrupted.
5. We admit that we did default on previous payment arrangements, but we promise that this time things will be different, and we shall definitely adhere to the arrangements.

I look forward to hearing from you.

Sincerely,

  
Patricia Jackson
