5. Comment

Describe your views about the proposed rate increase. Use additional paper if you need more space.

West Penn closed the Hatfield generating facility because of over producing in this area and it would save millions. Within the year it was reported, they were considering asking consumers to conserve less electric because of winter. Now they are asking for a 14% raise (millions)?<sup>Bad</sup>

I have been told other states in this area are much higher, to ~~use~~ us that is not an excuse to raise our rates, to keep up with them.

West Penn - 14% raise / ? Dan Comstock's Social Security 1.5% raise
