Re: Security Requirement Bond for BurtonEnergyGroup

Dear Mr. Burton:

Philadelphia Gas Works ("PGW") is aware that BurtonEnergyGroup has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, BurtonEnergyGroup must furnish acceptable security to each utility where BurtonEnergyGroup will do business. As such, under its tariff, Philadelphia Gas Works could require BurtonEnergyGroup to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that BurtonEnergyGroup intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, BurtonEnergyGroup will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, BurtonEnergyGroup does not need to post a bond or other form of security to operate in its service territory. If the services provided by BurtonEnergyGroup should change, Philadelphia Gas Works reserves the right to require security from BurtonEnergyGroup as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at (215) 684-6278.

Sincerely,

A handwritten signature in black ink, appearing to read "Nicholas LaPergola", is written over a horizontal line.

Nicholas LaPergola
Director
Gas Supply, Transportation & Control
