Re: Pennsylvania Public Utility Commission, Bureau of Investigation and  
Enforcement v. Snyder Brothers, Inc., Docket No. C-2014-2402746

Dear Secretary Chiavetta:

Enclosed for filing pursuant to 52 Pa.Code § 5.302(a) is A Joint Petition for Interlocutory Review and Answer to Material Questions filed jointly by the parties to the above action.

Please take note that the parties have also requested a stay of the proceedings before Administrative Law Judge Sapala pending consideration of this Petition.

If your office has any questions feel free to contact me.

Respectfully submitted,

Thomas C. Reed  
Counsel for Snyder Brothers, Inc.

Cc: The Honorable David A. Salapa, Administrative Law Judge  
Heidi L. Wushinske, Esquire  
Kevin J. Moody, Esquire

w/enclosure

**BEFORE THE  
PENNSYLVANIA PUBLIC UTILITY COMMISSION**

Pennsylvania Public Utility	:	
Commission, Bureau of	:	
Investigation and Enforcement (“I&E”)	:	C-2014-2402746
	:	
v.	:	
	:	
Snyder Brothers, Inc. (“BSI”)	:	
	:	
And	:	
	:	
Pennsylvania Independent Oil & Gas:	:	
Association (“PIOGA”),	:	
	:	
Intervenor	:	

**JOINT PETITION FOR INTERLOCUTORY COMMISSION REVIEW AND ANSWER  
TO MATERIAL QUESTIONS**

The Parties above named, by and through their undersigned counsel hereby Petition the Pennsylvania Public Utility Commission for interlocutory review of the following Material Questions:

1. Whether an unconventional gas well which produces less than a daily average of 90,000 cubic feet of gas in only one month of a calendar year is a stripper well within the meaning of that term as set forth in 58 Pa. C.S. § 2301, and not subject to the impact fee for that year?
2. Whether Act 13 impact fees are fees or “taxes?”

SBI and PIOGA request the Commission to answer Question #1 in the affirmative.

I&E requests the Commission to answer Question #1 in the negative.

In response to Question #2, SBI and PIOGA request the Commission to find that Act 13 impact fees are taxes.

I&E requests the Commission to find that Act 13 impact fees are fees, and not taxes.

In support thereof the Joint Petitioners state:

1. The complaint in this matter was filed in January of 2014, to which SBI filed a timely answer with New Matter.
2. The parties have stipulated to the various facts, as set forth in the Stipulation which is attached hereto as Exhibit "A."
3. An earlier Petition for Interlocutory Review filed by I&E, and opposed by SBI and PIOGA, sought to have the following question answered: "Whether an unconventional gas well that produces more than 90,000 mcf [sic] average per day in any given month during a calendar year is properly subject to the impact fees and administrative charges applicable to said well under Act 13." The Commission declined to answer the question and returned the matter to the Administrative Law Judge (ALJ).
4. Following the return of the matter, the ALJ assigned to this matter proceeded to deny a Motion For Summary Judgment filed by SBI.
5. In his opinion denying SBI's Motion for Summary Judgment, the ALJ answered the above two questions in the negative and agreed with I&E's positions, as set forth herein.
6. The ALJ recently issued an order setting a Scheduling Conference for September 25, 2014, after which the parties will be required to present evidence on a variety of issues, including the amount of impact fees and administrative charges due, the amount of statutory penalties and interest due, and whether a requested civil penalty is justified in this case.
7. By accepting this Petition and answering the above material questions, the Commission may obviate the need for further proceedings before the ALJ, thus expediting a final outcome to these proceeding.

8. An additional factor favoring this Petition is that if granted it will further the possibility that the issue of the proper interpretation of the term "stripper well" can be resolved before the next annual payment of such fees is due April 1, 2015, which is beneficial to all parties

9. The parties further request a stay of the proceedings while this Petition is under review.

Respectfully submitted,

Thomas C. Reed, Esquire  
Counsel for Snyder Brothers, Inc.

Kevin J. Moody, Esquire  
Vice President and General Counsel  
Pennsylvania Independent Oil & Gas Association

Heidi L. Wushinske, Prosecutor  
Bureau of Investigation and Enforcement

Dated: September 11, 2014

EXHIBIT "A"

BEFORE THE  
PENNSYLVANIA PUBLIC UTILITY COMMISSION

Pennsylvania Public Utility Commission,	:	
Bureau of Investigation and Enforcement,	:	
	:	
Complainant.	:	Docket No. C-2013-2380697
	:	
v.	:	
	:	
Snyder Brothers, Inc.,	:	
	:	
Respondent.	:	

Snyder Brothers, Inc.(SBI), Respondent, above named, the Pennsylvania Public Utility Commission Bureau of Investigation and Enforcement, Complainant above named, and the Pennsylvania Independent Oil & Gas Association, Intervenor, by and through their respective counsel of record do hereby stipulate to the following facts:

Stipulation of Facts

1. The Pennsylvania Public Utility Commission ("PUC"), with a mailing address of P.O. Box 3265, Harrisburg, PA, 17105-3265, is a duly constituted agency of the Commonwealth of Pennsylvania empowered to make all lawful inquiries and determinations necessary to calculate and collect the fee, administrative charges or assessments imposed by Act 13 of 2012.
2. Complainant is the PUC's Bureau of Investigation and Enforcement, with a mailing address at P.O. Box 3265, Harrisburg, PA 17105-3265.
3. Respondent, SBI is an oil and gas producer, as defined in Section 2301 of the Act 13, 58 Pa.C.S. § 2301 ("Section 2301"), with a principal place of business at One Glade Park East, P.O. Box, 1022, Kittanning, PA 16301.

4. SBI produces gas from "unconventional formations," as defined in Section 2301, using only a single vertical borehole. It does not drill, nor does it operate any "unconventional gas well," as defined in Section 2301; that produces gas through horizontal boreholes.

5. A "vertical gas well" is defined by Section 2301, as follows: "an unconventional gas well which utilizes hydraulic fracture treatment through a single vertical well borehole and produces natural gas in quantities greater than that of a stripper well."

6. A "stripper well" is defined by Section 2301 as: "an unconventional gas well incapable of producing more than 90,000 cubic feet of gas per day during any calendar month, including production from all zones and multilateral well bores as a single well, without regard to whether the production is separately metered."

7. Each "unconventional gas well" that meets the definition of "vertical gas well" as set forth in Section 2301 is subject to an annual impact fee ("Impact Fee") pursuant to Section 2302 of Act 13, 58 Pa.C.S. § 2302.

8. Each "unconventional gas well" that is spud and not plugged is subject to an administrative fee ("Spud Fee") pursuant to Section 2303 of Act 13, 58 Pa.C.S. § 2303.

9. Impact Fees and Spud Fees imposed by Act 13 became due by September 1, 2012, for unconventional wells spud before January 1, 2012, and April 1 following each calendar year after 2011 for wells spud during those calendar years. Section 2303(a) of Act 13, 58 Pa.C.S. § 2303(a).

10. On August 15, 2012 SBI submitted to the PUC an Annual Report for the year 2011 ("2011 Annual Report") as required by applicable law. A true and correct copy of the 2011 Annual Report submitted to the PUC is attached hereto as Joint Exhibit 1.

11. The 2011 Annual Report lists each well which SBI operated that was potentially subject to the Impact Fee and Spud Fee requirements of Act 13 for the 2011 reporting period.
12. Exhibit C to the 2011 Annual Report accurately sets forth the production each well produced in each month of the 2011 reporting period.
13. Exhibit A to the 2011 Annual Report states that SBI believed it operated 18 vertical gas wells during 2011 for which an Impact Fee and Spud Fee was due.
14. On or about August 29, 2012, SBI received Statement Number 11-35-0000063561-1 from the PUC ("2011 Fee Statement"), stating that the amount of Impact Fees due for the period January 1, 2011 through December 31, 2011 were \$170,000.00 on "17 Vertical Gas Wells." A true and correct copy of 2011 Statement is attached hereto as Joint Exhibit 2.
15. On August 30, 2012 SBI paid the amount set forth on the 2011 Fee Statement.
16. On or about August 29, 2012, SBI received Statement Number 11-35-000006351-2 from the PUC ("2011 Spud Statement"), stating the amount of Spud Fees due for the period January 1, 2011 through December 21, 2011 was \$850.00 on "17 Vertical Gas Wells." A true and correct copy of the 2011 Spud Statement is attached hereto as Joint Exhibit 3.
17. On August 30, 2012 SBI paid the amount claimed due by the 2011 Spud Statement.
18. On March 27, 2013 SBI submitted to the PUC an Annual Report for the year 2012 ("2012 Annual Report") as required by applicable law. A true and correct copy of the 2012 Annual Report submitted to the PUC is attached hereto as Joint Exhibit 4.
19. The 2012 Annual Report lists each well which SBI operated that was potentially subject to the Impact Fee and Spud Fee requirements of Act 13 for 2012 reporting period.

20. Exhibit C to the 2012 Annual Report accurately sets forth the production each well produced in each month of the 2012 reporting period.
21. Exhibit A to the 2012 Annual Report states that SBI believed it operated 28 vertical gas wells during 2012 for which an Act 13 Impact fee or Spud Fee was due.
22. The Bureau of Investigation and Enforcement's position, as stated in an April 12, 2013 e-mail from Ms. Yvonne Hess, a representative of the Bureau of Administration of the PUC, to SBI ("Hess E-Mail") is that a vertical well is not a "stripper well" as defined in Section 2301 if it has reported production in excess of 90 Mcf in any one month of a reporting period. A copy of the Hess E-Mail is attached hereto as Joint Exhibit 5.
23. SBI responded to the Hess E-Mail by advising representatives of the Bureau of Administration that SBI disagreed with PUC's interpretation of the term "stripper well" set forth in Section 2301, and that each well SBI had listed as a "stripper well" in SBI's 2011 Annual Report and its 2012 Annual Report qualified as a stripper well by virtue of its reported monthly production history for such year.
24. On April 8, 2013 SBI received Statement Number 12-35-0000063561-1 ("2012 Fee Statement"), which requested payment in the amount of \$236,000.00 on or before April 1, 2013. A true and correct copy of the 2012 Fee Statement is attached hereto as Joint Exhibit 6.
25. SBI has paid the amount requested to be paid by the 2012 Fee Statement.
26. On April 8, 2013 SBI received Statement Number 12-35-0000063561-2 ("2012 Spud Statement"), which requested payment in the amount \$1,400 on or before April 1, 2013. A true and correct copy of the 2013 Spud Statement is attached hereto as Joint Exhibit 6.
27. SBI has paid the amount requested to be paid by the 2012 Spud Fee Statement.

28. There exists no mechanism in Act 13 whereby SBI could have paid "under protest" the amount of any Impact Fees or Spud Fees which it disputed, or such other manner whereby it could have any successfully disputed "fees" or "charges" returned to it.

29. There exists no mechanism in Act 13 whereby the PUC can "refund" any Impact Fees or Spud Fees which were paid and disbursed to a municipality but thereafter determined to not be due and owing or otherwise to have been erroneously paid.

So stipulated,

Dated: 6/11/14

## RECEIVED

JUN 19 2012

RE: Act 15 Impact Fee Reporting

PA. PUBLIC UTILITY COMMISSION  
SECRETARY'S BUREAU

To Whom It May Concern:

This letter is in regard to the unconventional impact fees for wells spud in 2011 and prior years. *All of our unconventional wells are Vertical Wells.* Snyder Brothers, Inc. was unable to adequately update the database available through the PUC website. In lieu of that method, we are sending this letter and attached exhibits to update the Commission on the status of all Snyder Brothers, Inc.'s 2011 and prior year unconventional wells.

Attached you will find three (3) Exhibits that detail the status of all Snyder Brothers, Inc.'s unconventional vertical wells spud in 2011 and prior years:

- Exhibit "A" lists all of the active vertical unconventional wells that are subject to the impact fee.
- Exhibit "B" lists all of the wells that are not subject to the impact fee, along with an explanation detailing why they are not subject.
- Exhibit "C" further details the 2011 monthly production history for all wells identified as "summer wells" on Exhibit "B".

If you have any questions, please feel free to call me at 724-548-8101.

Sincerely,

SNYDER BROTHERS, INC.

JUN 19 2014

RE: Act 13 Impact Fee Reporting

PA PUBLIC UTILITY COMMISSION  
SECRETARY'S BUREAU

To Whom It May Concern:

This letter is to update the Commission on the status of all Snyder Brothers, Inc.'s unconventional wells for the impact fee year of 2012. *All of our unconventional wells are Vertical Wells.* Attached you will find three (3) Exhibits that detail the status of all Snyder Brothers, Inc.'s unconventional vertical wells.

- Exhibit "A" lists all of the active vertical-unconventional wells that are subject to the impact fee. The wells are notated to indicate whether this is the 1<sup>st</sup> year the well is paying the impact fee or if the well paid the impact fee for 2011.
- Exhibit "B" lists all of the wells that are not subject to the impact fee, along with an explanation detailing why they are not subject.
- Exhibit "C" further details the 2012 monthly production history for all wells identified as "stripper wells" on Exhibit "B".

If you have any questions, please feel free to call me at 724-548-8101.

Sincerely,

SNYDER BROTHERS, INC.

  
David C. O'Hara  
Vice President

Subject: RE: Producer Statement and Annual Report for 2012 Impact Fees

I do apologize for missing your call, things are a bit hectic here. I do believe the problem with the report is the Vertical Wells that are producing over 90MCF in any one given month during the year. If a Vertical does produce over 90mcf in just one month it is to pay the fee for the entire year. The additional 21 Active Vertical wells are directly attributable to the production data submitted in your Exhibit C. please let me know if you have any additional questions.  
Yvonne
