**RE: Nathaniel Haynesworth v. Philadelphia Gas Works, Docket No. C-2013-2388558**

Dear Judge Vero:

Pursuant to your request during the hearing on March 24, 2014, please find enclosed PGW's late filed Exhibit – 6, which is a print out from the Character Based System of the Billing, Collection, and Customer Service (BCCS) database that PGW uses to track its meters. The exhibit shows the history of the meter in question.

Also, at your request, Ms. Cynthia Garner reviewed possible credit adjustments for this account, specifically the Revenue Credit Adjustment as well as the Weather Normalization Adjustment, and confirmed that this account is not entitled to either as the account usage was billed at the most beneficial rate. As this is what Ms. Garner testified to during the March 24<sup>th</sup> hearing, PGW will leave the record as it stands on that issue.

If you need additional information about this matter, please contact me at my direct-dial number above. Thank you.

Sincerely,

Graciela C. Christlieb
