FYI. Does PPL have an objection to a motion for continuance so Mr. Harper can obtain counsel? I am inclined to grant this request for a continuance and reschedule the in-person hearing.

My complaint basis includes PPL and the PUC refusal to provide a American with Disabilities Act accommodation to communicate in writing/in person rather than by telephone. I just told this officer of the court via email this very fact only 12 hours ago. That he would then read of my ADA accommodation and ask to have a hearing utilizing what I've been asking them not to do is immoral. That this court could have my complaint and read my objection to telephonic communications and agree with this hearing by phone is beyond the pale. I'm seeking legal council to represent me and ask for a continuance. NO, I DO NOT AGREE TO HAVE HEARING BY TELEPHONE!
