Dear Judge David A. Salapa,

After receiving a copy of Mr. Crayne letter dated September 3, 2014. I thought you should have clarification of the request for Continuance. It was Columbia Gas who contacted me with the offer for a continuance, as they said they were prepared to try a Dehumidifier and thought by April 2015 the house would be dried out by then and hopefully the problems solved. I agreed and went to work on getting the problem solved but I want Columbia Gas to work on solving the problem immediately. So the continuance was for their benefit and their request for additional time to solve the problems.

I am not sure if my health will take another seven months without the problem being addressed immediately. Just have to leave it if God Wills, all I want is them to make my home livable like it was before the insulation was put in.
