Re: Bonding Requirements

Dear Steve Stetler:

PECO is aware that Convenient Ventures, LLC has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application, Convenient Ventures, LLC could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Convenient Ventures, LLC has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers will not take title to any delivered natural gas; nor will accept any customer payments or deposits. Therefore, PECO has determined at this time that Convenient Ventures, LLC does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by Convenient Ventures, LLC or the creditworthiness requirement for PECO's exposure to Convenient Ventures, LLC changes in the future, PECO reserves the right to require Convenient Ventures, LLC to provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Chris Sauerbaum at 215-841-6422 or myself at 215-841-6452.

Respectfully submitted,

Re: Security Requirement for Convenient Ventures, LLC d/b/a Energy Objective:

Dear Tim,

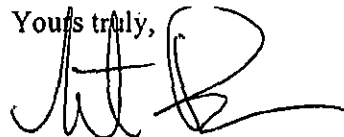

National Fuel Gas Distribution Corporation ("NFGDC") is aware Convenient Ventures, LLC d/b/a Energy Objective (EO) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, EO must furnish acceptable security to each utility where EO will do business. As such, under its tariff, NFGDC could require EO to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC's understanding that EO intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, EO will never take title to any delivered natural gas.

Based upon your representations, NFGDC has determined that, at this time, EO does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by EO change in the future, NFGDC reserves the right to require security from EO as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7599.

Yours truly,

Nathan E. Barnes
