RE: Destination Energy License Bond Renewal  
Docket No. A-2013-2397402

Dear Madam Secretary:

Please accept this letter in response to the letter from the Commission, dated September 9, 2014, requiring notice that Destination Energy, LLC is renewing its security bond to maintain its status as a licensed broker of electricity in the state of Pennsylvania.

Destination Energy had no sales during calendar year 2013, and it is our understanding that the renewal bond amount should equal the initial bond amount, which became effective in November of 2013.

Please let me know if any additional action is necessary in order to maintain a good standing with the Commission and the state of Pennsylvania.

Best Regards,

John Troublefield  
President
