Re: Stream Energy Pennsylvania, LLC's Application for Reduction in Security Requirements and Change in Security Instruments
Docket No. A-2010-2181867

Dear Secretary Chiavetta:

By letter request dated September 12, 2014, Stream Energy Pennsylvania, LLC ("Stream Energy") requested approval for a reduction in its required security to operate as a licensed electric generation supplier in Pennsylvania and that it be permitted to rely upon a segregated cash account to satisfy its security requirements pursuant to the Final Order entered July 24, 2014 at Docket No. M-2013-2392141. Stream served a copy of the application to the statutory advocates as well as the electric distribution companies and filed a certificate of service on October 2, 2014. In accordance with subsequent discussions with Staff from Technical Utility Services, Stream was asked to provide the following additional information in further support of its request: (1) updated gross revenues from July 2014 – September 2014; (2) documents showing that Stream has paid all its taxes for the last three years; and, (3) support for Stream's expected 2014 tax liability.

The enclosed **CONFIDENTIAL** documents are being provided in response to this request. The reason for the claim of confidentiality is that Stream Energy Pennsylvania is a privately held company and is not subject to public reporting requirements with respect to this information, and Stream Energy Pennsylvania does not publish or otherwise make available for use by the general public or its competitors its financial, business operation or tax information. Accordingly, Stream Energy Pennsylvania respectfully requests the Commission to maintain the confidentiality of this information.

Please do not hesitate to contact me if you have any questions or need additional information.

Sincerely,

Deanne M. O'Dell
