ORDER

BY THE COMMISSION:

This matter comes before the Commission on an application filed October 18, 1988. Public notice of the application was given in the Pennsylvania Bulletin of November 26, 1988. Nine protests were filed but withdrawn, contingent upon the Commission's acceptance of a restrictive amendment prohibiting service for certain named shippers and locations. The now unprotested application is certified to the Commission for its decision without oral hearing. The record consists of verified statements filed by the applicant and four supporting shippers.

Applicant
3
C/S/ta, KJV

C.T. Hertzsch, Inc. (Hertzsch or applicant), is a corporation of the State of Indiana, with its principal place of business in Speed, Indiana. Hertzsch is a wholly-owned subsidiary of Evergreen Holding Co., which also owns Schwerman Trucking Co., a certificated common carrier (A-00092811). Thus, the entities involved are affiliated interests and will be subject to the provisions of Chapter 21 of the Public Utility Code. 66 Pa. C.S. §§2101-2107.

The applicant currently operates under authority from the Interstate Commerce Commission. It currently has terminals in Indiana, Ohio and West Virginia; upon approval of this application, Hertzsch plans to open facilities in Allentown and Pittsburgh. Initially, ten tractors and seven pneumatic trailers will be assigned to Pennsylvania and more will be added if the volume of traffic warrants additional equipment. A comprehensive safety program for drivers and vehicles is currently in place. As evidence of its financial capacity to begin intrastate operations, Hertzsch reports assets of \$2,571,014, with liabilities of \$1,313,881, leaving a shareholders' equity of \$1,257,133.

William H. Gaston, manager of marketing services for Coplay Cement Company (Coplay), submitted a verified statement in support of the amended application. This shipper is a manufacturer and distributor of Portland Cement products, with facilities in Egypt, Lehigh County, and Nazareth, Northampton County. Coplay expects to tender approximately ten shipments per week to the applicant for delivery to distributors and job sites located throughout Pennsylvania.

Kenneth E. Skinner, director of distribution for Lone Star Industries, Inc. (Lone Star), submitted a verified statement in support of the amended application. Lone Star is also a manufacturer and distributor of cement. It anticipates using Hertzsch to deliver approximately 25,000 tons per year from its Nazareth, Northampton County, plant to ready-mix plants and block plants located across the state.

L.E. Cummings, vice president for distribution and purchasing for Lehigh Portland Cement Company (Lehigh), submitted verified statements in support of the amended application. This shipper's plant is located in York County and it requires deliveries to job sites throughout the state; recent delivery points have been located in the counties of Berks, Bucks, Chester, Crawford, Dauphin, Delaware, Franklin, Lancaster, Montgomery, Philadelphia, Washington and Westmoreland.

William R. Stonebraker, manager of marketing services for Federal White Cement, Inc. (Federal), submitted a verified statement in support of the amended application. Federal recently opened a new distribution center in Bethlehem, Northampton County. It expects to tender approximately five thousand tons per year to the applicant for delivery to such points as Philadelphia, Scranton, Chambersburg, Pittsburgh and Williamsport.

After a review of the record before us, we find it sufficient to warrant approval of the application, as amended.

We find that:

1. The applicant is fit to hold a certificate of public convenience.
2. The applicant has demonstrated that there is a public need for the proposed service, as amended.
3. Approval of the application, as amended, is necessary for the accommodation and convenience of the public; THEREFORE,

IT IS ORDERED: That the application, as amended, be and is hereby approved granting the following right:

To transport, as a Class D carrier, cement and dry bulk materials and supplies used or useful in the manufacture of cement (except fly ash) in tank or hopper type vehicles, between points in Pennsylvania;

subject to the following condition:

That no right, power or privilege is granted to transport:

- (a) Sand from the facilities of U.S. Silica in Huntingdon and Mifflin Counties;
- (b) Limestone and limestone products in tank vehicles from points in York County;
- (c) To or from the facilities of Bellefonte Lime and Center Lime & Stone Co., Inc., located in Centre County;
- (d) Limestone and limestone products from points in Lebanon County; and lime and limestone products for Mercer Limestone Co. from Slippery Rock Township, Butler County;
- (e) For Glenn O. Hawbaker, Inc., New Enterprise Stone & Lime Co., Inc., Martin Limestone, Inc., Union Equipment Company, Inc., Valley Quarries, Inc.;
- (f) Materials and supplies used or useful in the manufacture of cement within

50 statute miles of the limits of the borough of Homestead, Allegheny County, and from said territory to points in Pennsylvania, and vice versa;

- (g) Cement for Armstrong Cement & Supply Corporation or from the facilities of Armstrong Cement & Supply Corporation located in the township of Winfield, Butler County, to points in Pennsylvania and vice versa;
- (h) To or from the facilities of Eastern Industries Inc., Corson Lime Co., G. & W. H. Corson and United Gypsum Company;
- (i) To or from the facilities of Allentown Cement Company in Maiden Creek Township, Berks County;
- (j) Lime to the facilities of Georgia-Pacific Corporation located in Richland Township, Bucks County.

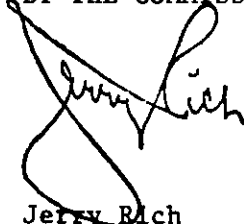

IT IS FURTHER ORDERED: That the applicant shall not engage in any service herein authorized until it has complied with the requirements of the Pennsylvania Public Utility Code and the rules and regulations of this Commission relative to the filing and acceptance of evidence of insurance and a tariff establishing just and reasonable rates.

IT IS FURTHER ORDERED: That upon compliance with the requirements above set forth, a certificate issue evidencing the Commission's approval of the right to operate as above-determined.

IT IS FURTHER ORDERED: That the authority granted herein, to the extent that it duplicates authority now held by or subsequently granted to the carrier, shall not be construed as conferring more than one operating right.

IT IS FURTHER ORDERED: That in the event said applicant has not, on or before sixty (60) days from the date of the service of this order, complied with the requirements hereinbefore set forth, the application shall be dismissed without further proceedings.

BY THE COMMISSION,

A handwritten signature in black ink, appearing to read "Jerry Rich", written over a large, stylized loop that forms a signature flourish.

ENDORSEMENT FOR MOTOR CARRIER POLICIES OF INSURANCE FOR PUBLIC LIABILITY UNDER SECTIONS 29 AND 30 OF THE MOTOR CARRIER ACT OF 1980

DEFINITIONS AS USED IN THIS ENDORSEMENT

ACCIDENT includes continuous or repeated exposure to conditions which result in bodily injury, property damage, or environmental damage which the insured neither expected nor intended.

MOTOR VEHICLE means a land vehicle, machine, truck, tractor, trailer, or semitrailer propelled or drawn by mechanical power and used on a highway for transporting property, or any combination thereof.

BODILY INJURY means injury to the body, sickness, or disease to any person, including death resulting from any of these.

ENVIRONMENTAL RESTORATION means restitution for the loss, damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This shall include the cost of removal and the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish and wildlife.

PROPERTY DAMAGE means damage to or loss of use of tangible property.

PUBLIC LIABILITY means liability for bodily injury, property damage, and environmental restoration.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Highway Administration's Bureau of Motor Carrier Safety (Bureau) and the Interstate Commerce Commission (ICC).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgment recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded for public liability does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated as cargo.

It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or any other endorsement thereon, or violation thereof, shall relieve the company from liability or from the payment of any final judgment, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgment recovered against the insured as provided herein, the judgment creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately to each accident and any payment under the policy because of any one accident shall not operate to reduce the liability of the company for the payment of final judgments resulting from any other accident.

The policy to which this endorsement is attached provides primary or excess insurance, as indicated by "X", for the limits shown:

- This insurance is primary and the company shall not be liable for amounts in excess of \$ 5,000,000 for each accident.
- This insurance is excess and the company shall not be liable for amounts in excess of \$ _____ for each accident in excess of the underlying limit of \$ _____ for each accident.

Whenever required by the Bureau or the ICC the company agrees to furnish the Bureau or the ICC a duplicate of said policy and all its endorsements. The company also agrees, upon telephone request by an authorized representative of the Bureau or the ICC, to verify that the policy is in force as of a particular date. The telephone number to call is: (207) 784-4011 Ext. 320.

Amending Policy No. AT1-741-001375-021 Effective Date 4-1-91 to 4-1-92

The Motor Carrier Act of 1980 requires limits of financial responsibility according to type of carriage and commodity transported by the motor carrier.

It is the MOTOR CARRIER's obligation to obtain the required limits of financial responsibility.

THE SCHEDULE OF LIMITS SHOWN BELOW DOES NOT PROVIDE COVERAGE.

The limits shown in the schedule are for information purposes only.

SCHEDULE OF LIMITS
Public Liability

Type of Carriage ¹	Commodity Transported	Combined Single Limit (CSL)	
		July 1, 1981	January 1, 1985
(1) For-hire (in interstate or foreign commerce)	Property (Non-hazardous)	\$ 500,000	\$ 750,000
(2) For-hire and Private (in interstate, foreign or intrastate commerce)	Hazardous substances as defined in 49 CFR 171.8, transported in cargo tanks, portable tanks, or hopper-type vehicles with capacities in excess of 3,500 water gallons; or in bulk Class A or B explosives, poison gas (Poison A), liquified compressed gas or compressed gas; or highway route controlled quantity radioactive materials as defined in 49 CFR 173.455	\$1,000,000	\$5,000,000
(3) For-hire and Private (in interstate or foreign commerce: in any quantity) or (in intrastate commerce: in bulk only)	Oil listed in 49 CFR 172.101; hazardous waste, hazardous materials and hazardous substances defined in 49 CFR 171.8 and listed in 49 CFR 172.101, but not mentioned in (2) above or (4) below	\$ 500,000	\$1,000,000
(4) For-hire and Private (in intrastate or foreign commerce)	Any quantity of Class A or B explosives; any quantity of poison gas (Poison A); or highway route controlled quantity radioactive materials as defined in 49 CFR 173.455	\$1,000,000	\$5,000,000

¹NOTE — The type of carriage listed under numbers (1), (2) and (3) apply to vehicles with a gross vehicle weight rating of 10,000 pounds or more. The type of carriage listed under number (4) applies to all vehicles with a gross vehicle weight rating of less than 10,000 pounds.

This endorsement is executed by the company below designated by an entry in the box opposite its name.

B - TYPE INSPECTION

PERFORMED AT 8000 MILE INTERVAL

The B-PM Is Done In Conjunction With A D-PM At Every 16,000 Miles. Only Those Items With Asterisk Will Be Done When Performing Periodic Broker Inspection.

IMPORTANT NOTES: All Items Marked With Asterisk Must Be Found Defect Free, Or Have Defects Corrected, For This Inspection To Qualify As An Annual Inspection As Outlined In Appendix-G Of Part 396 - Federal Motor Carrier Safety Regulations.

- Inspector Must Have AIQ # For PM To Qualify As An Annual Inspection.
- Inspector Must Have AIQ # Or A BIQ # Or He Is Not Allowed To Perform A PM.

1	Start Engine: Record oil pressure. High Idle _____ Low Idle _____ Filter Restriction Indicator _____ (Inches). Change air filter if restriction is 20 inches or more. Check governor RPM settings. Road Speed _____ PTO _____		15	* Clean & inspect all brake hoses. Replace any hose or fitting found defective. Check gladhand O-rings. Drain the air tanks.
2	Check safety appliances: Fire Extinguisher, emerg. triangles, seatbelts, horn and insure extinguisher & road kit are bolted down.		16	* Readjust brake push rod travel. Slack adjuster length must be the same across any axle. Record the position _____ and thickness of thinnest shoe _____ in. (Min. allowable thickness is 1/4") Change out any oil soaked or defective shoe.
3	* Check windshield for cracks - check windshield wipers - check air conditioning for proper operation.		17	* Check for cracked or broken brake drums. Check inside of drum for grooves and misaligned shoes.
4	* Check all lights and turn signals for proper operation. Repair as needed.		18	Fill all gear boxes, rear ends, transmissions, steering box and power steering reservoir to proper level. Correct any gear box leak. Clean differential breather.
5	* Check for fuel tank leaks, missing filler caps, insure fuel tank is mounted securely.		19	Lubricate chassis complete, service starter & check wheel seals. Clean crank case breather. Lube throw out bearing, throttle linkage, drive shaft & 5th wheel plate.
6	Check operation of low oil pressure/high engine temperature device.		20	* Check air compressor drive belts. Check for loose mounting or loose pulley. Check tractor protection valve for proper operation.
7	* Check operation of low air pressure warning device _____. (Record engagement pressure)		21	* Check 5th wheel for proper mounting - all bolts in place and tight. Check for cracks or worn king pin lock mechanism.
8	Check Operation of fan clutch.		22	* Check frame and crossmembers for cracks and loose bolts. Correct as needed.
9	* Check for exhaust leaks. Repair as needed.		23	* Check suspension for broken springs, loose U-bolts, torque arms & torque arm bushings, & spring hangers. Repair as needed.
10	Check to determine if governor/fuel pump seals are in place. Road Speed Yes/No PTO Yes/No (circle)		<div style="border: 1px solid black; padding: 5px; text-align: center;"> RECEIVED Use The D-PM Side (Reverse Side) To Note Problems Or Explain Defects. JUL 16 1994 SECRETARYS OFFICE Public Utility Commission </div>	
11	Check for water leaks & oil leaks. Tighten all hose connections. With engine turned off: check belt tension - replace any hoses, belts, idler pulleys, water pump if found defective or with excessive play. Blow out radiator core.		<div style="border: 1px solid black; padding: 5px; text-align: center;"> UNLOADING DEVICES </div>	
12	Check coolant level and SCA level. Refractometer reading: + _____ °F, SCA test kit readings: Strip A _____ Strip B _____ Install new SCA filter: <input type="checkbox"/> Service (every 8000 MI) <input type="checkbox"/> Precharge <input type="checkbox"/> N/A.		A	Inspect & tighten PTO shaft/U-joints, blower mounting bracket for cracks & loose bolts.
13	* Check tires wheels & rims. Replace any missing lugnuts/studs. Replace any missing air thru valve stem caps. Record tire air pressure and tread depth: (4/32" min) (2/32" min) (2/32" min) RFO _____ / _____ RRO _____ / _____ RF _____ / _____ RFI _____ / _____ RRI _____ / _____ LF _____ / _____ LFI _____ / _____ LRI _____ / _____ LFO _____ / _____ LRO _____ / _____ Mate tires if mismatch exists.	<div style="border: 2px solid black; padding: 5px; transform: rotate(-45deg); font-weight: bold; font-size: 1.2em;"> DOCUMENT FOLDER </div>	B	Remove & test pressure relief valve. Record pressure here: _____ (PSI)
			C	Blower & pumps - Change oil & service air filter if needed.
14	* Jack up front end - check king pins. Check for loose tie rod ends, draglink, idler arm bushings, steering-shaft and wheel play.		D	Exhaust stack turbo - using a choker, check & inspect operation of turbo & exhaust system. Correct any leaks. Record PSI

**Check D-PM Side For Additional Instructions From Foreman.
Use Blank Space To Write Up Conditions Needing Attention.**
