RE: Muirfield Energy, Inc./Gas Broker Application, Docket No. A-2014-2445211.

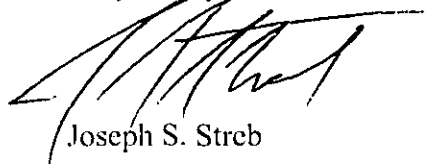

Dear Secretary:

Please be advised that I represent Muirfield Energy, Inc. with respect to the above-captioned Gas Broker Application. At the time the Application was submitted, two suppliers, PECO and National Fuel, would not commit to waive the required bond, until they had an opportunity to review the Application.

In addition to others, Muirfield Energy's Application was served upon PECO and National Fuel who have had an opportunity to review the Application. Both PECO and National Fuel have waived the bonding requirement with respect to Muirfield Energy. Enclosed herewith please find letters from both PECO and National Fuel memorializing this waiver of bond. Please add these letters with the Application of Muirfield Energy, Docket No. A-2014-2445211.

If you have any questions, please do not hesitate to contact me.

Very truly yours,

Joseph S. Streb

Re: Bonding Requirements

Dear John Streb:

PECO is aware that Muirfield Energy, Inc. applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application, Muirfield Energy, Inc. could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Muirfield Energy, Inc. has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers will not take title to any delivered natural gas; nor will accept any customer payments or deposits. Therefore, PECO has determined at this time that Muirfield Energy, Inc. does not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by Muirfield Energy, Inc. or the creditworthiness requirement for PECO's exposure to Muirfield Energy, Inc. changes in the future, PECO reserves the right to require Muirfield Energy, Inc. to provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Chris Sauerbaum at 215-841-6422 or myself at 215-841-6452.

Respectfully submitted,

A handwritten signature in cursive script that reads "Carlos P. Thillet".

Re: Security Requirement for Muirfield Energy, Inc:

Dear Perry,

National Fuel Gas Distribution Corporation ("NFGDC") is aware Muirfield Energy, Inc. (MEI) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, MEI must furnish acceptable security to each utility where MEI will do business. As such, under its tariff, NFGDC could require MEI to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC's understanding that MEI intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, MEI will never take title to any delivered natural gas.

Based upon your representations, NFGDC has determined that, at this time, MEI does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by MEI change in the future, NFGDC reserves the right to require security from MEI as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7599.

Yours truly,

Nathan E. Barnes
