Christopher B. Reilly, Commissioner  
York County Board of Commissioners  
York County Administrative Center  
28 East Market Street  
York, Pennsylvania 17401-1588

**Re: Pennsylvania PUC v. Metropolitan Edison Company, et al.,  
Docket No. R-2014-2428745 et seq.**

Dear Commissioner Reilly:

This is to acknowledge the receipt of your letter dated November 7, 2014.

As the Pennsylvania Public Utility Code at 66 Pa.C.S. § 334(c) bars *ex parte* communications in any contested on-the-record proceeding, I am forwarding a copy of the letter to counsel for the various parties of record in this case. I will also ask that the Secretary of the Commission place your letter in the informal complaints/comments folder maintained at this docket.

Please let me know if you have any questions in reference to this.

Sincerely,

Dennis J. Buckley  
Administrative Law Judge

cc: Secretary Rosemary Chiavetta

RECEIVED  
OFFICE OF ADMINISTRATIVE LAW JUDGE  
14 NOV 10 09:10:19  
PA PUA PUC

Dear Administrative Law Judge Dennis J. Buckley:

I am writing encourage you to favorably consider Metropolitan Edison's proposed rate request pending before the Pennsylvania Public Utilities Commission (PUC). Affordable, reliable electric service has always been an essential component to the success and vitality of our community. Residents and businesses alike rely on electricity more than ever. I believe Metropolitan Edison's rate request is necessary to help ensure reliable, electric service for many years to come.

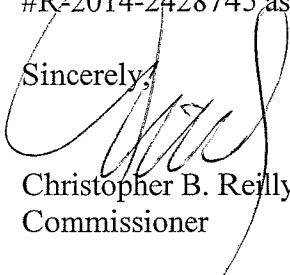

Metropolitan Edison has done an outstanding job of keeping the power flowing to our homes and businesses through the years and I acknowledge the significant effort it has taken to build and maintain the extensive electrical infrastructure that supports York County. The infrastructure itself, and the reliable service delivered, is even more astonishing when one considers that Metropolitan Edison has not had a base rate increase since 1992. Their rates have, and will continue to be, below the state's average.

No one wants to pay more than necessary for vital services such as electricity, but by Metropolitan Edison realizing additional revenues the company can ensure the continued delivery of affordable, reliable electric service, which in turn will support the continued growth and vitality of York County.

Another factor to be considered is that Metropolitan Edison, a subsidiary of FirstEnergy, has been excellent corporate citizens over the years. They annually contribute thousands of dollars in money and in-kind donations to York community causes.

Thank you for your consideration. I would appreciate if you would file this letter under docket #R-2014-2428745 as part of the formal proceeding.

Sincerely,

Christopher B. Reilly  
Commissioner
