Dear Sir or Madam,

707553

The Pennsylvania Public Utility Commission has discovered a data entry input error concerning the assessment factor for motor carrier property utilities for fiscal year 2013-14.

This number transposition error of the assessment factor for motor carrier property utilities has generated an overstatement for property and household goods authority motor carriers required to pay an assessment fee for fiscal year 2013-14. The correct assessment factor for motor carrier property utilities for fiscal year 2013-14 is 0.002281522983.

Based on your Calendar Year 2012 reported revenues (or estimated revenues where applicable) your adjustment is in the amount of \$291.00.

Since your invoice is currently past due the Commission has revised your original invoice to reflect this payment adjustment. The enclosed revised invoice is now **due by December 13, 2013**. Non-payment of the attached invoice by December 13, 2013 will initiate the possible fine of \$1,000 per day of non-payment, cancelation of your authority, notification to the Department of Revenue, Department of Transportation vehicle registration and Attorney General as defined in the PUC statute.

If you have any questions regarding this issue, please contact Mandy Freas of the Assessment Section at (717) 265-7548 or by e-mail at mfreas@pa.gov.
