

SECTION 3.0 - SERVICE AREAS

3.1 Dial Tone Line Cell Classification

Exchange Areas are classified into one of four (4) Dial Tone Line Cells which may be used to determine an Exchange Area Dial Tone Line monthly rate. The Cell classifications apply to both residential and business services and are determined by the following criteria:

Dial Tone Line Cell	Classification Criteria
1	All Philadelphia and Pittsburgh City Exchange Areas of Zones with working pairs per square mile greater than 9,000.
2	All remaining Philadelphia and Pittsburgh City Exchange Areas or Zones.
3	All Philadelphia and Pittsburgh Suburban Exchange Areas or Zones with more than 500 working pairs per square mile. Also, for those Exchange Areas with multi-central offices if one of the multi-central offices if one of the multi-central offices meets the 500 working lines per square mile criteria.
4	All remaining Exchange Areas.

Section 4 - Original Page 1

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES

4.1 Service Order and Change Charges

Non-recurring charges apply to processing Service Orders for new service, for changes in service, and for changes in the Customer's billing information.

4.1.1 Service Order Charges

Primary Service Connection Charge - applies to requests for initial connection or establishment of telephone service to the Company.

Secondary Service Connection Charge - applies to the second or additional line of a new access line installation and connection and customer requests for an inside move, change or addition to regular service. This charge applies only when the second or additional line is ordered simultaneously with the initial connection for service.

Transfer of Service Charge, Primary Line - applies to the first line of a Transfer of Service Order, (TOS) when a customer requests a move or change in physical location. This charge applies whether a customer changes telephone number or not. If, in addition, the Customer requests the telephone number be changed, a separate charge may apply.

Transfer of Service Charge, Secondary Line - applies to the second, or third, etc., line of a Transfer of Service Order, (TOS) when a customer requests a move or change in physical location. This charge applies whether a customer changes telephone number or not. If, in addition, the Customer requests the telephone number be changed, a separate charge may apply.

Technician Dispatch Charge - A separate Technician Dispatch Charge applies, in addition to all other charges for the visit, when a visit to the Customer's premises is necessary to isolate a problem reported to the Company but identified by the Company's technician as attributable to Customer-provided equipment or inside wire. This charge also applies for visits by the Company's agents or employees, at the Customer's request, to the Premises of the Customer, when the Customer fails to meet the Company's agent or employees for the prearranged appointment as requested.

Service Order Charge - This charge, applicable to Business Customers only, applies to customer requested changes in service not covered specifically on other identified non-recurring service order and change charges. This charge is applied in cases where Hunting is added after the initial order is placed.

Toll Free Directory Listing - This is a one-time charge, applicable to Business Customers, and is imposed when a Customer requests the toll free number to be listed.

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES 4.1

Service Order and Change Charges

4.1.2 Change Order Charges

Change Order Charges apply to work associated with providing exchange line service or customer-requested changes to existing services. One charge applies for each change order requested by the customer. If multiple changes listed below are requested by the Customer and occur on the same order/request one charge only applies. A Change Order Service Charge applies to the following customer-initiated changes:

Telephone Number Change Order - applies to each telephone number change | request/order.

Long Distance Minutes Pack Change Order - applies to residential Customers who | request/order a change to add or delete an LD Minutes Pack.

Listing Change Charge - applies when a Customer requests/orders a change to add or | delete a white pages listing or requests a change to add/delete listings. This charge also | applies to request for Non-Published or Non-Listed numbers.

Home Edition Change Charge - applies when a residential Customer requests/orders a | change in service from Home Edition-Basic Service to Home Edition- Standard Service | or from Home Edition - Standard Service to Home Edition - Basic Service.

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D.) 4.5

Directory Assistance Service

4.5.1 General

A Customer may obtain assistance, for a charge, in determining a telephone number by dialing Directory Assistance Service. A Directory Assistance Charge applies for each call to Directory Assistance for telephone number(s), area code(s), and/or general information requested from the Directory Assistance operator except as follows:

- .1 Requests in which the Directory Assistance operator provides an incorrect number. The Customer must inform the Company of the error in order to receive credit.
- .2 Customer experiences poor transmission or is cut-off during the call.
- .3 Charges for Directory Assistance not applicable to calls from patients in hospitals, skilled nursing homes and convalescent homes licensed by the Commonwealth of Pennsylvania or a business or residence main telephone exchange line where one of the users of the line is considered to be legally blind, visually or physically handicapped, or where the user's handicap prevents the dialing of a telephone in a conventional manner or permits only the dialing of "0". Requests for exemption must be accompanied by certification of the handicap. Acceptable certifications include those signed by a physician, issued by a state agency qualified to certify such handicaps or pre-existing certifications establishing visual or physical inability to use a directory such as those which qualify the handicapped person for an income tax exemption or social security benefits on the basis of blindness or physical disability or for use of the facilities of an agency for the blind.

Residential Customers may make up to two (2) direct dialed calls per month to Directory Assistance at no charge.

Customers will be provided with a maximum of two (2) telephone numbers for each call to Directory Assistance.

Directory Assistance Service, (Contd.)

4.5.3 Call Completion Service

Call Completion Service provides Directory Assistance Customers, for an additional charge, the ability to have the requested number dialed. The number may be dialed automatically the network equipment or manually by the Directory Assistance Operator.

Call Completion Service is provided only where the facilities and service used by the Customer can support all billing requirements.

There are no allowances for Call Completion Service, however, the Directory Assistance portion of the call is still governed by the appropriate call allowances.

Charges for Call Completion Service are not applicable to handicapped Customers exempt from Directory Assistance charges, as specified in Section 4.5.1 of this tariff.

A maximum of two (2) Directory Assistance numbers are available to Directory Assistance Customers. Automatic dialing is not available to Customers requesting a second number.

.1 Rates

The Call Completion surcharge is applied only to completed calls.

Call Completion Service surcharge, per call: \$0.70

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D.)

4.6 Operator Services

Operator Services are offered to Customers. Operator Services allow Customer to place calls using operator assistance for call completion or billing.

Usage charges and an appropriate service charge will be assessed on a per call basis, as stated in this tariff. For calls made using a telephone company card, acceptance of the card will be dependent upon the Company's ability to verify the card as valid. Only those cards accepted by the Company may be used for Operator Services. The Company reserves the right to verify acceptance of charge prior to billing charges to a third party number.

4.6.1 Operator services may be used by the presubscribed Customer to complete Person-to-Person, Operator or Mechanized Station (including Collect and Third-Party), and/or Calling Card calls.

4.6.2 Charges for Operator Assisted Calls include two components: a usage-sensitive component based upon the duration of the call; and a fixed service charge based upon the type of operator service provided.

4.6.3 The Company shall not bill the Customer for any surcharges or fees imposed by a third party.

4.6.4 Service may be suspended by the Company, without notice to the Customer, by blocking traffic to certain countries, cities, or NXX exchanges, or by blocking calls using certain Customer Authorization Codes, Calling Cards or credit cards, when the Company deems it necessary to take such action to prevent unlawful use of service. The Company shall restore service as soon as it can be provided without undue risk, and shall, upon request by the Customer affected, assign a new Authorization Code to replace the one that has been deactivated. The Company reserves the right to validate the credit worthiness of Customers through available credit card, Calling Card, called number, Third Party telephone number and room number verification procedures. Where a requested billing method cannot be validated, the Customer may be required to provide an acceptable alternate billing method or the Company may refuse to place the call.

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D.)

4.7 IntraLATA Toll Presubscription

4.7.1 IntraLATA Presubscription is a procedure whereby a Customer designates to the Company the IntraLATA Toll Provider (ITP) which the Customer wishes to be the carrier of choice for intraLATA toll calls. Such calls are automatically directed to the designated carrier without the need to use carrier access codes or additional dialing to direct the calls to the designated carrier. IntraLATA presubscription does not prevent a Customer, who has presubscribed to an intraLATA toll carrier, from using carrier access codes or additional dialing to direct calls to an alternative intraLATA toll carrier on a per call basis.

Each carrier will have one or more access codes assigned to it for various types of service. When an end user selects a carrier as its preferred intraLATA toll provider, only one access code of that carrier may be incorporated into the switching system of the Company permitting access to that carrier by the end user without dialing an access code. Should the same end user wish to use other services of the same carrier, it will be necessary for the end user to dial the necessary access code(s) to reach that carrier's other service(s).

An ITP must use Feature Group D (FGD) Switched Access Service to qualify as an intraLATA toll provider unless prior arrangements have been made with or by the Company. IntraLATA toll providers must submit an Access Service Request (ASR) prior to the intraLATA toll presubscription conversion date or prior to the date on which the carrier proposes to begin participating intraLATA toll presubscription, unless prior arrangements have been made with the Company.

Selection of an intraLATA toll provider by an end user is subject to the terms and conditions following.

4.7.2 At the option of the ITP, the nonrecurring charge for a change in intraLATA toll presubscription, as provided herein, may be billed to the ITP, instead of the end user. This may involve charges resulting from end-user initial free choice PIC changes, as specified in 6.4.3.A following.

This option for the ITP to be billed for the PIC change charge instead of the end user is not available for orders placed directly via the Company's Business Offices.

ISSUED: December 29, 2003

EFFECTIVE: January 1, 2004

STARGATE LOCAL SERVICES, LLC
24th Street Suite 300 (Crane Building)
Pittsburgh, PA 15222

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D.)

4.7 IntraLATA Toll Presubscription, (Cont=d.)

4.7.3 Presubscription Charge Application

.1 Existing end users may exercise an initial free presubscription choice, either by contacting the Company or by contacting the ITP directly. The initial free choice must be made within ninety (90) days following implementation of intraLATA toll presubscription. The charge for the initial free choice change will be billed to the new ITP at the discretion of the Company. End users' choices which constitute exercising the free initial choice are:

- Designating an ITP as their primary carrier thereby requiring no access code to access the ITP's service. Other carriers are accessed by dialing 10XXX, 101XXXX, or other required codes.
- Choosing no carrier as a primary carrier thus requiring 10XXX or 101XXXX code dialing to access all ITP's. This choice can be made by directly contacting the Company.

STARGATE LOCAL SERVICES, LLC
24th Street Suite 300 (Crane Building)
Pittsburgh, PA 15222

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D.)

4.7 IntraLATA Toll Presubscription, (Contd.)

4.7.3 Presubscription Charge Application, (Contd.)

.2 New end users who subscribe to service after the presubscription implementation date (including an existing Customer who orders an additional line) will be asked to select a primary ITP when they place an order for Company Exchange Service. IF a Customer cannot decide upon an intraLATA toll carrier at the time, the Company may extend a 30-day period following completion of the service request to make an intraLATA PIC choice without charge. In the interim, the Customer will be assigned a >No-PIC[≠] and will have to dial an access code to make intraLATA toll calls.

Initial free selections available to new end users are:

- Designate an ITP as their primary carrier thereby requiring no access code to access that ITP[≠]'s service. Other carriers are accessed by dialing 10XXX, 101XXXX, or other required codes.
- Choose no carrier as a primary carrier thus requiring 10XXX or 101XXXX code dialing to access all ITP[≠]'s. This choice can be made by directly contacting the Company. In addition, new end users that do not select a preferred carrier will be assigned a >No-PIC[≠].

Following a new end users' initial free selection, any subsequent selection made following implementation of intraLATA toll presubscription is subject to a nonrecurring charge as set forth herein.

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D.)

4.7 IntraLATA Toll Presubscription, (Contd.)

4.7.3 Presubscription Charge Application, (Contd.)

3 If an ITP elects to discontinue Feature Group D service after implementation of the intraLATA toll presubscription option, the ITP is obligated to contact, in writing, all end users who have selected the canceling ITP as their preferred intraLATA toll provider. The ITP must inform the end users that it is canceling its Feature Group D service, request that the end user select a new ITP, and state that the canceling ITP will pay the PIC change charge as provided herein. The ITP must provide written notification to the Company that this activity has taken place.

Following the ITP's discontinuance of service, the Company will bill the canceling ITP the change charge for each end user that is currently designated to the ITP at the time of discontinuance.

4 An unauthorized PIC change is a change in the presubscribed intraLATA toll provider that the end user denies authorizing. PIC disputes for end users are resolved through an investigative process.

If an unauthorized change in intraLATA presubscription occurs, the ITP making the unauthorized change will be assessed a charge for unauthorized change in presubscription as provided in 4.7.7 following. In addition, the ITP will be assessed the applicable charge for returning the end user to their preferred intraLATA toll provider.

If an unauthorized change in intraLATA toll presubscription and interLATA presubscription occurs at the same time, on the same Business/Residence line, and the presubscribed ITP is the same carrier for intraLATA and interLATA, presubscription change charges as provided herein and the Company's corresponding FCC Tariff apply. In addition, the ITP will be assessed the applicable charges for returning the end user to their preferred intraLATA toll provider as herein and the Company's corresponding FCC Tariff.

24th Street Suite 300 (Crane Building)
Pittsburgh, PA 15222

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D.)

4.7 IntraLATA Toll Presubscription, (Contd.)

4.7.4 Equal Access Recovery Charge

The Equal Access Recovery Charge is a charge to recover the costs that the Company has directly incurred in connection with the implementation of intraLATA toll presubscription. The Equal Access Recovery Charge is billed to intraLATA toll providers.

4.7.5 End User Charge Discrepancy

- .1 When a discrepancy is determined regarding an end user's designation of a preferred intraLATA toll carrier, the following applies depending upon the situation described:
 - A signed letter of authorization takes precedence over any order other than subsequent, direct customer contact with the Company.
 - When two or more orders are received for an end user line generated by telemarketing, the date field on the mechanized record used to transmit PIC change information will be used as the PIC authorization date. The order with the latest application date/time determines Customer choice.
 - If an end user denies requesting a change in intraLATA toll presubscription as submitted by an ITP, and the ITP is unable to produce a letter of authorization, signed by the end user, the ITP will be assessed all applicable change charges. The nonrecurring change charges are provided herein. The ITP will also be assessed the intraLATA toll presubscription change charge as specified herein, which was previously billed to the end user.
- .2 Verification of Orders for Telemarketing

Neither the ITP or the Company shall submit a PIC change order generated by outbound telemarketing unless and until the order has first been confirmed in accordance with the FCC's current anti-slamming practices and procedures.

Pittsburgh, PA 15222

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D.)

4.7 IntraLATA Toll Presubscription, (Contd.)

4.7.6 PIC Switchback Option-Business/Residence

PIC Switchback is an option under which no investigation activities are performed by the Company when an end user denies requesting a change in primary carrier submitted by the ITP. The ITP participating in PIC Switchback will be billed the PIC Switchback Charge, and the presubscription change charge, as specified herein, to switch the end user to the end user's previous carrier.

When the Company is contacted by an end user who denies requesting a change in ITP primary carrier, the end user will be credited the charge assessed for the disputed change in carrier, and will be switched back to the previous ITP at no charge. If this service is made available by the Company, ITP's may subscribe to or cancel PIC Switchback Service on 30 days notice to the Company by submitting a written request. A letter of authorization from the ITP will not be requested or accepted at a later date in the event of dispute of the charges assessed under the PIC Switchback option.

This option in no way relieves the ITP of the FCC requirements for:

- \$ Verifying all PIC orders obtained by outbound telemarketing prior to submitting those orders, or
- \$ Institute steps to obtain verification of orders submitted to the Company.

In addition, the end user has the option of initiating a complaint to the FCC or the Public Utility Commission concerning unauthorized changes in carrier.

Blocking "900" Information Service

4.9.1 General

Where central office facilities permit, "900" Information Service Blocking provides customers the capability to block origination of direct dialed calls to a "900" Information Service number (900-NXX-XXXX).

4.9.2 Regulations

- .1 Blocking is available on individual lines for residence and business customers where facilities permit.
- .2 When the blocking is activated, direct dialed calls to all "900" Service numbers are blocked.
- .3 Initial blocking is provided at no charge upon customer request. Subsequent requests for "900" Information Services Blocking will be provided at the rates referenced below.
- .4 Blocking service may not be available with certain multi-line business arrangements.
- .5 There is no charge to remove "900" Information Service blocking.

4.9.3 Rates

A 900 Information Service Blocking

Residence	Service Charges

Subsequent Request (per line)	\$35.00
<hr/>	
Business	
Initial Request	No Charge
Subsequent Request (per line)	\$120.00

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D.)

4.10 Custom Calling Features

The Company offers the following Custom Calling Features on a per use basis. **4.10.1**

Feature Descriptions

Return Call: Allows a Customer to return the most recent incoming call and, after dialing a code, hear an announcement of the last telephone number that called. If the Customer wishes to return the call right away, voice prompts will instruct the Customer to dial a certain digit and the call will automatically be returned.

Call Trace: Allows a Customer to initiate an automatic trace of the last call received. After receiving the call which is to be traced, the Customer dials a code and the traced telephone number is automatically sent to the Company. The Customer using Call Trace is required to contact the Company for further action. The Customer originating the trace will not receive the traced telephone number. The results of a trace will be furnished only to legally constituted authorities upon proper request by them.

Three Way Calling: Permits the end-user to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The end-user initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming.

Repeat Dialing: Permits the Customer to redial automatically the last number dialed.

Per-Call Blocking: To activate per-call blocking, a Customer dials a special code prior to placing a call. Blocking will be activated for that outgoing call only. There is no charge for using per call blocking, and it is provided on an unlimited basis.

Call Blocking- Call Blocking allows Customer to block calls from different telephone numbers. A screening list is created by Customer either by adding the last number associated with the line (incoming or outgoing) or by pre-selecting the telephone number to be blocked. Callers from such numbers hear an announcement that the calling party is not accepting calls and Customer's phone will not ring. The screening list may be edited and revised at Customer's discretion. This feature may not be available with all STARGATE LOCAL SERVICES, LLC services.

VIP Alert - Allows a customer to program telephone numbers of selected callers, enabling the customer to distinguish certain incoming calls from all others by a distinctive ring tone. This feature may not be available with all STARGATE LOCAL SERVICES, LLC services.

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D.)

4.10 Custom Calling Features, (Contd.)

4.10.3 Caller ID Blocking

A calling party may block the passage of his/her telephone number, associated main listed name and voiceback of calling identification information to users or subscribers to Optional Central Office Services which utilize Signaling System 7 (SS7) technology. Blocking will also prevent call completion through the use of Return Call Service.

Customers have two blocking options as follows: .1

Per-Call Blocking

Per-Call Blocking will prevent the display of Customers' telephone numbers on outgoing calls. This feature may be utilized at any time through the activation of a special code prior to dialing an outgoing call.

Per-Call Blocking is provided at no charge, and is automatically placed on all telephone lines by the Company.

Per-Call Blocking will not prevent the display of telephone numbers to 911 emergency service providers.

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D.)

4.10 Custom Calling Features, (Contd.)

4.10.3 Caller ID Blocking, (Contd.)

.2 Per-Line Blocking

Customers requesting Per-Line Blocking will prevent the display of their telephone numbers on all outgoing calls. The Per-Line Blocking feature may be deactivated at any time by Customers on a call-by-call basis through the activation of a special code. Blocking will be deactivated for that outgoing call only. Per-Line Blocking is provided free of any recurring charge, but is a special feature which must be ordered by Customers.

The Company will initially install Per-Line Blocking at no charge. Requests to remove Per-Line Blocking on Customer lines will be completed at no charge. Subsequent requests to re-install Per-Line Blocking will be completed at prevailing Company nonrecurring service order rates.

Per-Line Blocking will not prevent the display of originating telephone numbers to 911 emergency service providers.

Customers who use either per-call blocking or line blocking may be unable to complete calls to Caller ID Number/Caller ID Name subscribers who have activated the Anonymous Call Rejection feature of Caller ID Number/Caller ID Name Service. If a customer using blocking calls a Caller ID Number/Caller ID Name subscriber who has activated Anonymous Call Rejection, he/she will hear an announcement that the Caller ID Number/Caller ID Name subscriber is not accepting blocked calls. There are several ways to complete a call to a Caller ID Number/Caller ID Name subscriber who has activated Anonymous Call Rejection: (1) place the call through an operator; (2) place the call using a calling card; or (3) place the call without blocking. Options (1) and (2) involve charges in addition to the cost of the call.

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D.)

4.11 Intercept Referral Services

Referral Services announce to the calling party the status of a called party's number and, when appropriate, refers the calling party to a number (s) where the called party can be reached for a specified time period. These services are provided either through a recorded announcement or by a special operator. The Company Representative negotiates the type of referrals offered to customers when they permanently disconnect, temporarily suspend or change their numbers, or are involved with a media error. These customers can choose between having their numbers referred or having a disconnect message provided to the calling party. Customers whose telephone services are permanently disconnected because of nonpayment are placed on *Disconnect Announcement Service with a referral to another number.*

A. Application of Charges

1. An additional name and number referred or an extension of service are not offered after the original agreement is processed by the Company.
2. The applicable charges for services will be billed in advance as a one-time charge. Installment billing will not be provided.
3. For Number-to-Number Referral Service, customers' requests for termination of service prior to the originally agreed service termination date will be honored, and credit or reimbursement arrangements are available for the unused portion of service. However, customers are responsible for an initial one-month minimum charge, and the monthly charge for each full or partial subsequent month that service was provided. Billing is based on an entire month of service; partial month adjustments are not available.

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D.)

4.11 Intercept Referral Services

4.11.1 Basic Referral Service

Basic Referral Service uses a recorded announcement to give the caller of a disconnected, suspended or changed number, the number's status and a referral number. This service offered free for three months.

A. Rates	Monthly Charge	Nonrecurring Charge
Residence, per number	\$0.00	\$0.00
Business, per number	\$0.00	\$0.00

4.11.2 Corrective Referral Service

Corrective Referral Service provides the caller of a number that has been printed or announced incorrectly through a media source a recorded announcement of its status and a referral number. This service applies to media errors involving a number that has not been assigned to another customer. This service is available for a minimum of one (1) month to a maximum of fifteen (15) months.

A. Rates	Nonrecurring	Monthly
	<u>Charge</u>	<u>Rate *</u>
Residence, per number	\$23.50	\$10.00
Business, per number	\$50.00	\$1.050

Notes:

* The monthly rate is applied to the status of each number for the length of service requested and paid in advance. For example, if a Customer wants a referral for four (4) months, the monthly rate would be multiplied by four (4) and paid in advance.

Section 4 - Original Page 21

SECTION 4.0 - MISCELLANEOUS SERVICES AND CHARGES, (CONT'D.)

4.11 Intercept Referral Services, (Cont'd.)

4.11.3 Split Referral Service

Split Referral Service routes a call which was placed to a disconnected, suspended or changed number (s) to an announcement which states the called number's status and provides one or more referral numbers to the calling party. This service could also apply to a working number that has been printed or announced incorrectly through a media source. Service is available for a minimum of one (1) month to a maximum of fifteen (15) months.

A. Rates

1. Maximum of two names and two numbers referred. H

	Nonrecurring Charge	Monthly Rate *
Residence, per number	\$23.50	\$23.00
Business, per number	\$50.00	\$40.00

2. Additional Name and Number- each additional Name and Number Referred #

	Nonrecurring Charge	Monthly Rate *
Residence, per number	\$0.00	\$7.00
Business, per number	\$0.00	\$15.00

Notes:

* The monthly rate is applied to the status of each number for the length of service requested and paid in advance. For example, if a customer wants a referral for four (4) months, the monthly rate would be multiplied by four (4) and paid in advance.

H The monthly rate allows any combination of names and numbers referred up to a maximum of two (2) names and two (2) numbers.

The monthly rate allows one (1) additional name and one (1) additional number each. A customer may purchase up to ten (10) additional names and numbers.

SECTION 5.0 - LOCAL FACILITIES-BASED SERVICES

5.1 Stand-Alone Local Exchange Service

Stand-Alone Local Exchange Service provides the Customer with a single, analog, voice-grade telephonic communications channel which can be used to place or receive one call at a time. Stand-Alone Local Exchange Service lines are provided for the connection of Customer-provided wiring, telephones, facsimile machines or other station equipment. Local exchange service lines and trunks are provided on a single party (individual) basis only. No multi-party lines are provided.

Recurring charges for Stand-Alone Local Exchange Service are billed monthly in advance. Non-recurring charges for installation or rearrangement of service are billed on the next month's bill immediately following work performed by the Company.

Stand-Alone Service, per month:	\$37.49
Service Connection Charges, one-time charge per line Primary Line	\$79.99

A. Stand-Alone Local Exchange Service includes the following:

1. A monthly calling allowance of 100 minutes of local calling. Calls above the call allowance will be billed in sixty (60) second increments.

Local calls above 100 minutes:	\$0.010

SECTION 5.0 - LOCAL FACILITIES-BASED SERVICES 5.2

Network Exchange Bundled Service

5.2.1 General

STARGATE LOCAL SERVICES, LLC offers basic local exchange service only as part of a bundle or package of telecommunications services. All packages include local service, long distance service (interstate and intrastate toll) and selected custom calling features. Voice Mail and Optional Internet access

may be available with some packages at an additional charge. The aforementioned services are only available as part of the bundled service offering and are not available on an individual service basis. Customers will be billed directly by the Company.

The Company provides Customers with the option of obtaining a Primary Line and Secondary Line per account:

A. Primary Line

The initial residential local exchange access line per account.

B. Secondary Line

The second or additional residential local exchange access line, billed to the same address as the Primary Line, the Secondary Line will share the monthly call allowance with the Primary Line. The Secondary Line does not automatically include or share any Custom Calling Features. Feature packages may be purchased separately.

Should a Customer with both lines opt to disconnect the Primary Line, the remaining Secondary Line will automatically convert to a Primary Line with all features and functionality of such, and at the Primary Line monthly recurring rate.

Voice mail and Internet access are not regulated by the Commission.

SECTION 5.0 - LOCAL FACILITIES-BASED SERVICES

5.2 Network Exchange Bundled Service, (Cont.d)

5.2.1 General, (Contd.)

Network Exchange Bundled Service may include the calling features listed below:

These features are offered subject to availability of suitable facilities. Certain features may not be available with all classes of services.

In the event STARGATE LOCAL SERVICES, LLC adds custom calling features to its Network Exchange Bundled Services, such features will be available upon the tariff effective date (where technically feasible) to all new Customers. Existing Customers will be informed of the new features availability but must contact the Company to obtain the new features. Any Service Order Charges, which would normally apply, will be waived.

Call Forwarding - Fixed, Busy Line No Answer - This feature, when activated, redirects attempted terminating calls to another Customer-specified line. Call originating ability is not affected by Call Forwarding - Fixed, Busy Line No Answer. The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding - Fixed, Busy Line No Answer is billed for the forwarded leg of the call. Calls cannot be transferred to an International Direct Distance Dialing number.

Speed Calling - This feature allows a user to dial selected numbers by means of an abbreviated code. This feature is available in either an 8 number or a 30 number capacity. The Speed Calling list can only accommodate a number consisting of 15 digits or less.

Caller ID with Name - allows a Customer to see a caller's name and number previewed on a display screen before the call is answered allowing a Customer to prioritize and or screen incoming calls. Caller ID records the name, number, date and time of each incoming call - including calls that aren't answered by the Customer. Caller ID service requires the use of specialized CPE not provided by the company. It is the responsibility of the Customer to provide the necessary CPE. In areas where Caller ID with Name is not available, Caller ID, which only displays the incoming telephone number, will be substituted.

Section 5 - Original Page 2.2

SECTION 5.0 - LOCAL FACILITIES-BASED SERVICES

5.2 Network Exchange Bundled Service, (Cont.d)

5.2.1 General, (Cont'd.)

Network Exchange Bundled Service may include the calling features listed below, (cont'd.):

Call Forwarding - Variable - a Customer activated feature that automatically transfers all incoming calls from the Customer's telephone number to another dialable telephone number until the Customer deactivates the feature. If forwarded to a long distance number the Subscriber will incur the long distance charges.

Call Trace - Allows a called party to initiate an automatic trace of the last call received. CallTrace is available on a usage basis only. After receiving the call which is to be traced, the Customer dials a code and the traced telephone number is automatically sent to the Company for action. The Customer originating the trace will not receive the traced telephone number. The results of the trace will be furnished only to legally constituted law enforcement agencies or authorities upon proper request by them.

Call Blocking- Call Blocking allows Customer to block calls from different telephone numbers. A screening list is created by Customer either by adding the last number associated with the line (incoming or outgoing) or by pre-selecting the telephone number to be blocked. Callers from such numbers hear an announcement that the calling party is not accepting calls and Customer's phone will not ring. The screening list may be edited and revised at Customer's discretion.

Section 5 - Original Page 2.3

SECTION 5.0 - LOCAL FACILITIES-BASED SERVICES

5.2 Network Exchange Bundled Service, (Cont=d)

5.2.1 General, (Cont=d.)

Network Exchange Bundled Service may include the calling features listed below, (cont'd.):

VIP Alert - Allows a customer to program telephone numbers of selected callers, enabling the customer to distinguish certain incoming calls from all others by a distinctive ring tone.

Privacy Service- A feature which intercepts calls that are marked "private" and "out of area," or "unavailable" on Caller ID units. When unidentified callers dial the Subscribers number, they will receive an announcement informing them that the party they are calling does not accept calls from unidentified callers. They will receive a prompt to identify their name or state their intention and the service will then attempt to connect the call. Only if the caller responds will the call be connected.

The Subscriber's Caller ID will display the platform number and the name of the service. If the Subscriber chooses not to take the call the caller will hear a message which states the Subscriber is unavailable.

Privacy Service is offered subject to availability of suitable facilities. This service will be provisioned on a line-by-line basis and Customers with more than one line would need to have the service activated on each line if they want the ability to intercept unknown and blocked calls to each line.

SECTION 5.0 - LOCAL FACILITIES-BASED SERVICES, CONT=D. 5.2

Network Exchange Bundled Service

5.2.1 General, Cont'd.

Call Waiting with Caller ID with Name* - Call Waiting with Caller ID with Name provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in and allows a Customer to see a caller's name and number previewed on a display screen allowing a Customer to prioritize and or screen incoming calls. This feature permits the Customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) Customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the Customer disconnects from the call. In areas where Caller ID with Name is not available, Caller ID, which only displays the callers telephone number, will be substituted.

Three Way Calling - Permits the Customer to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The Customer initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming.

5.2.4 Star Member to Member Home Edition Service

Member to Member Service is available to all STARGATE LOCAL SERVICES, LLC Customers of a Network Exchange Bundled Service. Member to Member allows STARGATE LOCAL SERVICES, LLC Customers to call other STARGATE LOCAL SERVICES, LLC Customers without incurring per call usage charges or depleting the bundled minutes call allowance. Calls under the Member to Member option must originate on and terminate to a telephone number presubscribed to a STARGATE LOCAL SERVICES, LLC Network Exchange Bundled Service. Customers are not required to identify Customers in their calling circle. Such identification will be handled by the Company's network.

Member to Member calling between STARGATE LOCAL SERVICES, LLC Customers applies to both intrastate and interstate calling. There is no limit to the number of minutes included in Member to Member.

This service is available with STARGATE LOCAL SERVICES, LLC services where noted in the description of each service.

5.2.5 STARGATE LOCAL SERVICES, LLC Referral Program

Any existing STARGATE LOCAL SERVICES, LLC Customer who refers a potential customer to the STARGATE LOCAL SERVICES, LLC services listed below will receive a one-time credit should the referred customer subscribe to and remain a STARGATE LOCAL SERVICES, LLC customer for at least 30 days. The referred customer must provide the name of the existing StarGate Customer who made the referral upon ordering the new STARGATE LOCAL SERVICES, LLC service. The credit is applied only once to the Customer's next scheduled bill and expires with that bill. The credit does not apply separately for interstate or intrastate service and cannot be redeemed for cash.

Referral Credit: \$2.00

SECTION 5.0 - LOCAL FACILITIES-BASED SERVICES, (CONT'D.)

5.2 Network Exchange Bundled Service, (Cont'd.)

5.2.8 Star-LineBUSINESS A La Carte, (Cont'd)**

5.2.8.5 Calling Features

These features are offered subject to availability of suitable facilities. Star-LineBusiness A La Carte may include the calling features listed below:

Call Forwarding - Fixed - Call Forwarding- Fixed, when activated, redirects attempted terminating calls to another Customer-specific line. The Customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding-Fixed. The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding-Fixed is billed for the forwarded leg of the call. Calls cannot be transferred to an International Direct Distance Dialing number.

Speed Calling - This feature allows a user to dial selected numbers by means of an abbreviated code. This feature is available in an 8 number capacity. The Speed Calling list can only accommodate a number consisting of 15 digits or less.

Caller ID - Allows a Customer to see a caller's telephone number previewed on a display screen before the call is answered allowing a Customer to prioritize and or screen incoming calls. Caller ID records the number, date and time of each incoming call - including calls that aren't answered by the Customer. Caller ID service requires the use of specialized CPE not provided by the company. It is the responsibility of the Customer to provide the necessary CPE.

Call Waiting - Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. This feature permits the Customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) Customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the Customer disconnects from the call. Customers must actively choose this feature on a line-by-line basis. Call Waiting is not available on lines enabled for Rotary Hunting.

**5.2 Network Exchange Bundled Service, (Cont'd.) 5.2.8
Star-LineBUSINESS A La Carte, (Cont'd)****

5.2.8.5 Calling Features, (cont'd.)

Three Way Calling - Permits the Customer to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The Customer initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming.

Hunting - Routes a call to an idle station line in a prearranged group when the called station line is busy. This feature is available at no charge but must be requested by the Customer.

Distinctive Ring: Distinctive Ringing is a feature that allows Customer to have up to two separate phone numbers assigned to one local exchange line. Each telephone number will provide a distinctive ring on an incoming call to allow for identification of the number being called. A distinctive call waiting tone is also provided for each telephone number, where facilities permit and Customers subscribe to Call Waiting. Distinctive Ring is offered subject to availability of suitable facilities.

A. Rates

.1	Monthly Rates, per Feature:	\$4.00
.2	Monthly Rate, Feature Pack (3 or more features)	\$11.00

5.2.8.6 Guarantee Incentive Program

If a Customer is not satisfied with the STARGATE LOCAL SERVICES, LLC Business A La Carte Service, for any reason, during the first ninety (90) days of service, STARGATE LOCAL SERVICES, LLC will switch the Customer back to the Customer's previous local exchange provider at no charge. The Customer will not be required to pay any installation charges incurred when switching back to their previous local service provider. This offer only applies to installation charges on existing business lines migrated back to the local service provided subscribed to before switching to STARGATE LOCAL SERVICES, LLC. This offer does not extend to any new service lines established with STARGATE LOCAL SERVICES, LLC that are switched back to the previous provider. Customers requesting a switch to the previous provider must have a zero billed balance with STARGATE LOCAL SERVICES, LLC. Customers will be required to complete and sign a form requesting this offer. This form may be obtained by calling STARGATE LOCAL SERVICES, LLC's toll free customer service telephone number.

5.3 Star-Line Business Plus Service, (Cont'd.)

5.3.6 Calling Features

Customers subscribing to Star-Line Business Plus Service may also subscribe to the following Calling Features.

Call Forwarding - Call Forwarding, when activated, redirects attempted terminating calls to another Customer-specific line. The Customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding. The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding is billed for the forwarded leg of the call. Calls cannot be transferred to an International Direct Distance Dialing number.

Call Forwarding -Busy - Permanently routes incoming calls to a predetermined telephone number when the called line is busy.

Call Forwarding - No Answer - Permanently routes incoming calls to a specified number, selected by the Customer, when the called line is unanswered.

Speed Calling - This feature allows a user to dial selected numbers by means of an abbreviated code. This feature is available in an 8 number capacity. The Speed Calling list can only accommodate a number consisting of 15 digits or less.

SECTION 5.0 - LOCAL FACILITIES-BASED SERVICES, (CONT'D.)

5.3 Star-Line Business Plus Service, (Cont'd.)

5.3.6 Calling Features, (cont'd.)

Caller ID - Allows a Customer to see a caller's telephone number previewed on a display screen before the call is answered allowing a Customer to prioritize and or screen incoming calls. Caller ID records the number, date and time of each incoming call - including calls that aren't answered by the Customer. Caller ID service requires the use of specialized CPE not provided by the company. It is the responsibility of the Customer to provide the necessary CPE.

Call Waiting - Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. This feature permits the Customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) Customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the Customer disconnects from the call. Customers must actively choose this feature on a line-by-line basis. Call Waiting is not available on lines enabled for Rotary Hunting.

Three Way Calling - Permits the Customer to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The Customer initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming.

Hunting - Routes a call to an idle station line in a prearranged group when the called station line is busy. This feature is available at no charge but must be requested by the Customer.

5.3 Star-Line Business Plus Service, (Cont'd.)

5.3.7 Remote Call Forwarding (RCF) Service

Remote Call Forwarding allows all calls dialed to a telephone number equipped for RCF to be automatically forwarded to another dialable exchange or 800 service telephone number. The calling party pays only the applicable charges to call the number equipped with an RCF feature, while the RCF customer pays the applicable charges for the forwarded portion of the call. RCF Service is offered subject to availability of suitable facilities.

A. Usage Charges

Minutes used will be billed at the rate in effect in Section 5.3 of this tariff. **B.**

SECTION 6.0 - CONTRACT SERVICES

6.1 Contract Services

Arrangements will be developed on a case-by-case basis in response to a bona fide special request from a Customer or prospective Customer to develop a competitive bid for a service not generally offered under this tariff. Contract Service rates will be offered to the Customer in writing and on a non-discriminatory basis.

6.1.1 Contract Service Arrangements

At the option of the Company, service may be offered on a contract basis to meet specialized requirements of the Customer not contemplated in this tariff. The terms of each contract shall be mutually agreed upon between the Customer and Company and may include discounts off of rates contained herein, waiver of recurring or nonrecurring charges, charges for specially designed and constructed services not contained in the Company's general service offerings, or other customized features. The terms of the contract may be based partially or completely on the term and volume commitment, type of originating or terminating access, mixture of services or other distinguishing features. Service shall be available to all similarly situated Customers for six months after the initial offering to the first contract Customer for any given set of terms.
