To whom it may concern:

I am writing this letter to voice my opinion + unhappiness in PUC. I have had my PUC # and my DOT # for several years. I have done everything to my knowledge that was required until recently.

I am enclosing my check for \$721.00 (2011+2012) as required so I do not receive penalties. The pmt is late because.. 1.) I was told if I paid the UCR tax I was not required to pay the PUC. It was one of those that had to be paid not both. 2.) I do not feel that a "PUC" driver/owner carriers are not treated fair. There are more + more "non-PUC" drivers driving for the amish everyday. They do not have to pay into PUC or pay a UCR tax or carry commercial insurance. This is what is so disturbing + unfair to me.

I was to call into the PUC office and inform them of non PUC drivers but that is a total joke. You are told to get a picture of the drivers plate from the back of the vehicle while the amish is in it. Well that is a double edge sword

in itself because if the amish see you doing this, they will not call you as a driver and <sup>non-PUC</sup> the person that is already driving them charges a totally ridiculous lower price that a PUC driver cannot compete with.

I have already been told several times by the officer that inspects our vehicles that they are swamped with a huge stack of complaints + pictures + not enough man power. In the mean time, PUC drivers are trying to make a honest living by following the rules, but competing with these "non"-PUC drivers is getting to be impossible.

In closing, I feel that there has to be some way that the "Non" PUC carriers can be taken off the roads, or let them get PUC + DOT #'s also. In talking to a "non" PUC carrier, they state as long as they have a DOT # they do not need a PUC #! If this is true, why do I need both #'s??

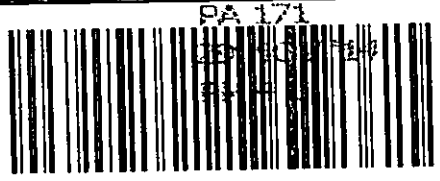

Thank You + Very Frustrated,

---
