SECRETARY'S BUREAU

Dear Mr. Duncan:

DOCUMENT FOLDER

Verizon North Inc., f/k/a GTE North Incorporated ("Verizon"), has received your letter stating that, under the terms of the Pennsylvania Public Utility Commission's (the "Commission") Order Approving the Merger of Bell Atlantic Corporation and GTE, dated November 4, 1999, in Docket Nos. A-310200F0002, A-310222F0002, A-310291F0003, and A-311350F0002 (the "Commission Order"), D-Tel, LLC ("D-Tel") wishes to provide services to customers in Verizon's territory by adopting the non-price terms of the Interconnection Agreement between Level 3 Communications, LLC ("Level 3") and Verizon Pennsylvania Inc., f/k/a Bell Atlantic-Pennsylvania, Inc. ("Verizon PA") that was approved by the Commission as an effective agreement in the Commonwealth of Pennsylvania, as such agreement exists on the date hereof after giving effect to operation of law (the "Verizon PA Terms"). I understand you have a copy of the Verizon PA Terms. In addition, a copy of Verizon's pricing terms is attached. Please note the following with respect to your adoption of the Verizon PA Terms:

1. By your countersignature on this letter, you hereby represent and agree to the following three points:
 - (A) Pursuant to the Commission's Order, dated November 4, 1999, in Docket Nos. A-310200F0002, A-310222F0002, A-310291F0003, and A-311350F0002, D-Tel agrees that the Verizon PA Terms made available for adoption hereunder do not include: (1) any pricing terms from the Interconnection Agreement between Level 3 and Verizon PA (and,

instead, Verizon's attached pricing terms will be used); (2) any arbitrated terms from the Verizon PA Terms; (3) any non-price Verizon PA Terms that Verizon cannot technically accommodate with its current network configuration; nor (4) any terms from the Verizon PA Terms that would purport to require Verizon to provision a UNE-P in Verizon's service territory. Subject to the foregoing, D-Tel adopts in the service territory of Verizon, the Verizon PA Terms, as it in effect on the date hereof after giving effect to operation of law, and in applying the Verizon PA Terms, agrees that D-Tel shall be substituted in place of Level 3 Communications, LLC and Level 3 in the Verizon PA Terms wherever appropriate.

- (B) Notice to D-Tel and Verizon as may be required under the Terms shall be provided as follows:

Suite 500

Facsimile: 703/351-3664

- (C) D-Tel represents and warrants that it is a certified provider of local telecommunications service in the Commonwealth of Pennsylvania, and

that its adoption of the Verizon PA Terms will only cover services in the service territory of Verizon in the Commonwealth of Pennsylvania.

2. D-Tel's adoption of the Verizon PA Terms shall become effective on October 8, 2001. Verizon shall file this adoption letter with the Commission promptly upon receipt of an original of this letter countersigned by an authorized officer of D-Tel. The Level 3/Verizon PA agreement is currently scheduled to terminate on September 30, 2002.
3. As the Verizon PA Terms are being adopted by you pursuant to your rights under the Commission's Order, Verizon does not provide the Verizon PA Terms to you as either a voluntary or negotiated agreement. The filing and performance by Verizon of the Verizon PA Terms does not in any way constitute a waiver by Verizon of its position as to the illegality or unreasonableness of the Verizon PA Terms or a portion thereof, nor does it constitute a waiver by Verizon of all rights and remedies it may have to seek review of the Verizon PA Terms, or to seek review in any way of any provisions included in these Verizon PA Terms as a result of D-Tel's election under the Commission Order.
4. On January 25, 1999, the Supreme Court of the United States ("Court") issued its decision on the appeals of the Eighth Circuit's decision in *Iowa Utilities Board*. Specifically, the Supreme Court modified several of the FCC's and the Eighth Circuit's rulings regarding unbundled network elements and pricing requirements under the Act. *AT&T Corp. v. Iowa Utilities Board*, 119 S. Ct. 721 (1999). Certain provisions of the Verizon PA Terms may be void or unenforceable as a result of the Court's decision of January 25, 1999, the United States Eighth Circuit Court of Appeals' decision in Docket No. 96-3321 regarding the FCC's pricing rules, and the current appeal before the Supreme Court of the United States regarding the FCC's UNE rules. Moreover, nothing herein shall be construed as or is intended to be a concession or admission by Verizon or Verizon PA that any provision in the Verizon PA Terms complies with the rights and duties imposed by the Act, the decisions of the FCC and state Commissions, the decisions of the courts, or other law, and Verizon expressly reserves its full right to assert and pursue claims arising from or related to the Verizon PA Terms.
5. Verizon reserves the right to deny D-Tel's adoption and/or application of the Verizon PA Terms, in whole or in part, at any time:
 - (A) if the provision of the Verizon PA Terms to D-Tel is not technically feasible;
 - (B) to the extent negotiations which led to the Interconnection Agreement between Level 3 and Verizon PA, from which the Verizon PA Terms derive, were commenced on or before July 29, 1999;
 - (C) to the extent that any terms from the Verizon PA Terms purport to require Verizon to provision a UNE-P in Verizon's service territory; and/or

(D) if Verizon otherwise is not obligated to permit such adoption and/or application under the Commission Order or under applicable law.

6. For avoidance of doubt, please note that adoption of the Terms will not result in reciprocal compensation payment for Internet Traffic. Any compensation to be paid for Internet traffic will be handled pursuant to the terms of the *FCC Remand Order*, not pursuant to adoption of the Terms.¹
7. Should D-Tel attempt to apply the Verizon PA Terms in a manner that conflicts with paragraphs 3-6 above, Verizon North reserves its rights to seek appropriate legal and/or equitable relief.

In the event that a voluntary or involuntary petition has been or is in the future filed against D-Tel under bankruptcy or insolvency laws, or any law relating to the relief of debtors, readjustment of indebtedness, debtor reorganization or composition or extension of debt (any such proceeding, an "Insolvency Proceeding"), then: (i) all rights of Verizon under such laws, including, without limitation, all rights of Verizon under 11 U.S.C. § 366, shall be preserved, and D-Tel's adoption of the Verizon PA Terms shall in no way impair such rights of Verizon; and (ii) all rights of D-Tel resulting from D-Tel's adoption of the Verizon PA Terms shall be subject to and modified by any Stipulations and Orders entered in the Insolvency Proceeding, including, without limitation, any Stipulation or Order providing adequate assurance of payment to Verizon pursuant to 11 U.S.C. § 366.

¹ Order on Remand and Report and Order, In the Matters of: Implementation of the Local Competition Provisions in the Telecommunications Act of 1996 and Intercarrier Compensation for ISP-Bound Traffic, CC Docket No. 99-68 (rel. April 27, 2001) ("*FCC Remand Order*"). For your convenience, an industry letter distributed by Verizon explaining its plans to implement the *FCC Remand Order* can be viewed at Verizon's Customer Support Website at URL www.verizon.com/wise (select Verizon East Customer Support, Resources, Industry Letters, CLEC).

Please arrange for a duly authorized representative of D-Tel to sign this letter in the space provided below and return it to the undersigned.

Sincerely,

VERIZON NORTH INC.

Verizon has agreed to use and to incorporate herein such arbitrated rates subject to the following: The Parties expressly agree (1) that such arbitrated rates shall not be deemed to have been voluntarily negotiated by the Parties and such arbitrated rates are not subject to interstate MFN obligations under Appendix D, Sections 31 and 32, of the Merger Order, as set forth more fully in Section 37.2 of the General Terms and Conditions; and (2) that, for purposes of calculating Reciprocal Compensation, the arbitrated rates shall not apply to Internet Traffic, as set forth more fully in Section 7.3.4 of the Interconnection Attachment. Application of NRCs

Preordering:

CLEC Account Establishment is a one-time charge applied the first time that D-Tel orders any service from this Agreement.

Customer Record Search applies when D-Tel requests a summary of the services currently subscribed to by the end-user.

Ordering and Provisioning:

Initial Service Order (ISO) applies to each Local Service Request (LSR) and Access Service Request (ASR) for new service. Charge is Manual (e.g. for a faxed order) or Semi-Mechanized (e.g. for an electronically transmitted order) based upon the method of submission used by the CLEC.

Subsequent Service Order applies to each LSR/ASR for modifications to an existing service. Charge is Manual or Semi-Mechanized based upon the method of submission used by the CLEC.

Advanced ISO applies per LSR/ASR when engineering work activity is required to complete the order.

Exchange ISO applies per LSR/ASR when no engineering work activity is required to complete the order.

Provisioning – Initial Unit applies per ISO for the first unit installed. The Additional Unit applies for each additional unit installed on the same ISO.

Basic Provisioning applies to services that can be provisioned using standard network components maintained in inventory without specialized instructions for switch translations, routing, and service arrangements.

Complex Provisioning applies to services that require special instruction for the provisioning of the service to meet the customer's needs.

Examples of services and their Ordering/Provisioning category that applies:

Exchange-Basic: 2-Wire Analog, 4-Wire Analog, Standard Subloop Distribution, Standard Subloop Feeder, Drop and NID.

Exchange-Complex: Non-loaded Subloop Distribution, Non-load Subloop Feeder, Loop Conditioning, Customized Routing, ISDN BRI Digital Line Side Port and Line Sharing.

Advanced-Basic: 2-Wire Digital Loop, 4-Wire Digital Loop

Advanced-Complex: DS1 Loop, DS3 Loop, Dark Fiber, EELs, and ISDN PRI Digital Trunk Side Port

Conditioning applies in addition to the ISO, for each Loop or Subloop UNE for the installation and grooming of Conditioning requests.

DS1 Clear Channel Capability applies in addition to the ISO, per DS1 for the installation and grooming of DS1 Clear Channel Capability requests.

Changeover Charge applies to UNE-P and EEL orders when an existing retail, resale, or special access service is already in place.

Service Inquiry – Dark Fiber applies per service inquiry when a CLEC requests Verizon to determine the availability of dark fiber on a specific route.

Custom Handling (These NRCs are in addition to any Preordering or Ordering and Provisioning NRCs):

Service Order Expedite applies if D-Tel requests service prior to the standard due date intervals and the expedite request can be met by Verizon.

Coordinated Conversion applies if D-Tel requests notification and coordination of service cut-over prior to the service becoming effective.

Hot Coordinated Conversion First Hour applies if D-Tel requests real-time coordination of a service cut-over that takes one hour or less.

Hot Coordinated Conversion Per Additional Quarter Hour applies, in addition to the Hot Coordinated Conversion First Hour, for every 15-minute segment of real-time coordination of a service cut-over that takes more than one hour.

Non-recurring charges are one-time charges that apply for specific work activity. Non-recurring charges for the Fiber Optic Patchcord Cross Connect are due and payable upon delivery to the CLEC.

Fiber Optic Patchcord Pull/Termination – Engineering. The Fiber Optic Patchcord Pull/Termination – Engineering Charge is to recover the engineering costs incurred per project for the pull and termination of a fiber optic patchcord from the CLECs collocation arrangement to Verizon’s Fiber Distribution Panel (FDP).

Fiber Optic Patchcord Pull. The Fiber Optic Patchcord Pull Charge is applied per fiber run and recovers the labor cost of placing the fiber from the collocation arrangement to Verizon’s FDP.

Fiber Optic Patchcord Termination. The Fiber Optic Patchcord Termination Charge is applied per fiber connector termination and recovers the labor cost to terminate the fiber connection.

Fiber Optic Patchcord Material Charge. The CLEC has the option of providing its own fiber optic patchcord or Verizon may, at the request of the CLEC, provide the necessary fiber optic patchcord cables in exchange for the Fiber Optic Patchcord Material Charge. The Fiber Optic Patchcord Material Charge is applied on a per fiber cable basis to recover the material cost of a 24 fiber pair cable.

Monthly Recurring Charges

The following are monthly charges that apply each month or fraction thereof that the Fiber Optic Patchcord Cross Connect arrangement is provided.

Facility Termination – Fiber Optic Patchcord. The Facility Termination – Fiber Optic Patchcord Charge is applied per FDP port into which the fiber cable is connected. This charge recovers the labor and material cost of the FDP per port.

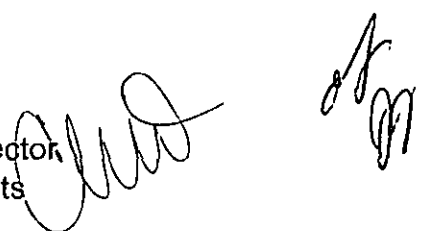

Fiber Optic Patchcord Duct Space. The Fiber Optic Patchcord Duct Space rate element is applied per fiber cable and recovers the cost for the central office fiber duct space occupied by the fiber optic patchcord.
