Pennsylvania Public Utility Commission
52 Pa. Code §53.61, et seq.

Item 53.64(c) Thirty days prior to the filing of a tariff reflecting an increase or decrease in natural gas costs, each Section 1307(f) gas utility seeking recovery of purchased gas costs under that section shall provide notice to the public, under § 53.68 (relating to notice requirements), and shall file the following supporting information with the Commission, with a copy to the Consumer Advocate, Small Business Advocate and to intervenors upon request:

- (4) An annotated listing of Federal Energy Regulatory Commission or other relevant non-Commission proceedings, including legal action necessary to relieve the utility from existing contract terms which are or may be adverse to the interest of its ratepayers, which affect the cost of the utility's gas supply, transportation or storage or which might have an impact on the utility's efforts to provide its customers with reasonable gas service at the lowest price possible. This list shall include docket numbers and shall summarize what has transpired in the cases, and the degree of participation, if any, which the utility has had in the cases. The initial list filed under this paragraph shall include cases for the past 3 years. Subsequent lists need only update prior lists and add new cases.

Response:

The February 1, 2014 filing includes a CD containing a PDF of PGW's FERC Book (due to the size of the FERC Book). The FERC Book provides a synopsis of all cases pending before the Federal Energy Regulatory Commission. The CD will be provided to the parties on the service list and a hard copy will be provided upon request.

Docket No.RP14-442
Posting of Offers to Purchase Capacity
FERC – Order to Show Cause

DATE FILED: March 20, 2014

BACKGROUND:

On March 20, 2014, the Commission issued an Order to Show Cause to address certain natural gas and electric industry coordination challenges that arise, in part, from increased reliance on natural gas for electricity generation. In the Order the Commission initiated a show cause proceeding and is requiring that all interstate pipelines submit filings to the Commission, within 60 days of the Order, either revising their respective tariffs to provide for the posting of offers to purchase released capacity, or otherwise demonstrating that they are in full compliance with 18 C.F.R. § 284.8(d). PGW purchases firm transportation services from various interstate pipelines and therefore has a direct interest in this proceeding. Without an opportunity for adequate presentation of its position, PGW may be adversely affected by any action taken in this proceeding. The interests of PGW will not be adequately represented by any other party. PGW therefore avers that its intervention is in the public interest and is necessary and appropriate to the administration of the Natural Gas Act, as amended.
