

§53.64(c) (11) If any rate structure or rate allocation changes are to be proposed, a detailed explanation of each proposal, reasons therefore, number of customers affected, net effect on each customer class, and how the change relates to or is justified by changes in gas costs proposed in the Section 1307(f) tariff filing. Explain how gas supply, transportation and storage capacity costs are allocated to customers which are primarily non-heating, interruptible or transportation customers.

Response:

Columbia has not proposed any rate structure or rate allocation changes in this filing. However, should the Commission determine that Columbia's current rate allocation methodology should change; Columbia has addressed a proposed treatment and calculation of the additional Off System Sales and Capacity Release Credit to CHOICE customers in Exhibit 16.
