**Re: Pipeline Act 2013 Registration for Triana Energy, LLC
McKean County Pipeline Project (Docket # A-2012-2293762)**

Dear Mr. Metro:

This letter is in regard to the registration of Triana Energy, LLC ("Triana") at the request of the PUC.

Triana has reviewed Act 127 and PUC's regulatory jurisdiction in regard to Triana's pipeline project in Pennsylvania. At this time, Triana has no pipeline facility or project that falls within the requirements of Act 127 or the PUC's jurisdiction. However, in good faith and out of an abundance of caution, Triana continues to register our company and the pipeline located in McKean County, Pennsylvania. No other projects have been completed in Pa.

Further, it is Triana's understanding and belief that pursuant to the Act, the PUC regulations, and our previous conversations that there will be no fees assessed or inspections of this project.

Please feel free to contact me at your convenience to discuss this matter further.

Sincerely,

Rachelle A. King
Director of Regulatory Affairs
