RE: Docket No. C-2015-2469622

I Dommonick Chatman, I have sent this letter in response to the complaint filed against Central PA Transport LLC. I am the owner. Unfortunately, I had to stop the service and sale the van because of mechanical problems. My goal is to purchase another van within the next 90 days and resume operations. I called the PUC in February in an attempt to ask how I should go about "freezing" the service and my PUC number, if possible, until I purchase another vehicle. Please inform me if this letter satisfies documentation requirements for me to postpone services until a new vehicle is purchased.

Sincerely,

Dommonick Chatman
