Dear Ms Chiavetta

I am responding to the formal complaint that was filed against me on March 10, 2015 by the Public Utility Commission Docket No. C-2015-2470274.

In response to this complaint, I in no way tried to deceive this commission by not having proper insurance or by not filing the proper insurance credentials to keep my commission in tact. My insurance policy #QC0007364 began on December 30, 2014 and expires December 30, 2015. It appears to me that my agent did not file the application with the commission, upon speaking with him he informed me that it was kicked back because of a misspelling of my name. I believe that it should have been filed when the policy began and I was under the impression that it was until I received your notice and I went to my agent and he was supposed to take care of it and I found out from your letter that my commission was under suspension as of March 10, 2015. I had no knowledge that there was no proof of insurance was not registered with your commission and in no way tried to defraud this commission, I ask that you accept my apologies in this matter and that hopefully the complaint will be dismissed because the error was not do to my disregard for the rules of the commission.

Sincerely,

Gerald Turner
